EQUIPMENT SPECIFICATIONS
POLICE PATROL/ROAD TOURING MOTORCYCLE**

PART I – BID INSTRUCTIONS

It is the intention of the City of Merced (City) to purchase ONE- (1) new, Police Patrol/Road Touring motorcycle. The equipment specified shall be the manufacturer's current production model and shall be bid with all of the standard equipment as specified in the manufacturer's printed literature. In addition, the bid shall include the attached City specifications.

- A. Instructions to Bidders: The complete bid package must be returned intact. Missing pages or incomplete information may be construed by the City to constitute a non-responsive bid. Non-responsive bids may be rejected.

A place has been provided for each section for which the bidder must enter either "Yes", "No" or "Alternate". Specific sections include the make, model, and other descriptive information needed to clearly describe any alternative offered. If additional spaces are needed, securely attach additional page(s) "Statement of Exception" sheet. Additional pages must be numbered clearly and consecutively, include the section number and signed by a responsible company official on the last page submitted.

- B. Bid Evaluation: Units offered will be subject to analysis and evaluation by the Public Works Department for quality, construction, material, performance characteristics, and compliance with City's specifications. In evaluating the bids, the City intends to make such comparisons, as it may deem appropriate in order to select the bid, which will result in obtaining the unit that best meets its needs.

The bid evaluation will include, but not necessarily limited to, the following factors:

1. Purchase price;
2. Product support services;
3. Delivery time (in calendar days);
4. Warranty.
5. Past Performance.

- C. Bid Response: The bidder shall submit to the City, a complete bid response package detailing the equipment proposed to meet these specifications. It shall also include warranty, product support information, and delivery time in calendar days.

Note: Bids submitted without a clear statement of delivery time may be rejected.

PART II- GENERAL SPECIFICATIONS

Section B. 1. – Warranty and Product Support

Matt Herwaldt

Herwaldt Motorsports

Limited Warranty 2021 Police Motorcycles (Valid only in the U.S.A.)

Warrantor - BMW of North America, LLC ("BMW NA") warrants to the first retail Public Authority (Purchaser) and each subsequent Purchaser of 2021 U.S. specification R 1250 RT-P, F 850 GS-P and F 750 GS-P BMW Police motorcycles, imported by BMW NA against defects in material or workmanship.

Warranty Begins - Coverage begins with the date of the first retail sale or the date the vehicle is first placed into service as a sale demonstrator, BMW Press vehicle, BMW Employee Lease vehicle, BMW demonstrator, BMW display vehicle, BMW Fleet vehicle or BMW dealer demonstrator prior to sale at retail, on the date the vehicle is first placed in such service.

Warranty Period - The warranty period is 36 months or 36,000 miles (60,000 miles for BMW Authority vehicles) whichever occurs first except for as noted below.

Warranty Coverage - To obtain warranty service coverage, the vehicle must be brought, upon discovery of the defect in material or workmanship, to the workshop of an authorized BMW motorcycle and scooter dealer in the United States or Puerto Rico, during normal business hours. This BMW dealer will, without charge for parts or labor, either repair or replace the defective part(s) using new or authorized remanufactured parts. The decision to repair or replace said part(s) is solely the prerogative of BMW NA. Parts for which replacements are made become the property of BMW NA. In all cases, a reasonable time must be allowed for warranty repairs to be completed after the vehicle is received by the BMW dealer. Warranty repairs do not constitute an extension of the original limited warranty period for the vehicle or a part thereof.

BMW NA hereby excludes incidental and consequential damages, including loss of time, inconvenience, or loss of use of the vehicle, for any breach of any express or implied warranty, including implied warranty of merchantability that may be applicable to this product. Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations and exclusion may not apply to each owner. This warranty gives the owner specific legal rights and the owner may also have other rights, which vary from state to state. Any legal claim or action arising from any express or limited warranty contained herein must be brought within 12 months of the date it arises. This warranty is applicable to US specification motorcycles and scooters operated within the United States. US specification motorcycles and scooters operated outside of the United States may be covered by the BMW Motorrad international limited warranty, which may differ in coverage from the US limited warranty. All maintenance services must be performed to keep your warranty coverage valid. It is the owner's responsibility to maintain the vehicle as indicated by the vehicle's Condition Based Service (CBS) display and/or as outlined in the Maintenance Service Summary section of this booklet. Prior to performing service or repair work under warranty, when necessary, the owner must present to the authorized BMW dealer proof that the periodic maintenance services were performed at the required intervals. The repair invoices/receipts for the completion of required maintenance services should be retained for this purpose.

