## SCOPE OF SERVICES

Services shall include collection and disposal of litter, including disposal costs, and monthly reports consisting of areas and/or mileage of area cleaned, hours/staffing utilized, and weights/amounts of litter collected.

The City defines litter as small trash, debris, or garbage that is lying scattered about or has been discarded incorrectly. This does not include large bulky items, appliances, bicycles, personal property, or hazardous waste; these items should be promptly reported to the City for proper disposal. All services are expected to be completed during City operating hours, Monday to Friday 7:30 AM to 4:30 PM, excluding City recognized holidays and weekends. Most clean-ups will be scheduled in advance; however, some litter removal clean-ups will be an on-call basis with a next business day response time.

Litter removal areas will be throughout Merced at litter “hot spots” and may include:

- Homeless encampment sites after City crews have completed large clean-ups;
- City areas bordering CalTrans and railroad properties and other City right-of-way’s, see attachment A for example areas;
- Downtown District, see attachment B for area;
- Perimeter streets/gutters at main City parks, which include Joe Herb Park, Applegate Park, McNamara Park, Rahilly Park, Fahrens Park and Sports complex, see attachment C for areas;
- Alleyways;
- Other non-privately-owned or City maintained areas as directed by the City.

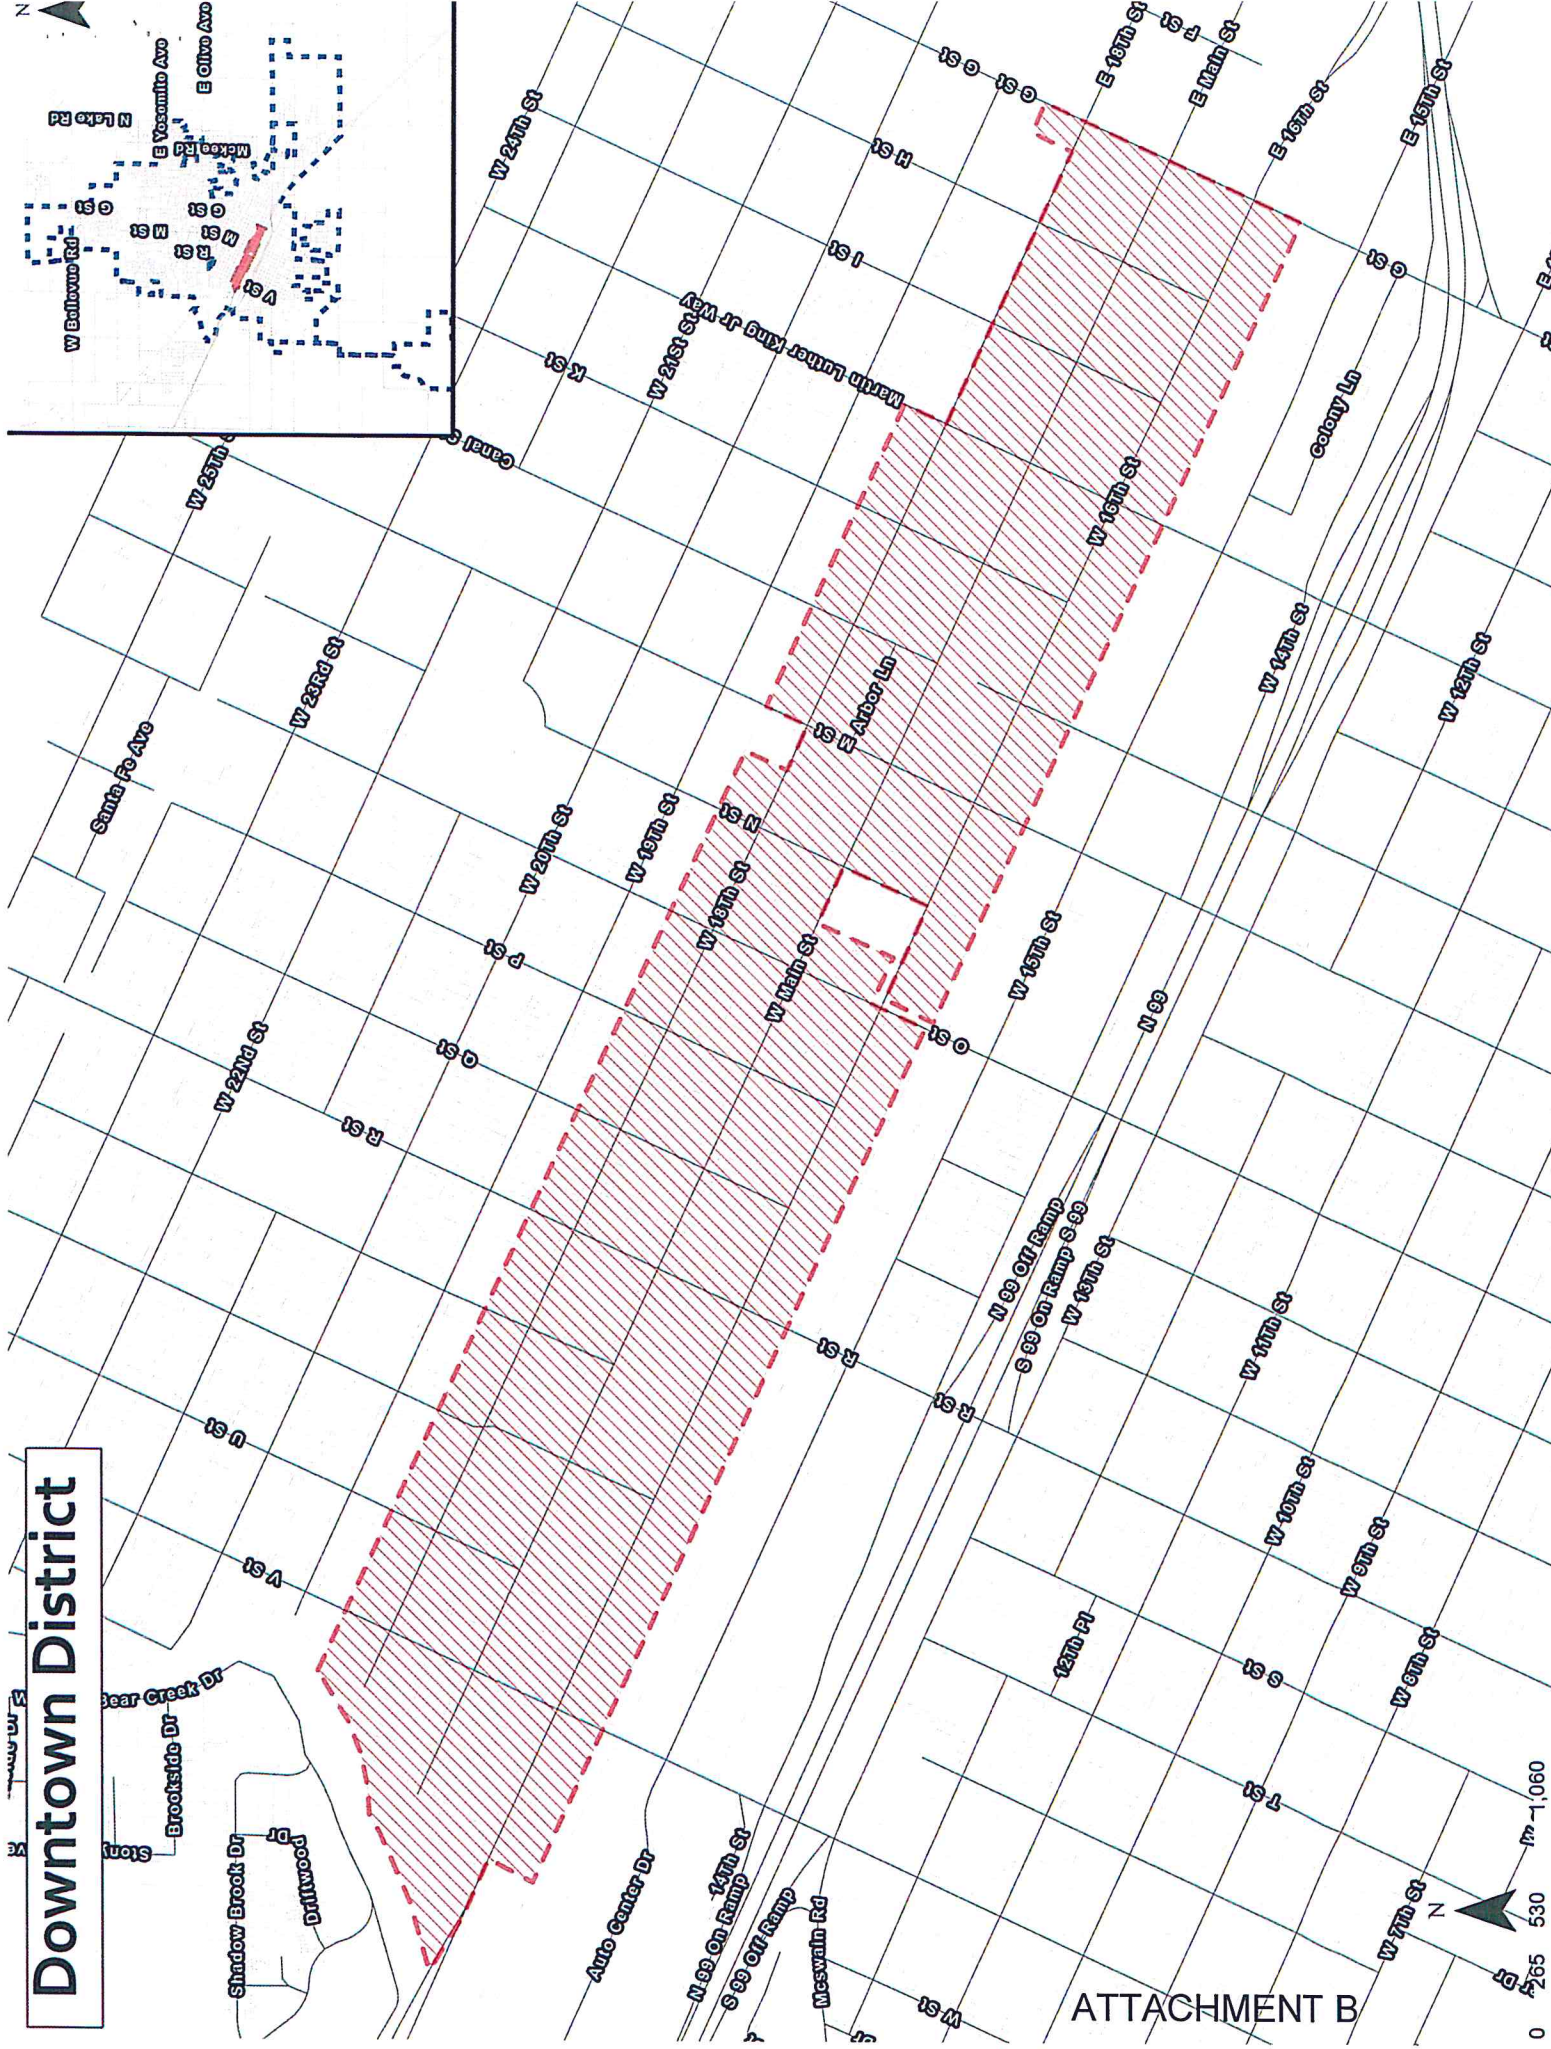

Litter removal frequency will be dependent upon current conditions and may fluctuate over the life of the contract. Anticipated litter removal service frequency includes:

- Next business day response (or as scheduled) for homeless encampment clean-ups, City right-of-way’s, alleyways, and other areas as needed;
- Monthly service to City park perimeters; and,
- Weekly service on Mondays for the Downtown District (excluding holidays).

Reports shall be provided to the City on a monthly basis, in advance of any invoicing, and should include at a minimum the area serviced, mileage/length of area cleaned (when applicable), hours by location, staffing utilized, and an agreed upon unit of measure for the amount of litter removed.
