Grant Request for Tuition Coverage by the Community Foundation Merced County

Dear Guardian,

I hope this letter finds you well. We are thrilled to inform you that your child has been selected to participate in the highly engaging and educational LEGO Coding Program offered by Steady Studios.

We recognize the immense potential and passion for learning that your child possesses, and we are committed to providing every opportunity for their intellectual and personal growth.
The LEGO Coding Program is an innovative initiative designed to introduce young minds to the world of coding, programming, and problem-solving through the creative use of the LEGO Education platform. It empowers participants to explore the realms of science, technology, engineering, and mathematics (STEM) in an enjoyable and interactive way.
We strongly believe that this program will equip your child with invaluable skills and knowledge that will be beneficial throughout their academic and professional journey.

We understand that access to quality educational programs is essential for nurturing talent and inspiring young individuals to pursue their interests and career aspirations. To ensure that all deserving participants can benefit from the LEGO Coding Program, we are pleased to announce financial support through the Community Foundation Merced County has been offered to cover the students tuition. Doing so helps CFMC accomplish its mission of the conservation and care of Merced County and it's residents.

*The total tuition cost for the program is **$160** per student. We kindly request your assistance in completing the grant application form below, which will enable us to apply for funding from the Community Foundation Merced County:*
