PHOENIX SCALE  
COMPANY

For installation of this project LSI will need a level foundation for scale, along with conduit running from scale house to scale and 110 power source in scale house. LSI can have your scale installed and functioning the same day as delivery. This scale can be moved if in the future you decide on a new location.

Please call me with any questions. Thank you for this opportunity as we value your business.

Thank you

Frank Lasick
