INTRODUCTION

This Housing Successor Agency Annual Report (“Annual Report”) presents information on Fiscal Year (“FY”) 2022-23 activities as required by Health and Safety Code (“HSC”) Section 34176.1(f), demonstrating compliance with various annual, five-year, and ten-year expenditure and housing production requirements. This Annual Report is required of any housing successor to a former redevelopment agency.

City as Housing Successor

California redevelopment agencies dissolved statewide in 2012. At the time of dissolution, a housing successor was to be selected to assume possession of and be responsible for the remaining housing assets and liabilities of a former redevelopment agency.

The City of Merced (“City”) became the Housing Successor Agency (“Housing Successor”) to the former Merced Redevelopment Agency (“Agency”) by adoption of Resolution No. 2012-5 on January 12, 2012. The former Agency’s affordable housing rights, powers, assets, liabilities, duties, and obligations, excluding any amounts in the former Agency’s Low and Moderate Income Housing Fund, were transferred to the City. Housing Successor assets are maintained in a Low and Moderate Income Housing Asset Fund (“Housing Asset Fund”).

The Merced Designated Local Authority to the former Merced Redevelopment Agency (“DLA”) and the Oversight Board to the Merced Designated Local Authority (“Oversight Board”) oversee the administration of non-housing obligations of the former Agency. Earlier on in the redevelopment dissolution process, the DLA and Oversight Board approved the transfer of certain properties to the Housing Successor, however they do not have ongoing oversight of Housing Successor assets and activities.

Scope of This Housing Successor Annual Report

This Annual Report is limited to the City’s activities as it relates to its role as a housing successor. Activities include, but are not limited to, financial transactions, property disposition, loan administration, and maintaining affordability covenants. It reports compliance with annual, five-year, and ten-year limits on expenditures and housing production. FY 2022-23 represents the fourth year of a five-year compliance period for income proportionality, which begins in FY 2019-20 and ends in FY 2023-24.

The Annual Report is due to the California Department of Housing and Community Development (“HCD”) by April 1 annually as an addendum to the City’s Housing Element Annual Progress Report. The City’s audited financial statements for FY 2022-23, which includes an audit of Housing Successor funds, is available on the City website and incorporated herein by reference.

BACKGROUND

This section summarizes the process of transferring former redevelopment assets to a housing successor, as well as the legal requirements for use of these assets that are addressed in this Annual Report.

Assets Transferred to the Housing Successor

After the City elected to become the Housing Successor in 2012, it prepared a Housing Asset Transfer Form (“HAT”) that provided an inventory of all housing assets transferred from the Agency to the City.¹ The HAT listed 90 housing assets to transfer from the former Agency to the City as permitted by HSC Section 34176(e):

- 21 Real Properties
- 4 Low-Mod Encumbrances
- 40 Loans Receivable
- 7 Rental Agreements
- 18 Deferrals

The California Department of Finance (“DOF”) approved the transfer of all but four assets in a determination letter dated February 25, 2013. The four assets denied on the HAT were related to a Disposition and Development Agreement (“DDA”) with Merced Pacific Associates to develop the Woodbridge Apartments. They included the following HAT items:

- Exhibit C, Item 2: \$3 million Construction Loan low-mod encumbrance;
- Exhibit D, Item 3: \$3 million Construction Loan receivable;
- Exhibit D, Item 4: \$800,000 Participation Loan A; and
- Exhibit D, Item 5: \$4,888,500 Participation Loan B

DOF denied the transfer of these assets to the Housing Successor because the former Agency was not party to the loan agreements. The loan documents are between Merced Pacific Associates and the City of Merced Public Financing and Economic Development Authority (“PFEDA”). However, the DDA and related PFEDA loan agreements pledged the former Agency’s Low and Moderate Income Housing Funds to fund the loans. The City accounts for the Merced Pacific Associates loans as receivable to the Housing Asset Fund in good faith so any repayments are restricted for use on affordable housing activities as originally intended by the former Agency.²

¹ The HAT is attached as Appendix 3.

² It is possible these notes receivable could be transferred out of the Housing Asset Fund in the future if determined to be the appropriate based on ongoing discussions with DOF.

The remaining 86 items on the HAT were approved for transfer; however, the transfer of 21 properties were subject to the findings of a California State Controller's Office ("SCO") Asset Transfer Review. The SCO Asset Transfer Review ultimately resulted in the transfer of ten properties to the Housing Successor. Nine properties were transferred by the adoption of Oversight Board Resolution No. 2017-04 on January 26, 2017. DOF approved the action on May 15, 2017. A tenth property was approved for transfer by the adoption of Oversight Board Resolution 2019-013. DOF approved the action on September 9, 2019.

