ANNUAL ELEMENT PROGRESS REPORT
Housing Element Implementation

This table is auto-populated once you enter your jurisdiction name and current year data. Past year information comes from previous APRs.

Please contact HCD if your data is different than the material supplied here

Table B
Regional Housing Needs Allocation Progress
Permitted Units Issued by Affordability

		1		2									3	4
Income Level		**RHNA Allocation by Income Level**		**2016**	**2017**	**2018**	**2019**	**2020**	**2021**	**2022**	**2023**	**2024**	**Total Units to Date (all years)**	**Total Remaining RHNA by Income Level**
Very Low	Deed Restricted	1,351	-	-	-	-	-	58	-	-	-	-	58	1,293
	Non-Deed Restricted		-	-	-	-	-	-	-	-	-	-		
Low	Deed Restricted	966	-	-	-	-	-	61	-	-	-	-	61	905
	Non-Deed Restricted		-	-	-	-	-	-	-	-	-	-		
Moderate	Deed Restricted	886	-	-	-	-	-	-	-	-	-	-	733	153
	Non-Deed Restricted		-	-	145	-	18	492	78	-	-	-		
Above Moderate		2,348	-	-	82	603	650	499	656	628	-	-	3,118	-
Total RHNA		**5,551**												
Total Units			**-**	**-**	**227**	**603**	**668**	**1,110**	**734**	**628**	**-**	**-**	**3,970**	**2,351**

Progress toward extremely low-income housing need, as determined pursuant to Government Code 65583(a)(1).

	5										6	7
	Extremely low-Income Need		**2016**	**2017**	**2018**	**2019**	**2020**	**2021**	**2022**	**2023**	**2024**	**Total Units to Date**	**Total Units Remaining**
Extremely Low-Income Units*	676		-	-	-	-	-	-	-	-	-	**-**	**676**

*Extremely low-income houisng need determined pursuant to Govermnet Code 65583(a)(1). Value in Section 5 is default value, assumed to be half of the very low-income RHNA. May be overwritten.

Note: units serving extremely low-income households are included in the very low-income RHNA progress and must be reported as very low-income units in section 7 of Table A2. They must also be reported in the extremely low-income category (section 13) in Table A2 to be counted as progress toward meeting the extremely low-income housing need determined pursuant to Government Code 65583(a)(1).

Please note: For the last year of the 5th cycle, Table B will only include units that were permitted during the portion of the year that was in the 5th cycle. For the first year of the 6th cycle, Table B will only include units that were permitted since the start of the planning period. Projection Period units are in a separate column.

Please note: The APR form can only display data for one planning period. To view progress for a different planning period, you may login to HCD's online APR system, or contact HCD staff at apr@hcd.ca.gov.

Reporting Year	2022	(Jan. 1 - Dec. 31)

Table D

Program Implementation Status pursuant to GC Section 65583

Housing Programs Progress Report

Describe progress of all programs including local efforts to remove governmental constraints to the maintenance, improvement, and development of housing as identified in the housing element.

1	2	3	4
Name of Program	**Objective**	**Timeframe in H.E**	**Status of Program Implementation**
H1.1.a - Evaluate for Multi-Family Housing Development	The City will complete evaluation of vacant and underutilized parcels throughout the City to determine suitability and feasibility for potential multi-family development, considering at least, but not limited to, location, size, circulation, and available infrastructure. Staff will monitor and evaluate whether the higher density sites are providing realistic development opportunities for low-income households through the general plan annual review process (Government Code 65400). In addition, staff will work to educate the public and decision-makers about affordable housing, especially multi-family developments, to help alleviate “NIMBYism” when developments are proposed and to ensure decisions regarding developments are made based on adopted plans and policies. The City will encourage developments devoted exclusively to Senior housing.	Ongoing	The City maintains a listing of vacant sites for residential development. The City strives to update the list on an annual basis. The City recently reviewed Table 9.4.4 and 9.4.8 of the Housing Element and concluded that the City still has sufficient land designated for multi-family development to meet the RHNA requirement for Extremely-Low, Very-Low, and Low-income households. However, if any of the sites are developed at market rate, the City would need to look to zone additional land for multi-family development in the near future to ensure the City could meet its RHNA allocation. The City advises developers of multi-family projects to host neighborhood meetings to help educate the neighborhood on their project. The City participates in these meetings by answering questions and helping to provide education about multi-family projects. The Planning Department provides information at the front counter and on our website to educate the public about NIMBYism. The City also provides a Tentative Subdivision Activity List and Development Activity List on the Planning Department website. Additionally, the City has streamlined the approval process for many projects requiring a discretionary review; rather than requiring a Conditional Use Permit before the Planning Commission or a Site Plan Review Permit, a staff level approval, is required.

