WHEREAS, Developer's Property is proposed to be developed as 140 single-family lots ("Project"); and,

WHEREAS, A condition of approval of Developer's map requires Developer's Property to annex to the District or provide other acceptable security to finance certain services provided by the City; and,

WHEREAS, In accordance with the City's policy regarding use of the Act, the Developer is required to compensate the City for all costs incurred in connection with the annexation to the District, including the amendment of the rate and method of apportionment to establish the special tax for the Property (the "RMA"); and,

WHEREAS, Section 53314.9 of the Act provides that, at any time either before or after the formation of a community facilities district, the legislative body may accept advances of funds from any source, including, but not limited to, private persons or private entities and may provide, by resolution, for the use of those funds for any authorized purpose, including, but not limited to, paying any cost incurred by the local agency in the formation of or annexation to a community facilities district; and,

**WHEREAS**, Developer and City wish to provide for the payment of expenses in connection with the annexation to the District; and

WHEREAS, There is a substantial lag time between the annexation to the District and the collection of sufficient special tax revenue to off-set the costs of providing certain maintenance activities associated with landscape and storm drain facilities installed by Developer to be dedicated to the City; and,

WHEREAS, City and Developer wish to provide for the payment covering a shortfall of collection of sufficient special tax revenues to offset the costs of maintenance due to (i) the lag time between annexation and development, and (ii) a reduced number in the actual units or square footage constructed.

**NOW THEREFORE**, for and in consideration of the mutual promises and covenants herein contained, and for other good and valuable consideration the receipt and sufficiency of which is hereby acknowledged and agreed, the parties hereto agree as follows:

#### SECTION 1. INITIAL DEPOSIT.

- (a) Prior to the commencement of any legal proceeding to annex to the District, the Developer shall deposit with the City for the benefit of the District the amount of Twenty-Five Thousand dollars (\$25,000) (the "Initial Deposit"). The City, by its execution hereof, acknowledges receipt of and accepts the Initial Deposit.
- (b) The Initial Deposit, together with any subsequent deposit required to be made by the Developer pursuant to the terms hereof (collectively, the "Deposits"), are to be used to pay for any costs incurred for any authorized purpose in connection with the annexation to the District, including, without limitation, the following:
  - i. The reasonable fees and expenses of any consultants to the City employed in connection with the annexation to the District, including an engineer, special tax consultant, financial advisor, special counsel, and any other consultant deemed necessary or advisable by the City; and,
  - (ii) The reasonable costs of rate and method analysis, and feasibility studies and other reports deemed necessary or advisable by the City in connection with the annexation to the District; and,
  - (iii) The reasonable costs of publication of notices, preparation and mailing of ballots and other costs related to any hearing, election or other actions or proceedings undertaken in connection with the annexation to the District; and,

- (iv) Reasonable charges for City staff time incurred in connection with the annexation to the District, including a reasonable allocation of City overhead expense related thereto; and,
- (v) Any and all other actual costs and expenses incurred by the City in connection with the annexation to the District, including amendment of the RMA, (collectively, the "Initial Costs"). The City may draw upon the Deposits from time to time to pay the Initial Costs.
- (c) If, at any time, the unexpended and unencumbered balance of the Deposits is less than Five Thousand Dollars (\$5,000), the City may request, in writing, that the Developer make an additional deposit in an amount estimated to be sufficient, together with any such unexpended and unencumbered balance, to pay for all Initial Costs. The Developer shall make such additional deposit with the City within two weeks of the receipt by the Developer of the City's written request therefor. If the Developer fails to make any such additional deposit within such two-week period, the City may cease all work related to the annexation to the District and withhold further permits or approvals for the Project.
- (d) The Deposits may be commingled with other funds of the City for purposes of investment and safekeeping, but the City shall at all times maintain records as to the expenditure of the Deposits.
- (e) The City shall provide the Developer with a written monthly summary of expenditures made from the Deposits, and the unexpended balance thereof, within ten 45339093.2

(10) business days of receipt by the City of a written request therefor submitted by the Developer, provided that the City shall not be required to provide a summary of expenditures more frequently than one time during each calendar month. The cost of providing any such summary shall be charged to the Deposits.

the Developer any portion of the Deposits which have not been expended or encumbered to pay Initial Costs by the time of the election on said proposed levy of special tax. If the qualified electors of the District do not approve the proposed levy of special tax, Developer shall not be entitled to the return of the unexpended deposit nor shall the Developer by entitled to develop or proceed with the Project until such time as the Property is included within the District and a special tax levied, or other financing mechanism acceptable to the City is secured for the financing of the Services.

