Subject: Advanced Airlines
Date: Wednesday, September 3, 2025 1:26:03 PM

You don't often get email from [REDACTED]. [Learn why this is important](#)

Dear Decision-Makers,

My family and I truly appreciate Advanced Airlines, especially the convenience of having multiple daily flights to Los Angeles. We also prefer flying into Hawthorne rather than LAX—it makes travel much easier. Please continue offering this service with multiple flights and Hawthorne as the destination. It would be very disappointing to lose the flexibility of several flights a day or to have LAX as the only option.

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

You don't often get email from [REDACTED]. [Learn why this is important](#)

Dear Decision-Makers,

Honorable Members of the City Council and Airport Authority,

My name is Neil Dipaola and I am the founder and CEO of AutoCamp Yosemite. We operate an outdoor lodging business in nearby Mariposa /Midpines. Both our team and our guests frequently use Merced Airport, Merced car rental agencies, Merced hotels, and Merced restaurants when traveling to and from our property. We also employ approximately 30 Merced residents.

I am strongly in support of the Advanced Air Proposal to continue providing dependable and affordable air service to Hawthorne and Las Vegas from Merced. Our guests and employees frequently The thoughtfulness of their proposal shows as it aligns with YARTS schedule for pickups/dropoffs at the airport, making regional intermodal travel simpler, reducing traffic, and more sustainable by taking individual cars off the road and encouraging use of public transit.

Advanced Air is a first class operator and I can personally attest to the quality and professionalism of their service and team. In contrast to the prior operator, Advanced air will continue to be a long term partner and contributor to the community, businesses and the passengers that it serves.

Please do not hesitate to contact me if I can provide any additional information or answer any questions. I can be reached at [REDACTED]

Kind Regards,
Neil Dipaola

Neil Dipaola

[You don't often get email from [REDACTED] Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

City officials,

Recently, my 37 year old nephew had a sudden ruptured brain aneurysm. I needed to travel to Southern California as soon as possible.

Advanced Air's convenient schedule allowed me to arrive quickly and help the family. I plan on using it again for future visits.

I urge you to continue air service with Advanced Air.

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Thank you for your attention to this important issue,

Patricia S. Lewis

Dear Decision Makers and whom it may concern,

I am a Los Angeles and Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protection for travelers like myself.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents, like myself, and businesses, for many that I have come in contact with.

Please keep Merced's air service frequent, reliable, and protected.

Sincerely,

A concerned passenger

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Thank you,
Judy Banghart

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections. In fact, I would like to see more destinations (like Carlsbad, CA) added to the Merced route.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Thank you for your time and consideration.

Sincerely,
Nicholas Buie

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Karla

Dear Decision-Makers,

I am a weekly Merced traveler who values the current Advanced Air service from/to HHR. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past year has made travel to and from Merced practical for my work at the Mercy Merced Cancer Center and offers flexibility and more time with my family in Huntington Beach. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would impact me greatly and be detrimental to my business.

Please keep Merced's air service frequent, reliable, and protected.

Respectfully,
Sun Lee

[You don't often get email from [REDACTED] Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Please keep Merced's air service frequent, reliable, and protected.

UC Merced who don't have availability to go to Fresno really need this service to continue. Also as parents we need a flight to get to our kids when it's necessary.

Thank you

Dear Decision-Makers,

Let me start with a personal note. Since learning of Advanced Air service out of Merced I have utilized it several times. I make the short drive from Modesto because our city is too short sighted to see the need for such a service. Advanced Air's frequent flights and great customer service have kept me coming back over and over. Please keep Advanced Air in place to serve our community.

Sincerely,
Nathan Krueger

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Dear Decision-Makers,

I am a Merced traveler and a physician who works at the Mercy Merced Dignity Health hospital who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses and would play a big role in my ability to continue to provide medical care to the Merced community.

Please keep Merced's air service frequent, reliable, and protected.

Best,
Jaskirat Dhanoa, MD

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air has been the best airlines to provide flights out of Merced since Great Lakes in 2012, when I began using flights to commute between Merced and Los Angeles. Greak Lakes and Boutique were both terrible airlines, with numerous delays and cancellations, often without any advance notifications or explanations.

Advanced Air is a completely different company. Its consistent service over the past four years has made travel to and from Merced practical and critically important for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Sincerely,

ShiPu Wang, Ph.D.

I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections. Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses. Please keep Merced's air service frequent, reliable, and protected.