H1.1.b - Promote the use of Residential Planned Development Zoning	Expedite processing of Residential Planned Development (RPD) permits to encourage innovative site planning, multi-level developments, clustered housing design and planned open space. Evaluate the use of incentives, such as allowing higher densities, or other incentives determined to be appropriate, to developers providing child care centers within their development. Provide more education to the public and decision-makers regarding the benefits of small lot developments.	Ongoing	The City's building permit review process has been streamlined to allow for master plan reviews. This allows the developer to submit specific house plans or in the case of multi-family development, specific building plans for review, then pull subsequent building permits with only a site plan and any other required documents for an expedited review. This process is used within all zones in the City. The City encourages higher density developments and the inclusion of childcare centers within multi-family developments, but has not yet developed an incentive program for such. The City is receptive to small lot developments and has included a section in the Zoning Ordinance (updated in 2016) to address small lot single-family homes. Recent updates to the Zoning Ordinance allow duplexes to be constructed on a single-family lot within an R-1 zone "by right" (only building permit review required). The City has continued to updat the Zoning Ordinance to be in compliance with state law regarding ADU's and JADU's.
H1.1.c - Encourage Mixed Use Development	Expand the use of mixed-use residential/office/retail developments in the City's core downtown and other appropriate commercial centers to support both affordable housing and economic development goals through priority permit processing. Proposed amendments to the City's Zoning Ordinance would allow residential uses as a principally permitted use in Central Commercial (C-C) zone which encompasses most of the downtown area and would be consistent with the City's Downtown Strategy. The City will promote development consistent with the "Downtown Strategy." In addition, proposed changes in the Zoning Ordinance update would reduce the parking requirements for residential developments near approved transit stops. The use of other incentives will be reviewed.	Adoption of Zoning Ordinance update in 2016 / Development consistent with the "Downtown Stragegy" - ongoing	In 2016, the City adopted a comprehensive update to the City's Zoning Ordinance. This update included allowing multi-family development as a permitted use in the Central Commercial Zone (most of the downtown area). The update also included parking reductions for mixed-use developments and developments near transit stops. The City continues to promote development in the downtown area to include more housing and mixed-use developments. In 2020, the former Tioga Hotel, Tioga Apartments, opened its doors as an apartment complex in the downtown area providing approximately 79 units. Also, in 2020, a mixed-use development (The Hub) that included 200 market rate units was approved in the northeast section of the City and is currently under construction. A mixed-use project was approved in 2020 at the Northeast corner of G & Yosemite Avenue. This project consists of approximately 21 acres with a mixture of retail commercial, restaurants, a car wash, and hotel. In addition 96 multi-family units are proposed. The retail portion of the project is currently under construction with several of the buildings completed. Another mixed-use development on Yosemite Avenue between Compass Pointe Dr. and El Redondo Ave. was approved in recent years, but has not been constructed. This development would include a gas station, car wash, and 220 multi-family units.

H1.1.d - Review and Update the City's Zoning Ordinance to Assure Compliance with State Law	Review Zoning Ordinance at least annually to assure compliance with state law. Complete comprehensive Zoning Ordinance update.	Completion of Zoning Ordinance Update by 2016 and annually thereafter.	The City completed the comprehensive Zoning Ordinance Update and the new Zoning Ordinance became effective October 19, 2016. The City does an annual review to ensure compliance with state laws and would make any amendments necessary to implement any new laws. In 2019 the City updated the ADU Ordinance and made updates in 2020 and 2021 to comply with changes to state law. The City was awarded SB2 Grant Funds which will be used to update the Zoning Ordinance to provide provisions for tiny home development, expand the development of duplexes in single-family zones as a "by-right" development, streamline small-lot development, and update the tentative subdivision map process. The City also implemented a procedure for reviewing SB 35 applications in 2020, and has updated the Zoning Ordinance to allow duplexes in R-1 (single-family) zones, and updated design standards for residential to remove certain barriers to construction.
H1.1.e - Encourage Alternate Housing Types	Through priority permit processing, encourage the development of alternate housing designs that can be built on smaller footprints. The Planning Division will inform potential developers of the benefits/cost savings of alternate housing designs and smaller footprints fostering a larger return on investment (ROI) with more units per acre, thus providing more affordable housing. Priority processing saves developers time and money to help keep development affordable and is also important for them to meet State and Federal tax credit deadlines. The City's "Small Lot Design Guidelines" have been incorporated in the comprehensive Zoning Ordinance update and setback requirements have been increased providing more open space to encourage the public to be more accepting of the small lot design concept. Additionally, staff will encourage developments to build 2 and 3-story houses to provide more floor area on a smaller lot.	Priority Processing - ongoing / Adoption of Zoning Ordinance 2016	The updated Zoning Ordinance included a section on small lots to make the development of these lots easier for developers. This section provides development standards and guidelines for small lot developments. Small lot developments require Conditional Use Permit approval which can typically be obtained within 60 to 90 days, as opposed to a zone change process which could take up to 4 to 6 months. The City has also added a section to the Zoning Ordinance for Accessory Dwelling Units (ADU's) in compliance with state requirements. The City continues to update this ordinance in compliance with state law. Additionally, the City has plans to add a section to provide for the development of tiny homes. Although the Tiny Homes Ordinance has not been completed to date, the City has been working on an "off the shelf" design for ADU's, Duplexes, and Triplexes. This would allow property owners to use a design alread approved by the City making the development of an ADU much quicker and easier. Additionally, beginning Jan. 1, 2023, Public Facilities Impact Fees (PFIF) for homes smaller than the average size of 1,920 s.f. would be charged a reduced fee proportional to the percent below the average signle-family home size. There is also no PFIF required for ADU's small thant 750 s.f. An ADU larger than 750 s.f. is charged proportionally.

