	0		5		10	
Ethnicity	African American	Asian	Hispanic	White	Mixed	Other/ Unknown
	2	0	10	0	3	0
Zip Code of Participants	95340	95341	95344	95348	Other/ Unknown	
	10	12	0	3	0	

Staff Structure to Support Program	
Employed Staff	7
Interns	0
Volunteers	8

Success Narrative- please describe any progress your program has experienced over the reporting period. This could include experiences with member recruitment, facility needs, partnerships formed, funding streams acquired, the addition of key staff or volunteers, or success stories of program participants. This narrative should be reflective of the data presented on page 1.

Our program success is based of our collobaration with UC Merced and Merced High School, Merced City School District and Los Banos Unified School District. We have connected and partnered through our program by providing services to the schools student body and providing support that schools refered students to our site to recieve extra social emotional support through our programs circle practices. We also provide trainings to volunteers from UC Merced and Merced High School District students. These trainings support college and career readiness that schools require for all students. Through this we have increased our staff and volunteers. Through our conferences we had the opportunity to utilize students volunteers from Merced High School, Golden Valley High School, Los Banos High School and UC Merced.

Barrier Narrative- please describe any barriers or modifications required over the reporting period. This can include any partnerships or funding lost, the loss of key staff or volunteers, or additional internal or external complications. This narrative should be reflective of the data presented on page 1.

As of now there are not many barriers. We have a leak in on of the lights panels in the ceiling.

Program Photos- Please ensure that any photographs used are authorized by a photo release approving the use of the participants image in program materials such as this report.

Success Narrative- please describe any progress your program has experienced over the reporting period. This could include experiences with member recruitment, facility needs, partnerships formed, funding streams acquired, the addition of key staff or volunteers, or success stories of program participants. This narrative should be reflective of the data presented on page 1.

Based on our success for this quarter we were able continue our collaboration and work on planning with Merced City School district to support referring students to our site program to provide mentoring for and homework support to students that can be transported to our site. We will be providing classroom presentations on the Merced City Middle school campuses to help with recruitment to our site and disseminate more information regarding our program. We are able to provide community circles at our site to new students referred to us that need social emotional support, homework support, and mentorship.

Barrier Narrative- please describe any barriers or modifications required over the reporting period. This can include any partnerships or funding lost, the loss of key staff or volunteers, or additional internal or external complications. This narrative should be reflective of the data presented on page 1.

No Barriers at this time.