The remaining 11 properties were either sold by the City or transferred as non-housing assets to the DLA or to the City. Table 1 summarizes the transfer status of the properties on the HAT.

Legal Requirements Pertaining to Housing Successors

A year after dissolution of redevelopment began, the State Legislature recognized the need to regulate and provide transparency on the use of the housing activities transferred from a former redevelopment agency. Senate Bill 341 (DeSaulnier, 2013) and subsequent legislation enacted several requirements for housing successor agencies contained in HSC Sections 34176-34176.1.

In general, housing successors must comply with three major requirements pursuant to HSC 34176.1:

1. Expenditures and housing production are subject to income and age targets.
2. Housing successors may not accumulate an “excess surplus,” or a high Housing Asset Fund unencumbered balance based on certain thresholds.
3. Properties must be developed with affordable housing within five to ten years of DOF’s approval of the HAT.

Appendix 1 provides a detailed summary of the reporting requirements that are addressed in this Annual Report.

Permitted Uses of Housing Asset Funds

Pursuant to HSC Section 34176.1, Housing Asset Funds may be spent on:

- **Administrative costs** for operation of the housing successor agency. The law allows a housing successor to spend the greater of:
 - \$200,000 per year adjusted for inflation, or
 - 5% of the statutory value of real property owned by the housing successor and the value of loans and grants receivable from the HAT (“Portfolio”).
- **Homeless prevention and rapid rehousing services** up to \$250,000 per year if the former redevelopment agency did not have any outstanding inclusionary housing or replacement housing production requirements as of 2012. Merced was eligible for this expense as of FY 2020-21 because the Childs and B Street Affordable Housing Project assisted that year fulfilled the former Agency’s outstanding inclusionary housing obligation of an estimated 11 very low income units.
- **Affordable housing development** assisting households up to 80 percent of the Area Median Income (“AMI”), subject to specific income and age targets over a five-year period.

Five-Year Income Proportionality on Development Expenditures: Housing Asset Funds may be spent on development of affordable housing projects affordable to low, very low, and extremely low income households. “Development” is defined as “new construction, acquisition and rehabilitation, substantial rehabilitation as defined in HSC Section 33413, the acquisition of long-term affordability covenants on multifamily units as described in HSC Section 33413, or the preservation of an assisted housing development that is eligible for prepayment or termination or for which within the expiration of rental restrictions is scheduled to occur within five years.”

Over each five-year compliance period, the current one beginning July 1, 2019, at least 30 percent of such development expenditures must assist extremely low income households (30% AMI), while no more than 20 percent may assist low income households (between 60-80% AMI). The balance of the funds may be used on very low income households (defined as households earning between 30% and 60% of AMI).

The first five-year compliance period was January 1, 2014 through June 30, 2019. The Housing Successor did not make any development-related expenditures during the first five-year compliance period. Thus, the Housing Successor was in compliance with Housing Asset Fund income proportionality expenditure requirements during the first five-year compliance period. The current (second) five-year compliance period is July 1, 2019 to June 30, 2024.

Note that housing successors must report expenditures by category each year, but compliance with income proportionality limits is measured every five years. For example, a housing successor could spend all its funds in a single year on households earning between 60-80% AMI, as long as it was 20 percent or less of the total expenditures during the five-year compliance period.

Should a housing successor not spend at least 30% of its development expenditures for extremely low income households, or exceeds the amount spent on low income households, future expenditures are subject to greater restriction until these proportionality targets are met. Specifically, if a housing successor is unable to spend at least 30% of its development expenditures on extremely low units, it is required to increase this spending to 50% until compliant with the 30% threshold; a housing successor that spends more than 20% of its development expenditures on low income units cannot spend any further funds on low income developments until it is at or below the 20% threshold.

As such, tracking these expenditures and their progress over the corresponding five-year period is a valuable and necessary function of this Annual Report.

Ten-Year Age Proportionality on Units Assisted: If more than 50% of the total aggregate number of rental units produced by the city, housing authority, or former redevelopment agency during the past 10 years are restricted to seniors, the housing successor may not spend more Housing Asset Funds on senior rental housing.

