Interests & Experiences

Tell us about yourself, and why you are applying for this particular Board or Commission:

I have lived in Merced for the past five years and my wife and I decided to buy a house last year and settle down after 10 years of moving around. I have never been involved as a volunteer in my community and am hoping to lend my skills to better this community where we are raising our children. I am applying for the Bicycle Advisory Commission because cycling is a core component of my life. I am a avid triathlete and therefore I ride my bike around and through town for long distances. I also ride my bike to work everyday so the bike paths and laws are important to me. Additionally, I am hopeful that more residents and students can be convinced to commute via bicycle since the campus and city growth will add to the vehicle congestion and carbon emissions of the city. I am interested in the recreation and parks commission for my children. We have two young daughters and a third on the way and I want to make sure that the parks and recreation programs maintain a high quality so that my children and the children of others have great places to play and programs to join as they grow.

Please list your current employer and relevant volunteer experience.

What is your understanding of the roles and responsibilities of this Board or Commission?

Bicycle Advisory Commission - My understanding is that this commission advises the City Council on issues pertaining to bike routes, bike route planning, bike safety and ordinances, and engaging the community in exploring bike ridership. Recreation and Parks Commission - My understanding is that this committee advises the City Council on the Recreation and Parks budget but also assists in the planning of the Merced recreation program. Helping to plan the recreation program is very interesting to me and is something I would enjoy.

Do you have experience or special knowledge pertaining to this Board or Commission?

Unfortunately no.

Any other comments you would like to add that may assist the City Council in their decision?

As stated at the top of this application, I am interested in engaging more fully in the Merced community and hope to use my professional skill sets and personal interests to aid the City Council however I can. Thank you for your consideration.
