## Citizen Action Request Form: Traffic Committee

Contact Person: Brian Bottomley Day Phone: [REDACTED]

Email Address: [REDACTED]

Address: [REDACTED] Today's Date: January 4, 2024

Location of Concern (map attachments and photographs are encouraged):

Highway 59 near Olive Ave

### Describe Concerns At This Location:

On highway 59 between Olive Avenue and Black Rascal Creek, vehicles have been stopping to turn against flowing traffic to go into either gas station located on both corners of the roadway.

This is creating traffic flow issues and increasing the risk of accidents due to people wanting to cross on highway 59 North just before Black Rascal Creek bridge.

there are signs in each of the driveways that traffic is choosing to turn into that say do not enter as you are viewing the turn from either north or south on highway 59. With as narrow as the Black Rascal Creek bridge is, and that it is a major thoroughfare with high volumes of traffic during any given hour of the day, a barrier of some sort should be erected to stop traffic along highway 59 north from turning left or right against normal traffic.
