Unless expressly exempted by statute, the Act requires State departments to pay properly submitted, undisputed invoices not more than forty-five (45) days after the date of acceptance of goods, performance of services, or receipt of an undisputed invoice, whichever is later.

B. CAL-Card Use

State departments may use the CAL-Card for the payment of invoices. Use of the CAL-Card requires the execution of a Purchasing Authority Purchase Order (Std. 65) in accordance with Article 15, Purchase Execution and must include all required documentation applicable to the purchase.

The CAL-Card is a payment mechanism, not a procurement approach and, therefore, does not relieve State departments from adhering to all procurement laws, regulations, policies, procedures, and best practices, including those discussed in the State Contracting Manual (SCM) Volume 3 and SCM-F. This includes but is not limited to the application of all sales and use tax laws, rules and policies as applicable to the purchase.

C. State Financial Marketplace

State departments reserve the right to select the form of payment for all procurements, be it either an outright purchase with payment rendered directly by the State, or a financing/lease-purchase or operating lease via the State Financial Marketplace (GS \$Mart and/or Lease \$Mart). If payment is via the financial marketplace, the Contractor will invoice the State department and the State department will approve the invoice and the selected Lender/Lessor for all product listed on the State's procurement document will pay the Contractor on behalf of the State.

D. Payee Data Record

Each State department's accounting office must have a copy of the Contractor's Payee Data Record (Std. 204) in order to process payments. State departments should forward a copy of

the Std. 204 to their accounting offices. Without the Std. 204, payment may be unnecessarily delayed. State departments should contact the Contractor for copies of the Payee Data Record.

All CAL-Card invoices are to be processed separately from other payment methods and include the elements identified in Article 34, Invoicing. CAL-Card invoices shall be submitted to the CAL-Card account holder. The total invoice amount for each CAL-Card order must reflect a zero (0) balance due or credit, if applicable, and state "paid by CAL-Card".

This website contains additional information regarding DGS-PD's CAL-Card program (<https://www.dgs.ca.gov/PD/Services/Page-Content/Procurement-Division-Services-List-Folder/Enroll-in-CAL-Card-Program-for-Government-Entities>).

During the warranty period, the Contractor must:

- Honor all manufacturers' warranties and guarantees on all products offered through the contract.
- Continue to provide warranty service after contract termination until expiration of warranties for products that have been sold under the contract.

The warranty services listed shall include all products, software and firmware maintenance costs and costs of labor, parts, travel, factory overhaul, rehabilitation, transportation and substitute products as necessary. If it is necessary to remove any products from an authorized purchaser's location where on-site warranty is specified, the Contractor will provide substitute products at the time of removal.

Substitute products will be comparable to or better than the products removed. In instances where it is necessary for the Contractor to return the products to the factory, the Contractor will be responsible for all costs of the products from the time it leaves the authorized purchaser's site until it is returned to the site in good operating condition.

Only new standard parts or parts equal in performance to new parts will be used in effecting repairs. Parts that have been replaced will become the property of the Contractor except in instances where the State chooses to keep the hard drives. Replacement parts installed will become the property of the authorized purchaser.

All operating system software and firmware will be considered an integral component of the equipment and the Contractor will respond to all requests for warranty service for any failure.

Warranty services also will not include repair of damage resulting from transportation by the authorized purchaser between State or local sites or from accident unless the accident is caused by negligent or intentional acts or omissions of Contractor or its agents.

Contractor shall offer upgraded/extended warranty at the discount off list price in Attachment A, Contract Pricing.

40. QUALITY ASSURANCE GUARANTEES

The Contractor shall represent and warrant that Rugged Tablets/Rugged 2-in-1 Devices provided shall be free from defects in material and workmanship, given normal use and care, over the period of the manufacturer warranty. The terms of this contract will supersede any language to the contrary on purchase orders, invoices, or other sources. Contractors must use new products, parts, and components for all new equipment purchased by the State. Contractors may use parts that are equal in performance to new parts for warranty replacement repair parts only if it does not violate manufacturers' warranty.

41. EQUIPMENT REPLACEMENT DURING WARRANTY

Contract (Mandatory) 01-21-70-08H
Contract User Instructions, ***Supplement 6***

If the product provided fails to perform in accordance with technical specifications and functional descriptions contained or referenced in the contract agreement and is subject to warranty response three (3) or more times during any ninety (90) day period, the Contractor will upon the ordering agency's request, replace the product at no price. The replacement product(s) will be delivered no later than fifteen (15) working days after the ordering agency's request is received by the Contractor. Replacement goods cannot be used, refurbished or recycled, and must be of equal or greater value.

42. RECYCLED CONTENT

State departments are required to report purchases in many product categories. The Postconsumer-Content Certification Form for the Contractor is attached (Attachment C).

43. SB/DVBE PARTICIPATION

The Small Business (SB) and Disabled Veteran Business Enterprise (DVBE) certifications and percentages for the Subcontractors is listed below. State departments can verify that the certification is currently valid at the following website: www.caleprocure.ca.gov

Name	Prime or Subcontractor	OSDS Certification #	SB Percent (%)	DVBE Percent (%)	Work to be Performed
AggreGateway LLC	Subcontractor	2018597	4%	4%	Installation, Project Management, Take-Back

State departments must identify Subcontractors on individual purchase documents whenever Subcontractors have been identified.

