

## Brief Description of the Wet Whistle

The Wet Whistle will be Merced's newest addition to great quality, fresh and comforting food at reasonable prices.

The Wet Whistle is a British themed restaurant which will be serving British fare in tradition of the British "Public House." Located on Old London City blocks and up and down the countryside, the Public houses are a part of the British culture, offering a welcoming environment for the weary traveler and neighborhood local alike. A warm smile, a comfortable seat, a warm fresh cooked meal and a freshly pulled pint will await you at the Wet Whistle.

From Fish and chips made from Fresh potatoes, boiled, and cooked daily, scotched eggs, curry and shepherds pot pie, and bangers and mash, fried tomatoes and baked beans for brunch on the weekends, the food shall be as comforting as the staff and environment. Our menu philosophy is to offer a concise, yet dietarily accepting menu, not a giant dictionary of options. While offering several Vegetarian and vegan options, we will focus the staples and do them right. We use high quality ingredients, prepared with love and never rushed, but without the pretense. Hearty yet healthy portions

The restaurant is broken in two main sections: First a more formal sit-down dining area with white linens and upscale décor perfect for a Sunday high tea, a birthday party or work event. We plan to hold a traditional British Brunch on Saturday and Sunday morning as well as high tea with little sandwiches (perfect for your baby shower or day out with your mum)

The second area is designed with a series of intimate booths, family style high top tables and the quintessential, long, wood carved bar. Great for neighbors to catch up and discuss the trials of the day, students to gather and work on projects, and families to celebrate the little success, this portion of the Wet whistle is truly the heartbeat.

We welcome you to come enjoy a glimpse into your newest local gathering spot -The Wet Whistle

## Request hours of operation

Monday – Thursday 10:30 am -11 pm

\*(we would most likely only stay open till 10 unless there is enough demand – I am not sure what the City ordinance is in this area, but we will of course comply with what is recommended

Friday 10:30am- 12am

Saturday 9:00am -12 am (we would like to open early for traditional British early brunch)

Sunday 9 am-11 pm

As discussed, we would like to reserve the right to be open as much as possible, even if we will not intend to be open during those hours. As always, we will defer to your better judgement.
