Interests & Experiences

Tell us about yourself, and why you are applying for this particular Board or Commission:

I am currently employed with Recovery Solutions a company that provides mental health services to individual, and I am currently pursuing a degree in Psychology. I have a strong interest in public service, community engagement, and contributing to the continued growth and success of the City of Merced. I currently serve as Vice Chair of the Pioneer Elementary School Site Council, Vice Chair of the Citizens Stipend Setting Commission, and as a member of the Weaver USD Measure K Citizens' Bond Oversight Committee. Through these roles, I have gained experience collaborating with diverse groups, reviewing budgets and policies, and making thoughtful recommendations that serve the best interests of the community. I am applying because I want to become more involved in local government and contribute my time and perspective to improving the quality of life in Merced. Whether the focus is parks and recreation, planning, transportation, housing, or personnel matters, I believe every board and commission plays an important role in shaping a safe, thriving, and well-managed community. I would be honored to serve and help make thoughtful, informed decisions that benefit both current and future residents.

Please list your current employer and relevant volunteer experience.

I am currently employed with Recovery Solutions a company that provides mental health services to individuals. I served as Vice Chair of the Pioneer Elementary School Site Council, and this was my second year on the council, though my first year in the Vice Chair role. In this position, I collaborate with school leadership and fellow council members to review plans, discuss budgeting priorities, and support initiatives that benefit students and families. I am also serving my first year on the Weaver Union School District Measure K Citizens' Bond Oversight Committee (CBOC), where I help review budgets and promote accountability in the use of public funds. Additionally, I served as Vice Chair of the City of Merced Citizens Stipend Setting Commission, where I work alongside fellow commissioners to review and make recommendations regarding elected official stipends in a fair, transparent, and responsible manner.

What is your understanding of the roles and responsibilities of this Board or Commission?

My understanding is that each City Board and Commission serves an important advisory role by reviewing information, considering community needs, and making recommendations to the City Council and City staff within its area of responsibility. Members are expected to become informed on relevant issues, participate in thoughtful discussions, consider diverse perspectives, and make decisions that are fair, transparent, and in the best interest of the community. I also understand that serving on a Board or Commission requires preparation, collaboration, and a commitment to responsible stewardship of public resources. I value these responsibilities and would approach the role with an open mind, integrity, and a willingness to listen and learn while representing the interests of the residents of Merced.

Do you have experience or special knowledge pertaining to this Board or Commission?

While I may not have specialized professional experience in every area represented by the City's Boards and Commissions, I bring valuable experience in collaborative decision-making, public service, budgeting, and community involvement through my leadership roles on the Pioneer Elementary School Site Council, the Citizens Stipend Setting Commission, and the Weaver USD Measure K Citizens' Bond Oversight Committee. These experiences have strengthened my ability to review information carefully, consider different perspectives, ask thoughtful questions, and make recommendations that balance community needs with responsible stewardship of public resources. As a Psychology student, I also have a strong interest in understanding how public policies and community resources affect people's well-being and quality of life. I am eager to continue learning and to contribute my time, dedication, and perspective in service to the City of Merced.

Any other comments you would like to add that may assist the City Council in their decision?

I care deeply about the future of Merced and want to play an active role in helping our community continue to grow and thrive. As both a parent and an engaged community member, I believe it is important to give back through public service and to help shape decisions that will have a lasting impact on future generations. Over the past several years, I have intentionally sought opportunities to serve my community through volunteer leadership roles, and I hope to continue that commitment by serving on a City Board or Commission. If appointed, I will come prepared, listen to diverse perspectives, ask thoughtful questions, and approach every decision with integrity, fairness, and a genuine commitment to serving the best interests of the residents of Merced.