The Contractor has committed to SB and DVBE participation at total statewide contract levels of 4%.

Individual orders may have no applicable participation or may have participation greater than that of the total contract commitment. Ordering agencies must verify the participation amount with the contractor. The exact participation percentage levels for each purchase order will be determined on an order-by-order basis in cooperation with the Contractor prior to submittal of a Purchase Order.

Exception: It is the responsibility of ordering departments to confirm CUF when value-added services are acquired by an ordering department and performed by certified SB/DVBE Subcontractors consistent with commitments identified in the table above.

Any irregularities or concerns regarding prime or SB/DVBE sub-contractor responsibilities are to be immediately documented and reported to the State's contract administrator for further investigation. Information provided to the State's contract administrator includes, but is not limited to:

Contract (Mandatory) 01-21-70-08H
Contract User Instructions, ****Supplement 6****

- Copy of executed purchase document
- Value-added service description
- Work performance issue or concern
- Department contact name, email, and phone number

Departments may request from the Contractor a monthly report providing the SB/DVBE participation levels on purchase orders.

44. CERTIFICATION OF PAYMENTS TO DVBE SUBCONTRACTORS

In accordance with the State Contracting Manual, Volume 2, Section 1203.1, DGS-PD has prescribed an alternative mechanism for enforcing the DVBE subcontractor payment certification requirement on this Statewide Contract. State departments shall not collect a certified Prime Contractor's Certification – DVBE Subcontracting Report (STD. 817) from the Contractor. During the contract term, and upon completion of the contract for which a DVBE subcontractor commitment was made, DGS-PD will require the Contractor to certify that all participation commitments and payments under the contract have been made to the DVBE.

45. BIDDER DECLARATION/COMMERCIALLY USEFUL FUNCTION (CUF)

The DGS-PD, as the awarding department, has assessed the Contractor and Subcontractor certifications (i.e. Darfur, Russian Sanctions, SB/DVBE, etc.), Bidder Declaration, and CUF during the solicitation evaluation process. Consequently, when executing purchase documents pursuant to this contract, it is not necessary for State departments operating under statewide contract purchasing authority to request the completion of a Bidder Declaration document or perform additional CUF analysis. The State department should make a notation of this within their procurement file.

Exception: It is the responsibility of ordering departments to confirm CUF when value-added services are acquired by an ordering department and performed by certified SB/DVBE Subcontractors consistent with commitments identified in the table above.

46. TAKE BACK

Before any Take Back can occur, State departments must obtain approval for discarding their IT equipment from the DGS Surplus Property and Reutilization Program. In accordance with the State Administrative Manual (SAM), Chapter 5900, Information Technology-Disposal of IT Equipment, each State department must explore the reutilization of surplus IT equipment prior to requesting approval for recycling or attempting to use the equipment as a credit toward the purchase of new equipment.

CDWG will work with the OEM and customers to ensure that take-back equipment is reused, reconditioned, or recycled.

The following steps will be taken by ordering agencies to get started:

Contract (Mandatory) 01-21-70-08H
Contract User Instructions, ****Supplement 6****

If the products or parts are not re-marketable the equipment will be recycled.

47. TRADE-IN

Before Trade-In can occur, State departments must obtain approval for discarding their IT equipment from the DGS Surplus Property and Reutilization Program. In accordance with the State Administrative Manual (SAM), Chapter 5900, Information Technology-Disposal of IT Equipment, each State department must explore the reutilization of surplus IT equipment prior to requesting approval for recycling or attempting to use the equipment as a credit toward the purchase of new equipment.

The following steps will be taken by ordering agencies to get started:

- Identify the equipment being returned for credit or recycle
- Contact Contractor for a quote/estimate for trade-in for value/credit towards a purchase
- Contact Contractor to arrange for pickup
- Remove and retain data storage media (including but not limited to any hard disk drive(s) in the data storage device) prior to Trade-In or replacement, if defective.

Contractor will be responsible for facilitating the pick-up and return of this equipment to a Contractor/OEM facility. Upon return to an OEM facility, the equipment will either be refurbished; or torn down and the refurbished product or parts will be remarketed through an alternate market per secure DOD standards. If the products or parts are not re-marketable the equipment will be recycled.

48. ELECTRONIC WASTE RECYCLING

The Contractor will comply with the Electronic Waste Recycling Act of 2003 requiring retailers to collect a recycling fee from consumers on covered electronic devices, starting January 1, 2005. California Public Resources Code Section 42463(f) defines a "covered electronic device" as a video display device containing a screen greater than four inches measured diagonally. The fees must be shown on all purchase orders. See the code identified above for more information and exceptions to this definition or go to [CDTFA Tax Rates - Special Taxes and Fees](https://www.cdtfa.ca.gov/taxes-and-fees/tax-rates-stfd.htm) (<https://www.cdtfa.ca.gov/taxes-and-fees/tax-rates-stfd.htm>) for a breakdown of the fees.
