**Findings and Considerations
Planning Commission Resolution #4117
Conditional Use Permit #1272**

FINDINGS/CONSIDERATIONS:

General Plan Compliance and Policies Related to This Application

- A) The proposed project complies with the General Plan designation of Regional/Community Commercial (RC) and the zoning classification of Central Commercial (C-C) with approval of a Conditional Use Permit. Alcohol sales for off-site consumption require a conditional use permit per MMC 20.44.010 – Alcoholic Beverage Sales for Off-Premises Consumption.

Public Improvements/City Services

- B) Any damaged or missing public improvements shall be repaired if the permit value of the project exceeds \$100,000.00. The need for repairs or replacement of any missing improvements would be evaluated at the building permit stage by the City's Engineering Department (Condition #13).

Parking

- C) The subject site is located within the City's Downtown Parking District which does not require parking for businesses located on the first floor of a building. City Parking Lots 1, 7, 8, 9, 10, 12, and 14 are located within 400 feet (1 block) of the subject site. Supplemental parking is provided behind the building (approximately 26 space) for employees working at Mainplace Merced.

Building Elevations

- D) The applicant is not proposing any modifications to the exterior of the building. The building was part of a larger remodel with the Regal Hollywood movie theatre during the early 2000's. The exterior of the building has a modern design with a stucco finish, brick, and large storefront windows. The applicant is not proposing any modifications to the exterior of the building. Exterior modifications such as exterior paint

or wall signage shall require a staff level design review permit (Condition #15).

Floor Plan

- E) The subject site is a recently created suite of 1,750 square feet. The proposed floor plan includes a cashier counter by the primary entrance along Main Street, sales floor area, beverage counter, walk in coolers, an office, bathroom, electrical room, and a restroom. Beer and wine selection would be stocked within the walk in coolers. Additional wine and distilled spirits would be shelved behind the employee counter as shown at Attachment C of PC Staff Report #23-642). In total, the 165 square feet of sales floor area would be dedicated to alcohol sales (Condition #23).

Neighborhood Impact

- F) The subject site is located in Downtown Merced and is surrounded by a variety of commercial and entertainment businesses. Entertainment businesses are common throughout the neighborhood with the Merced Theater (live performance), 17th Street Public House (pub), Vinho's Wine Lounge, The Den (hookah lounge), Regal Hollywood (movie theatre), The Partisan (pub), O'Ryleigh's Tavern (pub), Casino Merced, Poker Flats, Merced Playhouse Merced (live theatre), and El Palacio Night Club, Tioga Sequoia (tap room), and Hi-Fi Wine (wine bar) all located within 1,400 feet of the subject site. Given the abundance of alcohol sales and entertainment businesses in the Downtown area, and the fact that this site was previously approved for a nightclub with alcohol sales, staff does not anticipate that this approval would create any unusual circumstances for the neighborhood.

Staff reached-out to the State Department of Alcoholic Beverage Control and found that there are currently no alcohol licenses for off-site consumption within 400 feet of the subject site. The nearest such license (within Census Tract - 13.02) is located approximately 1,000 feet south at 1425 Martin Luther King Jr Way (Smart & Final).

A Public Hearing Notice was circulated in the Merced County Times and mailed to property owners within 300 feet of the subject site three weeks prior to this public hearing. As of the date that this report was prepared,

staff has not received any comments or concerns from the public about this request.

Signage

- G) The applicant has yet to determine the official locations of signs, and type of signs they would install. The subject site is located within the City's Design Review District and would require a staff level design review permit prior to installation of any signage and require compliance with Merced Municipal Code Section 17.36 (Article IV) – Regulations for Downtown (Conditions #15).

Alcohol Sales

- H) The Merced Municipal Code requires a Conditional Use Permit for alcohol sales for markets under 20,000 square feet (MMC 20.44.010). In addition, alcohol sales shall require a Finding of Public Convenience or Necessity from City Council, because the census tract in which the site is located is considered to be overconcentrated with licenses for off-site consumption by Alcoholic Beverage Control Standards.

In order for the Planning Commission to approve or deny a request for the sale of alcoholic beverages for off-site consumption, they must consider the following criteria and make findings to support or deny each criteria per MMC 20.44.010:

Criteria #1

The proposed use will not result in an "undue concentration" of establishments dispensing alcoholic beverages as defined by Section 23958 and 23958.4 of the California Business and Professional Code and giving consideration to the California Department of Alcoholic Beverage Control's guidelines related to number and proximity of such establishments within a 1,000-foot radius of the site.