H1.1.f - Encourage the Use of the Density Bonus Provision to allow a 50% increase in the number of units allowed in medium and high density zones dedicated exclusively for Senior Housing, if at least 50% of the units are affordable to very low-income households.	Complete the adoption of the Draft Zoning Ordinance which includes a provision to allow a reduction in the number of parking spaces for “low demand” uses. Senior housing could be considered “low demand,” and be eligible for such a reduction.	Adoption of Zoning Ordinance update in 2016	The updated Zoning Ordinance brought the City's Density Bonus requirements into compliance with state law. The City continues to monitor changes to the Density Bonus law and make updates as needed. The updated Zoning Ordinance also has provisions for parking reductions when there is a low-demand use such as senior housing or when located near a transit stop. In 2022, the City approved 3 Density Bonus applications for a total of 193 units.
H1.1.g - Work with UC Merced to Develop a Student Housing Plan	City staff will work with representatives of UC Merced to consider the development of a Student Housing Plan. The plan should address issues of student housing within residential neighborhoods. It should include programs to educate students on being good neighbors. It should also address the need to locate fraternity/sorority housing within Medium-High and High Density Zones until such time as they can be supported on campus.	December 2018	The City has coordinanted discussions with developers to provide multi-family student housing developments. The City will work to with the developers to provide housing for make contact with the UC to discuss the issues related to student housing in residential neighborhoods. In 2021, the City Council directed staff to begin the process to annex the UC Merced Campus using the provisions of AB 3312, which should lead to more coordination between the City and UC on many issues. The City is currently working on that annexation and is expecting the annexation to be completed within the next 6-9 months (+/-).
H1.1.h - Encourage the use of the City's Lot Split Process (Parcel Map) to subdivide large parcels into smaller parcels that would be more likely to be developed for affordable housing.	Encourage developers of affordable housing to consider subdividing large lots into smaller lots more suitable for affordable housing. This process is done through a staff-level approval with no public hearings before the City Council or Planning Commission. The process takes approximately 3 weeks.	Ongoing	The City's Lot Split process continues to be available to all property owners to create smaller parcels for development. Lot Split applications are reviewed by the Minor Subdivision Committee, a staff level committee, which helps to expedite the process. The City is also familiar with the lot split process enacted by SB 9. Although the City has not processed any lot splits in accordance with SB 9, we continue to review projects to determine if such a lot split would be beneficial.

H1.2.a - Review Design Standards, Update for Affordability	Deviations to improvement standards contained in the Subdivision Ordinance may currently be granted by the Planning Commission through the Tentative Subdivision Map process. To reduce the need for multiple case-by-case considerations, continue periodic review of infrastructure and road requirements. Identify potential revisions to reduce construction/improvement costs for new development without negative impact to quality or capacity.	Annually	The City's Engineering Department does an annual review of the City Standards. The City is currently working on a comprehensive update of all the City Standards. It is anticipated that the revised City Standards would be adopted in 2023.
H1.2.b - Continue City Housing Program	Provide incentives to encourage affordable housing development through the use of grant funds such as CDBG and HOME funds.	Ongoing	The City continues to receive CDBG and HOME funds to be used to help develop new affordable housing and maintain existing affordable housing units. The Housing Program works with Habitat for Humanity, Stanislaus County and the Fuller Center to perform rehabilitation projects on owner-occupied single-family homes and works with developers to provide new affordable housing projects (both single-family and multi-family). Currently, the City is working several developers on multifamily affordable housing projects, funded by various State grants, such as, the Homekey Grant. Homekey funds a 20 unit - container home project for homeless veterans, slated to open this summer. Homekey also funds a hotel conversion project of 96 units of permanent supportive housing for homeless at 13th & V St which is under construction. PLHA funds were dedicated to two multifamily affordable housing projects, Mercy at 65 units is in building permit stage and Linc housing is in pre-development for a 54-unit complex. Devonwood Village is multifamily project awarded HOME and ARPA funding by the City and it is in predevelopment, expected to start construction in late 2023. The City continues to work with the Central Valley Coalition for Affordable Housing in pre-development for a 68-unit affordable housing apartment complex (Gateway Terrace II). The City also works with the Merced Rescue Mission, Habitat for Humanity, Merced, and Sierra Saving Grace to provide housing assistance. The City has used HOME & CDBG funds to help fund a 119-unit affordable apartment complex at Childs & B Street (The Retreat) and is working to help fund the Mercy Village project on Park Avenue. The City is working with a developer on a Home Key project to provide 96 transitional housing units.