Appendix 2 describes Housing Asset Fund expenditure requirements in more detail, including the types of costs eligible in each category.

Limits on the Accumulation of Housing Funds (Excess Surplus)

State law limits how much cash a housing successor may retain and, if it fails to commit and spend these dollars in a reasonable timeframe, ultimately penalizes the housing successor by requiring unspent funds to be transferred to HCD for use on State housing programs.

HSC Section 34176.1(d) establishes a limit, known as an “excess surplus” on the amount of unencumbered Housing Asset Funds based on the greater of the following:

- \$1,000,000, or
- The total amount of deposits made into the Housing Asset Fund over the preceding four years.

Only amounts in excess of this threshold are considered an excess surplus. Once an excess surplus is determined, a housing successor must account for these funds separately and encumber said monies within three years. If after the third year the excess surplus has not been fully encumbered, the remaining balance of the excess surplus is to be transferred to HCD within 90 days. HCD is permitted to use these transferred excess surplus funds anywhere in the State under its Multifamily Housing Program or the Joe Serna, Jr. Farmworker Housing Grant Program.

The concept of excess surplus carries over from the era prior to dissolution of Redevelopment Law, when redevelopment agencies often were receiving substantial amounts of deposits from the mandatory housing set-aside of 20% of tax increment revenues. Today, excess surpluses are generally less

common because housing successors no longer receive deposits comparable to the pre-dissolution period.

As part of the Annual Report, a housing successor must disclose any excess surplus and describe the housing successor’s plan for eliminating this excess surplus.

HOUSING ASSET FUND ACTIVITY

Deposits and Fund Balance

The City deposited \$50,274 into the Housing Asset Fund during FY 2022-23, as shown in Table 2.

Revenue sources consist of the following:

- Repayments on the principal balance of loans extended by the former Agency or Housing Successor to developers and homeowners;
- Payments received from the sale of Housing Successor properties;
- Interest accumulated from the outstanding balance on loans extended by the former Agency or Housing Successor;
- Investment earnings accumulated from the Housing Successor cash balance; and

Expenditures

The City expended \$106,861 in Housing Asset Funds during FY 2022-23, all of which were administrative expenses and are within the annual maximum of \$456,372.

Ending Cash and Fund Balance

The Housing Asset Fund balance as of June 30, 2023 was \$11,274,409 as summarized in Table 3.

Housing Successor Portfolio

The Housing Successor Portfolio as of FY 2022-23 includes 5 real properties transferred from the former Agency and 19 loans receivable. The Portfolio had a value of \$9,127,447 as of FY 2022-23, as detailed in Table 4.

REAL PROPERTIES AND DISPOSITION STATUS

DOF approved the transfer of 21 real properties listed on the HAT, pending further review by the SCO Asset Transfer Review. The SCO Asset Transfer Review and subsequent DOF review ultimately resulted in:

- 10 properties transferred to the Housing Successor
- 2 properties sold by the Housing Successor
- 8 properties transferred to the DLA as non-housing assets
- 1 property transferred to the DLA then transferred back to the City as a governmental use (a sidewalk)

The status of the 12 properties that were transferred to or sold by the Housing Successor are described in this section.

HSC Section 34176.1 requires that all real properties acquired by the former Agency prior to February 1, 2012 and transferred to the Housing Successor be developed pursuant to the requirements detailed in HSC Section 33334.16. All property that falls within in these parameters must be developed for affordable housing purposes within five years from the date DOF approved the HAT, or February 25, 2018. The law permits a five-year extension by adoption of a resolution. The City extended the deadline for an additional five years to February 25, 2023 by adoption of Resolution No. 2018-67.

Two properties on the HAT were sold by the Housing Successor prior to FY 2022-23:

- **454 W. 8th Street:** This single-family home was sold in FY 2014-15. Net sales proceeds totaling \$139,030 were deposited into the Housing Asset Fund.
- **951 W. 7th Street:** This single-family home was sold in FY 2011-12. Net sales proceeds totaling \$90,503 were deposited into the Housing Asset Fund.

Five properties on the HAT were sold in FY 2022-23:

- **26 W. 18th Street , 49 W. 18th Street, 150 W. 19th Street, and 1744 I Street:** These vacant lots were sold to the Fuller Center (formerly Habitat for Humanity) on April 14, 2023. The City Council approved a DDA with the Fuller Center in November 2022 to develop four properties with four to five units of ownership housing affordable to very low (50% AMI) households.
- **73 S. “R” Street:** This vacant lot was sold to CC 915 on October 28, 2022. The City has a DDA with CC 915 to develop 21 studio units at 73 South “R” Street, of which 20 are affordable to extremely low (30% AMI) households that are chronically homeless or experiencing homelessness. Escrow closed on October 28, 2022 and the construction is underway.

