

Nov. 10, 2015

To whom it may concern:

This letter is to inform you that I Ana L. Peterson have put my Parents home on the market to sell due to my Fathers illness. The property is at 1036 West 10th Street Merced, CA. My mother Bertha Valle passed away on March 17, 2013. My father Manuel Valk now resides at the Franciscan Health Care Center in Merced, CA. My father suffers from Dementia and could no longer live at home. My father continues to make the house payment from his Social Security. At this time he needs all his funds to make his payments to the Franciscan Health Care Center and his health insurance. The sale of the house would insure that he would have all his funds from his Social Security to make his payments every month. Thank you so much for your attention

to this matter.

Sincerely yours,
Ara H. Patel