H1.2.c - Conduct studies to identify the needs of disadvantaged communities per Senate Bill 244	As annexations occur, conduct studies to determine the needs of disadvantaged communities within the City Sphere of Influence in proximity to the proposed annexation. Identify the areas lacking sewer and/or water availability and those areas in need of other revitalization efforts and other infrastructure upgrades (sidewalks, fire hydrants, etc.). Ensure that land annexed into the City for development can be supplied by the City's sewer and water facilities.	As funds are available and as annexations occur	The City is currently working on 6 active annexations, and has preliminary applications for 6 additional annexations. As part of the annexation process, the City will evaluate each area for disadvantaged communities. As part of the annexation process, an evaluation is conducted to ensure the City can supply adequate sewer and water to the annexation area. Additionally, the City is working with the Merced County Association of Governments (MCAG) on a regional Multi-Jurisdictional Housing Element. Additionally, we will be working on a comprehensive General Plan Update in 2023. As part of the update process or with the Housing Element and SB 244 Analysis would be completed. We are currently working on a contract for a consultant to prepare the analysis which is expected to be completed in late 2023.
H1.2.d - Pursue funding strategies to assist disadvantaged communities	Apply for funding such as the Community Revitalization and Investment Authority (AB 2) that focus on addressing distressed	As funds are available	The City applied for the ongoing Permanent Local Housing Allocation (PLHA) funding for the available years of 2019-2021, and will continue to monitor all available funding and apply when appropriate to do so. The City is also applying for a Pro-Housing designation through the state and working to develop a housing trust fund.

H1.3.a - Participate in Joint Development Agreements	Continue City staff exploration and pursuit of feasible development agreements for joint public/private development of affordable rental and ownership housing, including senior housing, “special needs” housing, farmworkers, supportive and transitional housing, or emergency shelters for the homeless within the City. Said development agreements shall ensure affordable housing mix, appropriate covenants of affordability terms, and conditional recapture provisions. Specifically, the City will invite developers of affordable housing to participate in Joint Development Agreements. Special focus will be placed on agreements for the development of housing for extremely-low income households. The City’s goal is to execute one agreement annually to achieve 50 units of low-mod housing. Use development agreements to encourage the construction of child care centers within affordable housing developments.	Ongoing	The City continues to work with the Central Valley Coalition for Affordable Housing and enter into joint development agreements to provide affordable housing. Such agreements were used for the development of the 119-unit affordable apartment project at Childs & B Street (The Retreat), completed in 2022. This development will provide units for extremely-low and very-low income households as well as permanent supportive housing units. The City recently went out for an RFP to find qualified affordable housing developers. Based upon this effort, the City entered into Exclusive Negotiating agrreements with Linc Housing, CC915, and Fuller Center for properties owned by the Housing Successor Agency to sell 10 parcels at $1 each for the development of extremely low to low income housing. The City granted $6.5 million in ARPA funds for the development of affordable housing at Devonwood Village, Bella Vista, and 1213 V St. On April 4, 2022, the City Council adopted Resolution No. 2022-15, which implements the City’s Regional Housing Needs Allocation Unit Production Plan. This plan requires private developers to provide 12.5% of the total units within a project affordable. This requirement would be executed through the use of a Development Agreement.
H1.3.b - Encourage the construction of childcare centers within new housing developments through the use of Joint Development Agreements.	The City recognizes the need for quality childcare. In addition, the City recognizes the large amount of traffic and emissions produced by the numerous trips families make throughout the City in going to and from childcare centers. The City also recognizes that many families who need affordable housing, especially female-headed households, need childcare on-site (within apartment complexes) or within close proximity to their home or transit services.	December 2019	The City encourages development of child care centers within all housing developments. However, an incentive program has not been developed. The Bella Vista project on Parsons Avenue is slated to have a Head-start Classroom on site. This project is expected to be constructed in 2024.