Five properties remain under Housing Successor ownership as listed in Table 5. The City Council approved an ENA with Linc Housing in January 2022 and a DDA was approved in January 2024 to develop five contiguous properties into a 54-unit rental housing development. The Housing Successor shall restrict 22 units affordable to extremely low (30% AMI) to low (80% AMI) households. The remaining units shall be affordable to moderate income (120% AMI) households and one manager unit.

The Housing Successor will ensure that development meets the requirements of HSC 34176.1 and the Surplus Lands Act.

LOANS RECEIVABLE

The HAT listed 40 loans receivable and 18 deferrals; several loans have been paid off since dissolution. This section describes the status of loans receivable as of FY 2022-23.

Homeowner Loans

As of June 30, 2023, the Housing Successor had 6 outstanding homeowner loans with an outstanding balance of \$314,359⁵. The former Agency made the loans through low income first-time homebuyer and rehabilitation programs. Although most loans require monthly payments, some loan holders are unable to make regular payments. Over half of the remaining loans (four out of six) are forgivable at the Housing Successor's discretion or upon sale. The Housing Successor does not intend to forgive loans and collects payments based on loan holders' ability to pay.

Developer Loans

The Housing Successor oversees loans issued by the former Agency as detailed below:

⁵ The homeowner and developer loans receivable balances are from a Housing Notes Receivable spreadsheet maintained by Finance Department. Values may not match the total notes receivable balance reported in Table 4 (from the Fund 2513 and 5009 Balance Sheets) due to allowances for uncollectibles or other accounting adjustments.

- **Merced Pacific Associates (Woodbridge Place Apartments):** This property has three outstanding loans issued by PFEDA to implement a DDA executed by the former Agency that pledged Low and Moderate Income Housing Funds. They are payable annually from residual receipts:
 - Participation Loan A;
 - Participation Loan B; and
 - Construction Loan (the principal balance rolled over into the Participation Loans and only interest remains).

The outstanding balance on these three loans as of June 30, 2023 was approximately \$8.6 million. There is no forgiveness clause in the DDA. As previously noted, these loans receivable were denied on the HAT but are accounted for in the Housing Asset Fund because the DDA and related PFEDA loan agreements pledged the former Agency's Low and Moderate Income Housing Funds to fund the loans. It is possible the loans will be transferred out of the Housing Asset Fund in the future based on ongoing discussions with DOF.

The Housing Asset Fund includes a fourth loan receivable from Merced Pacific Associates with a remaining balance of \$246,540 as of June 30, 2023. It is related to an Energy Efficiency Loan funded with Energy Efficiency and Conservation Block Grant Program Funds the City received from the United States Department of Energy ("DOE"). It is possible this loan will be transferred out of the Housing Asset Fund in the future to account for being funded with DOE funds.

- **Merced Lofts, LLC:** The former Agency issued a \$1.3 million loan to Merced Lofts, LLC in 2004 in exchange for building a multi-use project, including 11 low and moderate income rental units. The property has since been sold, and the loan has a remaining balance owed of \$150,000 pursuant to a negotiated settlement. The payment is pending and will be deposited into the Housing Asset Fund.
- **Central Valley Coalition for Affordable Housing:** Two loans were issued to the Central Valley Coalition for Affordable Housing in exchange for constructing or rehabilitating two homes affordable to low and moderate income households. An \$80,000 loan issued in 1998 was paid off in FY 2018-19 and a \$65,000 loan issued in 2001 was paid off in FY 2019-20.

The Housing Successor administered two additional loans issued to the Central Valley Coalition for Affordable Housing. The loans were related to an Owner Participation Agreement with The Grove, L.P. ("Grove OPA") dated October 21, 2002 to develop 204 affordable units. The former Agency issued a \$1,000,000 loan from low and moderate income housing funds ("Housing Fund Loan"), with 3% annual interest over a 40-year term to be paid from residual receipts. A second \$4,000,000 Section 108 loan was issued by the U.S. Department of Housing and Urban Development to the City ("HUD 108 Loan") to assist with development. The HUD 108 Loan was guaranteed with former Agency low and moderate income housing funds through a Debt Service Funding Agreement. The City issued a third \$990,000 loan from HOME funds to The Grove, L.P., however that loan is not a housing successor asset.