Finding #1

The subject site is located within Alcoholic Beverage Control Census Tract 13.02. In checking with the State of California Alcoholic Beverage Control District, this census tract is overconcentrated with alcohol licenses. In addition, Merced is listed as a Moratorium City for Type 20 and Type 21 alcohol licenses by the Department of Alcoholic Beverage Control. Due to this the applicant would need a Finding of Public Convenience or Necessity which the City of Merced requires be

approved by the City Council. Approval of CUP #1272 is contingent upon City Council approval of a Finding of Public Convenience or Necessity (refer to Condition #26)

Criteria #2

The proposed use will not adversely affect the economic and societal welfare of the pertinent community or residentially zoned community in the area of the City involved, after giving consideration to the distance of the proposed use from residential buildings, churches, schools, hospitals, public playgrounds, and other similar uses; and other establishments dispensing, for sale or other considerations, alcoholic beverages including beer and wine.

Finding #2:

There are residential uses located approximately 350-400 feet to the west of the subject site (the Loft Apartments) and additional residential uses approximately 500 feet to the east (apartments above the Merced Theater). All of these units are located within a Central Commercial (C-C) Zone. Additional residential uses in the C-C zone are located within a 600-foot and 1,000-foot radius. The nearest park is Bob Hart Square approximately 250 feet west of the subject site. The nearest school is East Campus Educational Center and Independence Highschool approximately 2,400 feet east of the subject site.

Criteria #3

The crime rate in the area of the proposed site. Particular attention shall be given to those crimes involving public drunkenness, the illegal sale of narcotics, disturbing the peace, and disorderly conduct.

Finding #3:

Between June 1, 2022, and June 7, 2023, the Merced Police Department recorded approximately 1,000 incidents within a 500-foot radius of the subject site. The table on the next page shows the number of incidents within that area involving public intoxication, assaults, MMC violations, and narcotics violations (totaling 221 incidents during the 12-month period). As shown on the attached Incident Map (Attachment E of Staff Report #23-642. The number of incidents reported City-wide for the same time period was approximately 73,000. Based on the total number of calls within the City, the 1,000 calls to this area equals 1.3% of the overall calls for service within the City. As shown on the attached Crime Hot Spot Map for the City of Merced (Attachment D of Staff Report #23-

EXHIBIT B

OF PLANNING COMMISSION RESOLUTION #4117

642), crime rates in this area are considered Verry High compared to the rest of the City. However, most of the incidents surrounding the site were not related to alcohol.

Incidents and Cases Reported (June 1, 2022 – June 7, 2023)

Incident/Case Type	Number of Incidents
Public Intoxication	7
Disturbance (assaults)	127
MMC*	82
Narcotics violations	5

*Municipal Code Violations regarding open containers, drinking in public, etc.

Planning staff consulted with the Merced Police Department regarding alcohol sales at this location. The Police Department did not have significant concerns with this request and is not requiring any conditions of approval not normally associated with alcohol sales for off-site consumption. Based on the information provided by the Police Department, staff does not anticipate that the approval of this request would adversely affect the economic and social welfare of the surrounding area.

Conditional Use Permit Findings

I) In order for the Planning Commission to approve or deny a conditional use permit, they must consider the following criteria and make findings to support or deny each criteria per MMC 20.68.020 (E) – Findings for Approval.

1. *The proposed use is consistent with the purpose and standards of zoning district, the general plan, and any adopted area or neighborhood plan, specific plan, or community plan.*

As shown under Finding A, the proposed project complies with the General Plan designation of Regional/Community Commercial (RC) and the zoning classification of Central Commercial (C-C) with approval of this conditional use permit and design review permit.

2. *The location, size, design, and operating characteristics of the proposed use will be compatible with the existing and future land uses in the vicinity of the subject property.*

EXHIBIT B

OF PLANNING COMMISSION RESOLUTION #4117

As shown under Finding D – Building Elevation , Finding E – Floor Plan, and Finding F -Neighborhood Impact, staff believes that the location, size, design, and operating characteristics of the proposal would be compatible existing and future land uses in the vicinity.

3. *The proposed use will not be detrimental to the public health, safety, and welfare of the city.*

As shown under Finding H– Alcohol Sales, staff does not anticipate that this proposal would be detrimental to the public health, safety, and welfare of the City. Planning staff consulted with the Merced Police Department regarding alcohol sales at this location; the Police Department did not have any significant concerns with this request and is not requiring any conditions of approval not normally associated with alcohol sales for off-site consumption. Based on the information provided by the Police Department, staff does not anticipate that the approval of this request would adversely affect the public health, safety, and welfare of the City.

4. *The proposed use is properly located within the City and adequately served by existing or planned services and infrastructure.*

The proposed convenience market is properly located within the City and adequately served by existing or planned services and infrastructure such was street access, sewer connections, water connections, and other utilities.

Environmental Clearance

- J) Planning staff conducted an environmental review (Environmental Review #23-18) of the project in accordance with the requirements of the California Environmental Quality Act (CEQA), and a Categorical Exemption (no further environmental review is required) is being recommended (Attachment F of Staff Report #23-642).
