Location of Concern (map attachments and photographs are encouraged):

1402 East 21st. St.  
Merced, Ca. 95340

Describe Concerns At This Location:

A section of red paint designated as fire lane across the street from Fire Station 54 to be removed as is it is not necessary and restricts the residents at 1402 E. 21st St. from parking in front of the residence. Fire personnel at Station 54 requests the City to remove the middle portion of the fire lane that is marked within the red circled pictured in the attached photos. Specifically, the section of paint from the right side driveway entrance to the right side of the front walkway of the residence.

This was painted late 2023 after a city representative inquired in-person about fire lanes needing paint around the station. The 2 sections needed were explained, leaving the middle for parking but there was an obvious miscommunication.