The Grove, L.P. refinanced the project and paid off the loans in January 2021.

- **Merced Senior Investors (Sierra Meadows Apartments):** The former Agency issued a \$1.3 million loan in 1994 to subsidize development of the Sierra Meadows Apartments, which has 100 senior units built by the Affordable Housing Development Corporation (“AHDC”). The loan was backed by the former Agency’s purchase of Housing Authority of the City of Fresno Multifamily Housing Revenue Bonds (“Fresno Bonds”). The Housing Successor received a final loan payment of \$212,925 in FY 2019-20. Pursuant to a second amendment to the Disposition and Development Agreement for the project, the remaining loan balance of \$130,969 was forgiven and the loan has been paid off.
- **Merced CA Apartments LP (Childs & B):** The Housing Successor provided a \$1,200,000 loan in FY 2020-21 to assist with the development of 30 rental units affordable to extremely low (30% AMI) households in a 119-unit rental development. The remaining 89 units are affordable to very low (50% AMI) households and were assisted by other funding sources. No units are age-restricted. The units will remain affordable for 55 years from project completion. The loan is payable from residual receipts with 3% annual interest, with the loan balance due at the end of a 55-year term.

COMPLIANCE WITH EXPENDITURE & PRODUCTION LIMITS

During FY 2022-23, the Housing Successor complied with all annual, five-year, and ten-year expenditure and proportionality requirements as described in this section.

Proportionality Requirements

The Housing Successor fully complied with all Housing Asset Fund spending restrictions in FY 2022-23 as follows:

- The Housing Successor expended \$106,861 on allowable administrative expenses, which is well under the maximum limit of \$456,372. The annual limit on administrative expenses is the greater of \$200,000 (plus inflation), or 5% of the Housing Successor Portfolio balance. As shown in Table 4, the Portfolio balance is \$9,127,447, of which 5% is \$456,372.
- The Housing Successor did not use any Housing Asset Funds for homeless prevention or rapid rehousing expenses.
- The Housing Successor did not spend funds assisting housing development in FY 2022-23, however it did dispose of properties to assist housing development. The appraised value of the properties has been counted as an “expense” for the purpose of income proportionality compliance:

- 73 S. “R” Street, with an appraised value of \$110,000, was contributed to CC915 to assist 20 extremely low income units.
- Four properties with an appraised value of \$377,000 were contributed to the Fuller Center to assist four to five very low income units.

The Housing Successor is required to spend at least 30% of its affordable housing expenditures assisting households with incomes up to 30% AMI and at most 20% assisting households with incomes between 60-80% AMI. The Housing Successor complies with these proportionality requirements as shown in Figure 1. The Housing Successor has contributed \$1,687,000 in funding and property values in the current five-year compliance period; \$1,310,000 (78%) assisted 30% AMI households and \$377,000 (22%) assisted 50% AMI households.

Figure 1: 2022-23 Housing Asset Fund Expenditure Compliance

The Housing Successor will ensure it continues to meet all Housing Asset Fund expenditure requirements throughout this five-year compliance period of July 1, 2019 through June 30, 2024 and future five-year compliance periods.

Failure to comply with the extremely low income requirement in any five-year compliance period will result in the Housing Successor having to ensure that 50 percent of remaining funds be spent on extremely low income rental units until in compliance. Exceeding the expenditure limit for low income households earning between 60-80% AMI in any five-year reporting period will result in the Housing Successor not being able to expend any funds on these income categories until in compliance.

Senior Rental Housing Limit Compliance

Pursuant to HSC Section 34176 (b), a maximum of 50% of deed-restricted rental housing units assisted by the former Agency, Housing Successor, or City in the previous 10 years may be restricted to seniors. The Agency, Housing Successor, and City have not produced any senior-restricted rental housing in the last ten years. Therefore, the Housing Successor complies with the limit of allowing no more than 50 percent of the total aggregate number of rental units produced within the preceding ten years to be restricted to seniors.

The City and Housing Successor have assisted 240 deed-restricted rental units in the prior ten years (since 2013-14) as shown in Table 6. No units were restricted to seniors. Therefore, the Housing Successor may assist up to 240 senior units and remain in compliance with this requirement. There may be other projects assisted by the City in the last ten years that would permit the Housing Successor to assist more than 240 senior units.