H1.4 - One-Stop Permit Center Fast Tracked Processing	Continue the City's current procedures for processing development proposals and approving permits; accelerating the approval process for affordable and senior housing developments.	Every 2 years	Procedures remain in place to expedite the approval process for affordable and senior housing. City staff reviews these procedures every 2 years to determine if changes or updates to the current procedures need to be made. The City has implemented a review process in compliance with SB 35. The City was awarded over $600,000 in SB2 and LEAP funding for various projects to promote housing. The City started projects to develop an "off-the-shelf" plan for ADU's and pre-designed duplex and triplex units to help expedite the development process and reduce development costs.
H1.5.a - Encourage Homeowners to Construct Second Units	Continue to publicize the Second Unit Ordinance and the income benefits of second unit construction to homeowners in the City. Link this promotion with information on the availability of low-interest rehabilitation loans and other funding programs to support second unit development and provide technical support as necessary to interested homeowners. Provide information on second units and their benefits via the City's website, monthly newsletter, and brochures at the front counter.	Ongoing	The City provides information to customers when they inquire about building second units, now known as Accessory Dwelling Units (ADUs). The City's Zoning Ordinance which includes the regulations for ADUs is available on the City's website. The City adopted an updated ADU ordinance in 2019 and continues to update the ordinance to be in compliance with state law. The most recent update being in 2021. During 2022, the City began work on an "off-the-shelf" ADU and cottage home project which will be done in early 2023. The project will result in free pre-approved building plans for homeowners to save while encourage building secondary units.
H1.6.a - Apply for Funding to Support New Housing Construction	Continue to seek potential funding sources and actively pursue funding for affordable housing.	Ongoing	The City continues to actively seek different funding opportunities to help support the development of affordable housing. The City currently receives CDBG and HOME Funds, as well as Cal-Home First Time Home Buyer funds. The City received funds from the Affordable Housing Sustainable Communities (AHSC) program through HCD for the Childs & B Street project. The City has also received ARPA funds of which a $6.5 million was designated for affordable housing developments. The City received over $29 million in Homekey funds with project development partners for extremely low income permanent supporting multifiamly housing. Additionally the City has a PLHA award committed to two affordable housing projects. The City is working on submitting it's HOME-ARP plan for an additional $1.9 million in HUD funding for affordable housing.

H1.6.b - Provide Assistance for Private and Nonprofit Applicants to State and Federal Programs	Assist private individuals and nonprofit organizations in applying for State and Federal funds at least once each year. Assistance may take the form of information referral, consultation regarding program applications, and/or lobbying by local officials on behalf of the applicant. Special focus will be given to applicants applying for funding to assist in the development of extremely-low income housing.	Annually	The City has assisted in assembling the funding for the Childs and B Street project, Homekey projects, at 13th & V, and South R st. as well as providing letters of support and commitment to assist affordable housing developers in various grant application.. The City has also consulted other developers on possible funding opportunities and assists with completing form needed for developers to received Federal and State tax credits. The City is working on completing it's State application for a Pro-housing Designation and to establish a Housing Trust Fund. In 2022, the City published an RFQ to select affordable housing developers. Through this RFQ, the City has found several partners to work with on affordable housing development.
H1.7.a - Continue Continuum of Care Development and Participation	The City will continue to work with Merced County and the Merced County Association of Governments to implement the Continuum of Care to address the homeless issues in Merced. The City will continue to research funding opportunities for homeless and transitional shelters and will work with other agencies to ensure the needs of the homeless community are met.	FY 2015-2016, annually thereafter as funds become available	The City continues to participate in the Continuum of Care through the Housing Department. Typically, City employees have participated in the annual Homeless Count, but due to COVID-19, that count was not performed in 2020 or 2021. The count resumed in 2022 with efforts from the City, County, and community volunteers.

