Interests & Experiences

Tell us about yourself, and why you are applying for this particular Board or Commission:

I was born and raised in Merced County, specifically Atwater, and I have always been passionate about the health and well being of Merced County and the cities that are within the county. I went to Buhach Colony High School, Merced College, George Mason University, and University of the Pacific, McGeorge School of Law, gathering knowledge and skills to apply them into my home community. As I start my life, both in my career and personally, in the City of Merced, I want to help impact lives for the future of Merced and what better place to impact those lives and allow for more opportunities in a community than on the Planning Commission.

Please list your current employer and relevant volunteer experience.

Robbins, Browning, Godwin & Marchini, LLP

What is your understanding of the roles and responsibilities of this Board or Commission?

The Commission is designed to provide the Council with recommendations based on the goals and plans that the Council has set in the General Plan, resolutions, or ordinances. The Commission does this by reviewing and analyzing planning or developing proposals and to provide guidance to the public in the direction of economic development. The Commission serves both as a decision maker and as an appellate review.

Do you have experience or special knowledge pertaining to this Board or Commission?

Pertaining to the City of Merced's Planning Commission, no, but during my externship with the County of Merced's County Counsel's Office I was able to conduct some work in connection with the County's Planning Commission.

Any other comments you would like to add that may assist the City Council in their decision?