Notwithstanding the above, the following items are warranted against defects in material and workmanship for the first 12 months:

- Halogen headlight bulbs
- Paint, powder coat and chrome finishes and Chrome

Notwithstanding the above, the following items are warranted against defects in material and workmanship for the first 24 months:

- Batteries
- Xenon & LED bulbs as original equipment supplied by BMW (not Code 3, see below for Code 3 LED warning light warranty)

This warranty does not apply to the following, except as noted above:

- a.) Maintenance Services:** Maintenance services and parts when replaced during maintenance such as spark plugs, lubricants, fluids, engine tune-up parts, replacement of filters and coolant. Mechanical adjustments or repairs that become necessary through normal wear and tear such as throttle body synchronization, steering bearing adjustments or other periodic maintenance oil.
- b.) Failure to maintain** the vehicle properly in accordance with the Owner's Manual or the Service and Warranty Information booklet that results in the failure of any part of the vehicle.
- c.) Service & Wear Items:** This includes, the replacement of light bulbs, brake pads, linings and rotor assemblies; clutch plates, steering head, wheel and swing arm bearings and ball joints; fuses, control cables, poly V-belt replacement, drive chains, belts, sprockets and pulleys; exhaust pipes and mufflers for discoloration of finish and rubber items such as hand grips, foot rests, foot shift and control cable shields.
- d.) Batteries:** Batteries that exhibit signs of neglect and/or overcharging. Batteries in remote keys/hand-held transmitters account as consumables and are, therefore, not included in the scope of the warranty.
- e.) Tires:** Tires and tubes are warranted by their respective manufacturer for defects in materials and workmanship.
- f.) Garmin Products:** Garmin products manufactured by Garmin International and marketed by BMW NA through BMW Motorrad USA authorized dealers are warranted by Garmin International, for defects in material and workmanship. Please refer to the warranty information provided with these products for further details.
- g.) Improper fuel usage:** Only use fuels advertised to have adequate detergency and low alcohol: For bikes up to and including MY 2018 - maximum 10% ethanol content For MY 2019 & Newer - maximum 15% ethanol content. Please refer to the owner's manual for important information on the fuel recommended for use in the vehicle. Use of fuels with insufficient detergent and/or excess alcohol can cause drivability problems that necessitate cleaning intake valves and fuel injection valves, and, when applicable, adjusting the engine idle. We suggest having this work performed by an authorized BMW dealer, perhaps while regular maintenance is performed. A BMW dealer can also recommend a gasoline additive that will provide sufficient detergency. While this recommended unscheduled maintenance is not required in order to maintain the emission warranty, cleaning of intake valves or, when applicable, fuel injection valves, or adjustment of engine idle, necessitated by use of inappropriate fuel, is not covered by warranty because no defect in material or workmanship or component failure is involved.
- h.) Damage:** This includes, but is not limited to, damage resulting from negligence, improper treatment, extreme lack of use (100 miles or less per month on average) or improper storage, the installation and use of side cars, three wheel conversions, trailer hitches, the towing of trailers of any description, accidents or improper accident damage repairs, corrosion from road salts, battery acid, cleaning agents, environmental influences, or treatment contrary to the Rider's Manual.
- i.) Non-Genuine BMW Parts:** While you may elect to use non-genuine BMW parts for maintenance or repair services, BMW NA is not obligated to pay for repairs of the non-genuine BMW parts or for repairs of any damage resulting from the use of non-genuine parts. BMW NA will not accept any liability under this warranty for repair of, or damage caused by, any parts and accessories not approved by BMW.
- j.) Damage to a component:** or assembly due to the installation of replacement parts with specifications that differ in any material respect from Original BMW Parts.
- k.) Towing:** Limited towing assistance is available through the BMW Motorcycle Roadside Assistance Plan.
- l.) Code 3 Emergency Products-** BMW NA has arranged with Code 3 Public Safety Equipment, Inc. ("Code 3") to allow authorized BMW motorcycle retailers to process valid Code 3 claims for warranty repair / replacement of Code 3 products under the Code 3 warranty; but only for Code 3 products supplied by BMW NA on new BMW police motors and originally distributed by BMW NA through the BMW parts system. Code 3 warranty duration is 3-years for LED light heads, 3-years for siren amplifiers and LED flasher modules and 2-years for siren speakers. Please refer to the warranty information provided by Code 3 with these products for further details. BMW NA does not warrant these products. The ability to utilize the BMW NA warranty system for Code 3 claims is solely for dealer and customer convenience and maximizes customer satisfaction. BMW NA reserves the right to terminate this arrangement.
- f.) Other Emergency Parts** (Lighting, mounting parts, Siren Systems) - These components manufactured and distributed by FMS Accessories, Whelen, Federal Signal and Unitorl are warranted by their respective manufacturer for defects in material and workmanship. Please refer to the warranty information provided with these products. Specifically, for products purchased from FMS Accessories please see the FMS policy at <https://fmsaccessories.com/warranty>

