Describe Concerns At This Location:

I have lived on San Gregorio Ct. for 13 years. Buena Vista has become a dangerous thoroughfare! Cars and trucks speeding all the time! It has become dangerous for all who live here. Constant wrecks. People running over our animals and wild life. There are children walking to and from school at Rivera that are in constant danger. Why don't we have speed bumps on this side of Buena Vista like the other side?

We have just as many children walking to and from school at Rivera as the other side of Buena Vista, so why don't we already have speed bumps or stop signs? We have a lot of people out walking for exercise or just walking their dogs. It is very dangerous for all. And when there is a function at the frisbee golf park, it is dangerous for them. The police know because they just put out the message boards to slow down when the runners were here last weekend. I constantly have someone right on my bumper when I am turning on to my street because the speeding cars are using Buena Vista as a short cut. Something needs to be done immediately!

Thank - You