Dear Decision-Makers, I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections. Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses. Please keep Merced's air service frequent, reliable, and protected.

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected. Our family has relied on Advanced Air's schedule to keep us connected because some family members live in Los Angeles and the others live in Atwater which is next to Merced. Our family has been challenged with major health issues and staying connected by this air travel option as been amazing and life saving.

Kim Fuller

Thank you for considering our families needs.

Dear Merced Air Service Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections. Los Angeles, and Las Vegas are some of the destinations I most need to fly to from Merced.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses. I would be much less likely to use a service with fewer flight options.

Please keep Merced's air service frequent, reliable, and protected.

Lily Walker
Merced, CA

Dear Decision-Makers,

My family and I are Merced travelers who value the current Advanced Air service to HHR and LAS. We urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for both work and recreation. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Many thanks for your consideration.

Warm regards,

Julie Mainzer

Dear Decision-Makers, I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections. Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses. Please keep Merced's air service frequent, reliable, and protected.

Victor Fritsch

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

The regularity, cost and frequency of flights makes the current airline a valuable option for travel from Merced and the surrounding area.

Sincerely,

Matt Thobe

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

I would like to add that I am a general aviation pilot physician and fly into Mariposa - my home base- but depend on Advanced Air for times when I need to travel to and from Southern California and not able to fly myself.

Thank you
Eileen Bardolph MD

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Dear Decision-Makers, As an Atwater resident and a Merced traveler who values the current Advanced Air service to HHR and LAS. I travel to HHR for my cancer treatment and to visit family.

I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections. Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my treatment and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected. Thank you.

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to Las Vegas from Merced practical for my work and family. Not having to make the drive to the Fresno Airport saves time and money. It also reduces the carbon footprint of my travel to the airport.

Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Thank you,

Todd A. Robinson

Sue

In short, the great enigma of our postmodern age is how American society grew so wealthy and free to create so many residents that became so angry at the conditions that have made them so privileged — and how so many millions abroad fled the intolerance and poverty of their home country, and yet on arrival almost magically romanticize the very conditions in the abstract that they would never live under again in the concrete.

(Victor David Hansen)

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Dear Decision-Makers,

I love my flight options out of Merced using Advanced Air. Why “fix” something that isn’t broken. Switching to less flights would really throw a wrench in travel needs of residents from Merced and other local counties. I come from Turlock and my family and friends use the various flight times offered.

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air’s consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced’s air service frequent, reliable, and protected.

Mary Krupka

Mayor Matthew Serratto, Council Member Darin Dupont, Council Member Ronnie De Anda, Council Member Mike Harris, Council Member Shane Smith, Mayor Pro Tem Sarah Boyle, Council Member Fue Xiong, and City staff:

Flying into and out of Merced Regional Airport is a blessing. And Advanced Air is an angel.

I regularly have business in Merced and Modesto and in between. Advanced Air allows me to fly up from Los Angeles (HHR) and back the same day. This is extremely important to me. I have a profoundly autistic son, and it is incredibly hard for just one parent to manage him and our other kids alone. Being able to conduct business hundreds of miles away and be back home at night to support my wife is critical.

You've had a safe and reliable carrier in place for four years. Embrace Advanced Air as the partner you have benefited from and keep their service in full force.

Note: I have never had a problem getting a seat on a flight. And a larger aircraft that flies less often is useless to me.

Thank you for your consideration.

Adam

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

[You don't often get email from [REDACTED] Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Thank you for reading this! I love Advanced Air, both the aircraft and the services they provide.

Kind regards,

A happy customer!

Maureen Matthes

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Dear Decision-Makers,

I am a homeowner in Merced and frequent Merced traveler who HIGHLY values the current Advanced Air service to HHR and LAS. I urge you to maintain Advanced Air's flight schedule to Merced and/or recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced extremely practical and cost-effective for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Thank you.

Please contact me directly if you would like to discuss this matter further.

Eric Pezold

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Sincerely,
April M

Dear City of Merced,

I value the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to an Alternate EAS would reduce flexibility and make travel more difficult for both my family and business.

Please keep Merced's air service frequent, reliable, and protected through STANDARD EAS.

Thank you,
Eric Hougland

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

In addition, Advanced Air has provided excellent service on every single flight from the cleanliness of the cabin, to the courtesy of the pilots, and excellent customer service.