The warranty shall be null and void if:

- The motorcycle or scooter is used in any competitive events.
- The motorcycle or scooter has been declared a total loss or sold for salvage purposes.
- If the Vehicle Identification Number has been altered or cannot be read.
- Any non-BMW approved performance accessory or component attached to the vehicle which alters the original engineering and/or operating specifications which results or may result in damage to other original components.
- If the odometer has been replaced or altered and the true mileage cannot be determined.

City of Merced, Department of Public Works Operations

To whom it may concern,

We would like to share with you we believe we are the most qualified BMW dealer to build you next 4 or more BMW Authority motorcycles based on our history and experience with BMW Authority motorcycles. We have the same BMW Master technician complete all Authority builds and we offer the complete turnkey solution and have the experience necessary to deliver what you are looking for. Our Master BMW technician has built and we have delivered hundreds and hundreds of BMW Authority motorcycles to Police Agencies throughout California. We have worked with the City of Merced with a past build / delivery and we continue to be the preferred service provider for the City of Merced Police Department with their current fleet of bikes. Below is a sample of the Police Agencies that we have worked with in the past:

Merced PD, Arroyo Grande PD, Patterson PD, Benicia PD, Turlock PD, Stanislaus Sheriff, Scotts Valley PD, Santa Ana PD, Fresno PD, Clovis PD, Madera PD, Sanger PD, Lemoore PD, Hanford PD, Dinuba PD, Riverbank PD, Paso Robles PD, Atascadero PD.

In regards to deliver time frame for your first bike, we will be able to deliver on or before March 31st, 2022 based on the current delivery expectations from BMW Motorrad. The deliver fee is \$300 per bike for us to deliver to the City of Merced, however if a Merced PD officer or other approved representative from the City of Merced or Merced PD would like to take delivery of the bike at our dealership then would we would be able to reduce our bid price by \$300 and bring it down to \$29068.83. This pricing is valid for the complete 2021 into the 2022 model year of BMW Police RT-P motorcycles.

We look forward to serving the City of Merced and Merced PD in the future. We are a family owned third generation business and have been serving the Central Valley of CA since 1969.

Thank you for your consideration,

Matt Herwaldt

Herwaldt Motorsports

About Herwaldt Motorsports

Our Mission Statement

Motorcycles are our passion! We are motorcycle enthusiasts and it is our mission at Herwaldt Motorsports to build relationships for life by providing service that exceeds all expectations through our people...who are professional, totally dedicated and always appreciative of our clients business. Our team is committed to passionately promote the BMW, Ducati, & Indian Motorcycle lifestyle through dedication, integrity and teamwork.

Our Values

We at Herwaldt Motorsports, are committed to being the best that we can be by adhering to the following values

Commitment To Customer Enthusiasm

We continually exceed the expectations of our internal and external customers by providing quality products and services paying consideration to the price value relationship, and by listening to the changing needs of our present and future partners. Our customers know that we really care.

Trust And Respect For The Individual

We have no greater resource than our people. We believe that demonstrating respect for uniqueness of every individual builds a team of confident, creative team members possessing a high degree of initiative, self respect and self discipline.

