

City of Merced Parks & Community Services- Youth Center Activity Report

MERCED												
Organization Name				Challenged Family Resource Center in collaboration with MCOE Caring Kids								
Organizational Mission				We support families by assisting in finding services. We work with other agencies in the community to improve children's growth and development. Parent-to-Parent support is the heart of our mission.

Staff Structure to Support Program							
Employed Staff	2 MCOE, 1 CFRC						
Interns	1						
Volunteers	N/A						

Success Narrative- please describe any progress your program has experienced over the reporting period. This could include experiences with member recruitment, facility needs, partnerships formed, funding streams acquired, the addition of key staff or volunteers, or success stories of program participants. This narrative should be reflective of the data presented on page 1.
Playgroup has been very successful. It continues to grow with new families each month. We look forward to seeing what this new year brings.
Recent parent survey comments included: "We love that it feels like a school setting, educational & safe." "Great closed-in environment for children." "Attending Caring Kids social playgroup has given my child the social skills and practice needed to succeed in preschool. Staff is knowledgeable and attentive to aiding the children, mothers, fathers, and caregivers in appropriately and safely approaching difficult situations as our littles navigate this small corner of their large world. The consistency of the activities and ladies holding space gives the littles the feelings of space needed to thrive."
Barrier Narrative - please describe any barriers or modifications required over the reporting period. This can include any partnerships or funding lost, the loss of key staff or volunteers, or additional internal or external complications. This narrative should be reflective of the data presented on page 1.
At this point we do not have any barriers. In the future we might consider doing playgroups also on Mondays in addition to Thursdays. This will be dependent on if we can increase our staffing.

complications. This narrative should be reflective of the data presented on page 1.

At this point we do not have any barriers. In the future we might consider doing playgroups also on Mondays in addition to Thursdays. This will be dependent on if we can increase our staffing.
