Background:

Two obsolete portable buildings will be donated to the MCFD to support their new emergency response training center on Hawkeye Avenue in Merced. The buildings were previously removed from classroom service at Chenoweth Elementary in 2018 due to their condition and not being approved infrastructure for use by students in compliance with the Division of State Architects (DSA). The units will no longer be required for the current use of housing the F&H Construction team and the District's Facilities Department. The buildings were originally scheduled for demolition and disposal at a direct cost to the District after the completion of the OSSC Warehouse construction project, located on Wardrobe Avenue in Merced.

An alternative plan was proposed to repurpose the remaining useful life and donate them to MCFD. MCFD accepts costs for removal, transport, and repurposing of the portable buildings upon transfer. It is estimated the remaining fair value of the portable buildings to be \$35,000.00 each. If approved by the Board of Education the estimated total value of this donation is \$70,000.00. The MCSD Executive Cabinet met and discussed both building disposition options and found it reasonable and appropriate to support the MCFD request.
