streams acquired, the addition of key staff or volunteers, or success stories of program participants. This narrative should be reflective of the data presented on page 1.
This quarter, we successfully recruited new members through our summer camps and by attending various outreach events aimed at increasing engagement. We've also established new partnerships, including receiving support through the CAL OES Grant and the Taco Bell Grant. Additionally, we partnered with Panda Express and participated in Panda Cares Day on August 25. It was heartwarming to see the youth receive backpacks for school and enjoy a meal from Panda Express. Over the summer, we welcomed new staff members who have remained with us and have begun building strong, meaningful relationships with the youth. Another highlight of the quarter was our annual basketball event, held on Saturday, August 2 it was a lively and well-attended occasion!
Barrier Marchell and Land development barrier and different control of the control of the control of Figure 1
Barrier Narrative - please describe any barriers or modifications required over the reporting period. This can
include any partnerships or funding lost, the loss of key staff or volunteers, or additional internal or external

include any partnerships or funding lost, the loss of key staff or volunteers, or additional internal or external complications. This narrative should be reflective of the data presented on page 1. Transportation continues to be a significant barrier to consistent member attendance. When we had access to transportation support through Weaver, we saw noticeably higher participation. Since that support ended, attendance has declined. Additionally, following the summer, we experienced some staff turnover as a few team members left due to school commitments or new opportunities. Over the summer, we also faced several incidents that impacted the overall program atmosphere, which contributed to a decrease in member engagement. These challenges have highlighted the ongoing need for transportation solutions and continued staff support to maintain steady attendance and
