Location of Concern (map attachments and photographs are encouraged):

R St. and 2nd St., S St. and 2nd St, and Grogan Ave and 2nd St

Describe Concerns At This Location:

There are currently Stop signs at R St. and 2nd St., S St. and 2nd St, and Grogan Ave and 2nd St, but no stop lights. There are no speed bumps or speed meters. A lot of people speed on the residential street and have to break hard to stop in time. Many dogs and cats often get hit and killed due to speeding vehicles. There have been previous car accidents within the past 2 years where vehicles have flipped over due to speeding while making turns. We urge Traffic Committee to take action and place traffic calming measures at the locations of concerns. There is a school and a few neighborhood parks near-by and traffic calming measures would be ideal to prevent any accidents.