H1.7.b - Promote and Develop Housing to Meet Special Needs	Assist private and nonprofit developers, such as the Central Valley Coalition for Affordable Housing, by identifying potential sites and financial resources for the construction of housing to meet special needs. Such projects might include, but are not limited to: senior housing, including congregate care facilities; housing for people with physical and mental disabilities; transitional housing for the homeless; an emergency shelter for the homeless; and housing for large families, extremely low-income families, and farmworkers. The City will provide further assistance to the identified need of additional emergency shelter facilities by applying for Proposition 46 funding to provide for such facilities or by supporting other agency applications.	Annually	The Housing Program works with the City's Community Housing Development Organization (CHDO) to complete at least one project annually to provide housing to those with special needs. The City will continue to work with the CHDO and any other agencies in an effort to provide more affordable housing for extremely-low, very-low, low-income and special needs households. The Childs & B Street Project was completed in 2022, in conjunction with a private developer and the Central Valley Coalition for Affordable Housing. This project provides 119 units for affordable housing, including 30 permanent supportive housing units for a special needs population. Additionally, the City has been working with UP Holdings to develop a Home-Key project for 93 transitional housing units and 66 permanent supportive housing units. A homeless veterans project located at South R St is underway with the aid of another Homekey grant and City contributions.
H1.7.c - Assist in Obtaining Funding for Farmworker Housing	The City shall apply for or support applications for funding for farm worker housing,. The City shall periodically review available funding programs to identify additional funding sources for farmworker housing.	Annually	The City assisted Visionary Homes on a grant opportunity for a 108 unit apartment complex on Parsons Avenue that includes Farmworker Housing in 2022 To show added support, the City committed $3.5 million in ARPA funding to the Parsons Ave project. The City will continue to monitor funding opportunities and will apply when appropriate.
H1.7.d - Assess the need for Farmworker Housing	Work with farm owners and central labor providers to determine the number of farmworkers who may need housing. The resulting report should address: permanent workers, seasonal resident works, and migrant workers.	December 2019	The City has not met with farm owners and central labor providers to date. This is still a goal, but the City has focused its efforts on addressing the homeless issue within the City and providing additional housing through the development of affordable housing projects.

H1.7.e - Provide incentives for the development of farmworker housing	Provide fast-track permit processing: offer a reduction in the number of parking spaces required based on the number of vehicles used for transportation; Explore the use of modified site development standards, e.g. - street widths, paving, curbs/gutters, placement of public works improvements, or landscaping.	Ongoing	The City has not received any applications for farmworker housing to apply any of these processes.
H1.7.f - Consider amending the Zoning Ordinance to allow a reduction in parking requirements for persons with disabilties.	Complete the adoption of he Draft Zoning Ordinance which includes a section to allow the reduction in required parking spaces for uses considered to be “low demand.” This could include parking requirements for developments for persons with disabilities.	December 2016	Completed with the adoption of the Zoning Ordinance Update in 2016.
H1.8.a - In-fill and Multi-family Lot Inventory	Develop an inventory of available infill and multi-family lots. The inventory will include location, parcel sizes, amenities, and available infrastructure. The City will keep said inventory current and information will be made available to developers.	Ongoing	This inventory is updated as needed and is made available to the public. Currently the City has a project funded by SB2 to conduct an infill study, it is slated for completion in early 2023.

H1.8.b-Prioritize City efforts to encourage residential development by focusing on in-fill development and densification within the existing City Limits.	City staff will encourage development within the existing City Limits and especially within the City's Core Area. Staff will analyze vacant and underutilized land to identify constraints to in-fill development. Using the information found in the analysis, staff will develop an "In-fill Strategy." Staff will work with neighborhood and business groups, as well as with other interested organizations, to identify and address their concerns and preferences related to in-fill development. In addition, staff shall consider providing incentives such as reduced fees or priority permitting for in-fill developments, especially within the City's Core Area.	Ongoing	Staff continues to work with developers to develop in-fill sites. The City provides a Tentative Subdivision Map Activity list and a Development Activity list on the Planning Department website to provide information on current developments and future subdivisions. The City updated its policy on infill development by expanding areas of opportunity for reduced Public Facilities Impact Fees to encourage in-fill development and development in underutilized areas.
H1.8.c - Provide Ample Land Through Planned Annexations	The City will continue to monitor residential land availability and encourage and pursue annexations as necessary to maintain a 10-year supply of zoned vacant residential property.	Ongoing	The City is currently working on 5 annexation applications that would add over 7,000 housing units, plus more than 2,000,000 square feet of commercial uses. Additionally, the City is processing 8 preliminary annexation applications, all of which would include land for housing.
H2.1.a - Continue the Housing Rehabilitation Loan Program	Continue to allocate monies from the City's Affordable Housing Program and expand the City's Housing Rehabilitation Grant Program.	Ongoing	The City continues to receive CDBG and HOME funds to be used to help develop new affordable housing and maintain existing affordable housing units. The Housing Program works with Habitat for Humanity, Stanislaus County to perform rehabilitation projects on owner-occupied single-family homes and works with developers to provide new affordable housing projects (both single-family and multi-family). The City also works with Sierra Saving Grace and the Merced Rescue Mission to provide funding for housing assistance. The City was awarded a CAL-HOME grant for rehabilitation of homes, ADU construction and first-time home buyer assistance. The City also works with Self-Help Enterprises for down-payment assistance and rehabilitation assistance.

