Success Narrative- please describe any progress your program has experienced over the reporting period. This could include experiences with member recruitment, facility needs, partnerships formed, funding streams acquired, the addition of key staff or volunteers, or success stories of program participants. This narrative should be reflective of the data presented on page 1.

Our S.T.A.R.S youth program is running Monday - Friday where kids learn life skills, get help with homework, learn basic cooking skills, do crafts, arts and science program, discover self care and mental health and go on fieldtrips to learn about new places.

A community breakfast is held every two weeks where anybody from the community can join, eat a good meal and have conversations about things they care about.

Our weekly food pantry is picking up and we have between 30-60 families come every week (depending how much food we have available).

We went a various field trip over the summer, including the water park in Fresno and Monterey.

We have an ongoing AA group for younger people and starting an MA group soon.

Our ESL classes are going well and we have graduated our first2 people.

Barrier Narrative- please describe any barriers or modifications required over the reporting period. This can include any partnerships or funding lost, the loss of key staff or volunteers, or additional internal or external complications. This narrative should be reflective of the data presented on page 1.

Desiree and Emanuel lead the team that includes UC College Corps Interns, Volunteers and GEO reentry participants.
