SUMMARY

This is a request to amend the General Plan and Site Utilization Plan land use designations for approximately 239 acres of land within the Bellevue Ranch Master Development Plan (BRMDP) area including Villages 19A and 19B, 21, 22A and 22B, R Street Multi-Family, 25, 26, 28A, 28B, 30, a portion of Lot J, 34A, 34B, 35A, and 35B. The Site Utilization Plan Revision also includes amendments to Table 6.1 of the BRMDP related to required roadway improvements and the timing of said improvements. The proposed changes are a result of biological (wetland)

areas being identified within the BRMDP area that preclude development within those specific areas. The proposed land use changes would allow the development of housing, including a percentage of affordable housing, in areas not currently designated for residential use. The land use changes also include changes in density for some areas currently designated for residential uses.