H2.1.b - Identify and Notify Owners of Substandard Units	Notify property owners regarding available rehabilitation programs to remedy code violations.	Continuous	The City's Code Enforcement Officers work with the Inspection Services Department to identify substandard housing. Property owners are given an opportunity to correct violations and may be eligible for funding through the Housing Department. The City's Building and Housing Board of Appeals hears appeals regarding citations issued by the Code Enforcement officers related to substandard housing.
H2.1.c - Provide Public Information on Preventative Maintenance and Energy Conservation	Utilize information dissemination programs such as the City's website and monthly newsletter to educate the public on low-cost preventative maintenance, as well as energy conservation measures they can take to prolong the life and quality of their home and reduce their long-term utility and maintenance costs.	Ongoing	The City continues to provide information on homeowner maintenance through the dissemination of brochures and information on the City's website.
H2.1.d - Conservation of At-Risk Units	The City will continue to contact owners and operators of such units at least annually to monitor when/if the units are being considered for conversion. The City will, as needed, assist potential non-profit buyers to apply for California Housing Finance Agency funding to purchase and operate “At-Risk” facilities for continued affordability. The City will investigate possible incentive programs to encourage property owners to keep their properties affordable. Staff will work with the Housing Authority to determine if they offer programs that will assist property owners in maintaining their property as affordable units.	Annually	The City continues to monitor units that have a covenant for affordability and make contact with property owners as needed when units are considered to be "at-risk" of losing their affordability. An annual review is done to ensure existing affordable units are maintained as affordable.

H2.1.e - Energy Conservation	The City shall continue to assist low-income homeowners and renters in securing energy audits through local utility companies. Informational flyers should be provided at City offices and other public buildings to advertise funding sources for making any necessary changes such as energy conservation fixtures and devices. All projects funded through the Housing Program shall be designed to meet all state energy efficiency standards. The City will also continue to promote its participation in the HERO program.	Ongoing	The City Housing Department continues to provide information on energy efficiency and to ensure that all projects undertaken through the Housing Department meet the minimum energy standards required by the California Energy Code.
H2.1.f - Encourage Energy Conservation and Weatherization	The City will continue to assist low/moderate income families in obtaining information and participating in the Community Action Agency's weatherization program.	Ongoing	The City Housing Program continues to refer homeowners to the Community Action Agency for assistance with energy conservation and weatherization. Additionally, any new projects constructed through the Housing Program are constructed to meet current energy conservation standards.
H2.2 - Apply for State and Federal Funds to Support Housing Conservation and Rehabilitation	Identify and apply for funding at the State and Federal levels to help finance housing conservation and rehabilitation in the City.	Annually	The City Housing Program Supervisor and Development Services Director review funding opportunities and applies for those funds when appropriate. The City currently received CDBG & HOME funds to assist in the rehabilitation and conservation of existing housing units for income eligible households. The City has a CAL HOME grant to aid in rehabilitation of housing and first time home buyer assistance.

H3.1.a - Pursue State and Federal Funds for Down Payment Assistance	Continue the City's revolving loan fund and grant fund programs to provide low-interest loans to first-time low and moderate-income homebuyers. Expand utilization of the loan program to provide an "affordability gap" between housing prices and household incomes to sustain a live/work environment. The loan program is funded through state, CDBG, and HOME funds. There are established guidelines setting forth terms and conditions for loans. Annually review loan amount caps, need for requirement changes, etc., to meet changing housing markets. The City will continue to apply annually, or as available, for CalHOME and BEGIN, and NSP funds. The City will explore and pursue all other available funding as it becomes available. The City will strive to assist at least one developer annually to apply for state and/or federal tax credits. Funding assistance is identified at the beginning of each fiscal year through the Housing Program's Annual Action Plan.	FY 2015-2016, annually thereafter	In 2022, the City was awarded $2.5 Million in CalHome funds for down payment assistance, owner occupied rehabilitation, ADUs and JADUs, and mobile home owner occupied rehabilitation.
H3.1.b - Coordinate with Local Agencies to Provide Housing Assistance to Extremely Low, Very Low, and Low Income Households	Work with other agencies to assist in identifying and procuring funding for extremely-low, very-low, and low- income rental programs. Examples of other agencies include, but are not limited to, Housing Authority (Housing Choice/Section 8), Community Action and Salvation Army (displaced person's temporary assistance and limited financial grants), and Continuum of Care partners (transitional housing and homeless shelters).	Ongoing	The City continues to work with the Merced County Housing Authority, the Community Action Agency, the Salvation Army, and other Continuum of Care partners to provide funding for income-eligible households. Recently the City implemented a program in conjunction with the Merced Rescue Mission and Sierra Saving Grace to provide deposit assistance for income-eligible households to obtain permanent rental housing and assistance with utilities.

