Location of Concern (map attachments and photographs are encouraged):

123 S N St, Merced, CA 95341

Describe Concerns At This Location:

The intersection at Alicia Reyes Elementary school, N St and W Childs Ave, currently does not have a left turn signal light at any of the 4 lights. During drop off and pick up times, when traffic increases the most, many children walk home and cross the street while vehicles speed through and pose a safety risk to the children. There should be a flashing light alerting drivers that school children are crossing, stop signs to slow down traffic, or a left turning signal to prevent speeding cars that are turning to go before or after children safely cross the street. A crossing guard would help, but would not be enough. A second contact [REDACTED]