#### SECTION 3. <u>DEVELOPER CONTRIBUTIONS</u>.

- (a) Shortfall of Units. If Developer does not construct the anticipated number of units and/or square footage as shown on Exhibit "D", the Developer agrees that Special Tax for the Property specified in the RMA would be recalculated at the Developer's expense to more accurately reflect the number of units or square footage actually constructed. If such recalculation is subsequent to the annexation to the District, the Developer agrees to make a contribution to the District in an amount acceptable to the City to cover such shortfall within 10 days following the amendment of any map or condition, or the issuance of the final building permit, for the Project, which lowers such units or square footage.
- Delayed Acceptance and Maintenance of Landscaped Areas and Storm Drain

  Facilities. City and Developer agree that it is in the best interests of the parties hereto that the landscaped areas and storm drain facilities installed by Developer to be dedicated to the City shall be maintained by Developer until such time as sufficient special tax revenue is collected by the County Tax Collector and distributed to the District to allow the City to provide for the proper maintenance and care thereof. A notice of completion does not relieve the Developer of its duty to maintain landscaped areas and storm drain facilities.

Developer shall provide to City at the time that Developer believes the landscape area and storm drain facilities meet City standards for acceptance an estimate of the cost

of on-going maintenance and care. Developer shall provide City with number of building permits pulled and those estimated for the next six months.

Based on the information provided by the Developer, City shall estimate when sufficient special tax revenues (less amounts for other services) will be available to the District to support on-going maintenance of the landscaped areas and the storm drain facilities and to support acceptance of the landscaped area and the storm drain facilities. When City has determined the date it should accept the landscaped areas and the storm drain facilities, City shall notify Developer of such date.

[Notwithstanding the above, if a 50% threshold has been achieved in the issuance of number of occupancy permits for all residential units, and/or if occupancy permits have been issued for 50% or more of the total square footage of all other property, and the City has determined sufficient special tax revenues to support acceptance of the landscaped area and the storm drain facilities, the City shall notice Developer of the date that the City shall accept the landscaped areas and storm drain facilities.]

On and after the date that the City actually accepts such landscaped areas and storm drain facilities, the District shall be responsible for the maintenance thereafter, except for any remaining warranty or maintenance work to be performed by the Developer, the Developer's surety or their respective agents.

**SECTION 4.** <u>AGREEMENT NOT DEBT OR LIABILITY OF CITY</u>. As provided in Section 53314.9(b) of the Act, this Agreement does not constitute a debt or liability of the City. The City shall not be obligated to advance any of its own funds to

pay Initial Costs or any other costs incurred in connection with the annexation to the District, including the amendment of the RMA. No Member of the City Council of the City and no officer, employee, or agent of the City shall to any extent be personally liable hereunder.

SECTION 5. ASSIGNMENT. This Agreement or any right or duty hereunder may not be assigned by either the City or the Developer; provided, however, that Developer shall be entitled to assign its rights, duties, and obligations under this Agreement in connection with any sale, conveyance or transfer of its interest in the Project.

SECTION 6. DISCLOSURE. Developer covenants to the City that Developer shall provide, and shall by contract require developers or merchant builders who purchase all or portions of the Property from Developer to provide, (a) the "Notice of Special Tax" as required by Section 53341.5 of the Act or any similar successor statute and (b) a notice approved by the City to be distributed and signed by prospective purchasers in a form similar to the Notice of Special Tax (the "Information Notice"). Developer agrees to include a statement in the Notice of Special Tax and/or the Information Notice that prospective purchasers acknowledge that due to the RMA and timing of the close of escrow, the special tax levy may not be levied in time to appear on the initial property tax bill for such purchaser. Developer further covenants to send copies to the City of such executed Notices within thirty (30) days after execution by a prospective purchaser. Developer expressly acknowledges that City and the District shall have no duty or

obligation and shall incur no liability, jointly or severally, with respect to the foregoing covenant of Developer.

SECTION 7. MUTUAL ASSISTANCE AND COOPERATION. The City and Developer will assist one another mutually in the annexation to the District, the formulation of special taxes to be levied on the Property, and both parties will mutually assist one another in otherwise undertaking and furthering the goals and objectives set forth in this Agreement.