H3.1.c - Minimize Governmental Constraints on Housing Development, Improvements, and Maintenance	Review governmental processes and regulations to identify any potential constraints to the development, improvement, or maintenance to housing.	2016, annually thereafter	The City continues to review our development processes and regulations to identify any potential constraints. The adoption of the new Zoning Ordinance in October 2016, eliminated some of the previous constraints by bringing the City's Zoning Ordinance into compliance with state requirements. The Housing Department completed an update of the City's Analysis to Impediments to Housing in 2020. The City is reviewing that document and working on addressing any areas that may need to be improved as a result of the analysis. Through City Council and staff efforts, the City has enacted a Prohousing Policy to aid in development of affordable housing to meet RHNA requirements.
H4.1.a - Provide Ongoing Public Information on Affordable Housing Issues and Programs	Establish a community notification list including, but not limited to, Housing Authority, Chamber of Commerce, schools, grocery and drug stores, PSAs, Community Resource Counsel, civic and service organizations, and community centers. Distribute information flyers and give public presentations on affordable housing issues and programs in the City of Merced to such groups, in addition to City residents, developers, and local lenders, by placing program brochures, copies of City documents, and other pertinent information in the City libraries and at the Merced Civic Center. In addition, make this information available to community-based groups serving lower income residents, such as the Lao Family Community Center, and add information to the City website. Consider a program for builders' and developers' informational meetings to explain available programs and designations, as well as a program to educate first time homebuyers on the process of purchasing a home.	Ongoing	The Housing Department provides information on their website regarding available programs, current plans, and other information for tenants, landlords, and property owners. All required public notices are also available on the Housing Department website. All notices required under the HUD Community Outreach Guidelines are provided in English, Spanish, and Hmong. The notices are published in two local newspapers as well as on the City's website. The City hosted a series of community outreach and input meetings in 2022, directly related to our 2023 Annual Action Plan process, that included a discussion of HOME-ARP funding for affordable housing. The public and our agency partners were invited to attend these open forum public meetings.

H4.1.b - Establish a Tenant and Landlord Education Program	Continue work with the County Housing Authority, the Merced County Rental Housing Association, and other relevant organizations. Provide sponsorship of Fair Housing and Tenant/Landlord relationships and rights workshops to educate tenants and landlords on their rights and responsibilities.	Ongoing	Fair Housing matters are referred to Project Sentinel who is the outside agency contracted to handle fair housing issues. Additionally, contact information is provided to the Central California legal services for tenant/landlord disputes, and issues of substandard housing within the City of Merced are referred to the City's Code Enforcement Department.
H6.1.a - Use CDBG funds for fair housing enforcement, education, and technical assistance activities.	Continue to contract with an outside agency to provide Fair Housing information to the City's residents.	Ongoing	The City continues to contract with an outside agency (Project Sentinel) for fair housing enforcement.
H6.1.b. - Prepare a HUD Consolidate Plan every 5 years	Prepare a Consolidated Plan every 5 years to include certification that the City will affirmatively further fair housing, conduct an analysis to identify impediments to fair housing choice, and take actions to overcome the effects of any impediments identified.	Every 5 years	The City Council approved the Consolidated Plan covering 2020 to 2024 on November 16, 2020, and it was approved by HUD in 2021.
H6.1.c - Prepare an Analysis of Impediments to Fair Housing every 5 to 7 years	Prepare and Analysis of Impediments (AI) every 5 to 7 years and take steps to address all barriers to affordable housing identified in the report.	Every 5 to 7 years to prepare the report. Actions to address barriers to affordable housing are an ongoing task.	The City Council approved the most recent Analysis of Impediments on November 16, 2020. The City continues to review the impediments identified and work on ways to remove or reduce those impediments.
H6.2 - Ensure all new, multifamily construction meets the accessibility requirements of the federal and State fair housing acts through local permitting and approval processes.	Review all applications for multifamily construction to ensure all federal and State fair housing acts are being complied with. This shall be done through building permit review or other review as required (i.e., CUP, etc.).	Ongoing	All multi-family housing projects are reviewed during the entitlement process and building permit process to ensure compliance with all federal and state fair housing acts are being complied with.
H6.3 - Encourage a range of housing types to be constructed in subdivisions and large developments	Promote Neighborhoods that contain a variety of housing types, as allowed by the R-1, R-2, R-3, R-4, and P-D zones of the Merced Zoning Ordinance.	Ongoing	The City's Zoning Ordinance allows a wide range of housing types. In 2022, 412 single-family homes and 492 multi-family units were entitled.
