Laurel Ave between Yosemite Parkway and Pine St.

Describe Concerns At This Location:

There has been an increase of cars speeding through the neighborhood at all hours. There are a few young families living here with small children including my family, and we would like to keep our children safe from these reckless drivers. I would like to petition the city of Merced to build/ install speed bumps or DIP segments on Laurel Ave to force motorist to reduce their speed.

Please see attached map. I highlighted suggested sites for speed bumps based on who in the neighborhood also drives erratically.