Please keep Merced's air service frequent, reliable, and protected. You can reach out to me for any further questions, or any additional information needed from me.

Best,

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.
Mark B.

You don't often get email from [REDACTED] [Learn why this is important](#)

To Whom it May Concern:

I am a Merced /Hawthorn traveler who values the current Advanced Air service between the two cities. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Moving to fewer flights would be a mistake as there is already a limited schedule from five years ago. I'm not against larger aircrafts but there needs to be twice daily flights at decent times (not super early or late).

Please keep Merced's air service frequent, reliable, and protected.

Best.

Laura L. Blumenstein

[Some people who received this message don't often get email from [REDACTED] Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

I'm also afraid it could mean that flights get cancelled at the last minute, because the larger planes are harder to fill. Please keep Merced's air service frequent, reliable, and protected. Advanced Air provides a great service using high-quality planes. Please don't compromise the quality of travel service currently provided by Advanced Air. It is a company with an impressive history and a commitment to excellent equipment and service. Thank you.

Some people who received this message don't often get email from [REDACTED] [Learn why this is important](#)

Dear Decision-Makers,

I am a Merced traveler. I live in Mariposa and work for a High-tech Medical device company. I often travel to our test facility in Henderson NV and the Flights offered by Advance air to LAS allow me to work effectively from the remote area where I live. I also have family in San Pedro, CA so flights to HHR are very helpful and keep our family connected. So, I truly value the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

And moreover, the staff from Advance Air are friendly and professional. I really trust them to get me safely to my destination. I really enjoy flying on their planes.

Please keep Merced's air service frequent, reliable, protected and down home friendly!

Thanks

Bill Main PhD

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Dear City of Merced,

I am a Merced county traveler who values the current Advanced Air service to Los Angeles via HHR. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical as a grad student and now as a young professional who values being able to visit home as well as having my 70-year-old mother visit me. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Thank you!
Nellie Luna

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Dear Decision-Makers, I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections. Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses. Please keep Merced's air service frequent, reliable, and protected.

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

sincerely,

Shelby Snider

Frequent flyer,

Merced Regional

Some people who received this message don't often get email from [REDACTED] [Learn why this is important](#)

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Advanced Air is the best carrier you have had. Ease of use from the Hawthorne airport , reliable service, good schedules, make this a good choice for getting to Merced.

[Some people who received this message don't often get email from [REDACTED] Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

Dear Decision-Makers,

I am a Merced traveler who values the current Advanced Air service to HHR and LAS. I urge you to recommend a carrier and service plan that prioritizes flight frequency, reliability, and standard EAS protections.

Advanced Air's consistent service over the past four years has made travel to and from Merced practical for my work and family. Moving to fewer flights on larger aircraft—especially under Alternate EAS—would reduce flexibility and make travel harder for residents and businesses.

Please keep Merced's air service frequent, reliable, and protected.

Dear Merced Representatives,

I am writing to express my strong support for the continuation of Essential Air Service (EAS) in Merced. Reliable, frequent air service has proven vital for residents, businesses, and visitors, connecting people to larger markets and opportunities while strengthening the local economy.

Through my own travel and work with Advanced Air, I've seen how this service makes a real difference. It keeps Merced accessible, competitive, and welcoming, not only for those who live and work here today but also for future visitors. Reducing frequency or shifting to fewer flights would limit the flexibility that people depend on most.

I urge you to recommend a service plan that prioritizes what matters: reliability, frequency, and the protections EAS provides. With these elements in place, Merced's air service can continue to support growth and provide meaningful connections for residents, businesses, and future visitors alike.

Thank you for your consideration and commitment to the needs of Merced and its community.

Sincerely,

Priscilla Jimenez

Dear Decision-Makers,

My name is Sethan Perez and I am a college student who regularly uses Advanced Air's flights between Los Angeles and Merced. This service has been invaluable for me and my family. It allows me to conveniently and affordably travel between home and school, saving both time and money compared to other travel options.

Having frequent and reliable flights has made it possible for me to pursue my education away from home while still being able to return to my community when needed. Without these flights, the cost and time required to travel would create significant barriers for students like me and many others who depend on this connection.

I strongly urge you to continue supporting Advanced Air's Essential Air Service in Merced. Their consistency, affordability, and customer care have made a real difference in my ability to pursue higher education while staying connected to my hometown.

Thank you for your consideration.

Sethan Perez