Team Work

We are dedicated to singleness of purpose through the effective involvement of members, vendors, customers, and the community. A fundamental tenet of our philosophy is the belief that effective teams engage the talents of individual members while encouraging team growth.

Continuous Improvement

We know that sustained growth depends on our ability to continually improve on the services we provide and the skills we possess. We are fostering opportunity for personal, professional, and organizational growth and innovation for all team members.

Commitment To Excel

There is no place for mediocrity and half - hearted efforts at Herwaldt Motorsports. We accept responsibility, accountability and authority for overcoming obstacles and reaching beyond the best. We choose to excel in every aspect of our business including return on investment so we may better serve our community long into the future.

Priority Statement

At Herwaldt Motorsports we strive to put our customers ahead of ourselves through the creation of win-win situations where some course of resolution might be needed. Utilizing the talents of the team through empowerment, we recognize that in order to better serve the needs of both internal and external customers in the future, it is essential to exceed customer enthusiasm in the present.

**BMW
MOTORRAD**

BMW R 1250 RT-P

Standard Navigation with use of
Motorrad Connected APP

Today's needs for homeland security and law enforcement challenge every agency with limited budgets to utilize its resources as broadly as possible. The BMW R 1250 RT-P provides the strongest combination of balanced performance, active & passive safety, operational utility and economy in one sleek package. BMW listens to the needs of motor officers and provides the most comprehensive equipment package in the industry at an affordable price – with the widest array of optional equipment available.

No police motor on the market today provides the level of value found on the BMW R 1250 RT-P.

- 1 **Performance:** class leading balanced performance with new standard suspension for 2019.
- 1 **Lighting:** state-of-the-art emergency lighting system, with take-down & alley lights, wig-wag headlight, etc.
- 1 **New ShiftCam Engine:** new variable valve timing is like two engines in one for superior performance and economy.
- 1 **Standard ABS brakes:** provide superior stopping power combined with traction control and std. hill stop control.
- 1 **Versatility:** pre-wired radio box connections means less costly upfitting of police equipment.
- 1 **Power to spare:** linked auxiliary battery powers emergency equipment with enhanced charging at idle keeps equipment running.
- 1 **Superior cooling:** fan-driven air / water-cooled twin won't over-heat in parades or congested traffic with no heat on the rider.
- 1 **Economy:** outstanding fuel economy on regular 87 AKI saves thousands in life cycle cost + 3 year / 60,000 mile limited warranty.

Engine: Air/liquid-cooled four stroke flat twin engine, double overhead camshaft, one balance shaft and variable engine timing system BMW ShiftCam.

Displacement / Bore x Stroke/ HP / Torque: 1,254 cc / 102.5mm x 76 mm / 136 hp @ 7,750 rpm / 105 lb./ft @ 6,500 rpm

Clutch / Transmission / Final Drive: Slipper-gripper hydraulic self-adjusting multi-disc wet / 6-speed constant mesh / BMW Paralever shaft drive

Alternator / Batteries: Three phase alternator 508W (nominal) w/variable idle control / Two 12V x 16 Ah AGM batteries

Wheels: F: 3.50" x 17" MTH2 cast wheel R: 5.50" x 17" MTH2 cast wheel

Tires: Michelin Pilot Road GT / Passes run flat protocols F: 120/70 ZR 17 R: 180/55 ZR 17

Front Suspension: BMW Motorrad Telelever; stanchion diameter 37 mm, central spring strut; Electronic Suspension Adjustment; 120 mm travel

Suspension Travel: Cast aluminum single-sided swing arm with BMW Motorrad Paralever; Electronic Suspension Adjustment; 136 mm travel

Brake System: BMW Motorrad Full-Integral ABS Pro: Dual floating brake disc Ø 320 mm, four piston radial caliper R: Single disc Ø 276 mm, double piston floating caliper

Fuel Capacity / Type / MPG 6.6 US Gal. including 1 gal. reserve / 87 AKI minimum octane / 49.5 mpg (WMTC)

Vehicle Weight / GVWR / Max Payload: 650 lbs. wet / 1,091 lbs. / 441 lbs.

Wheelbase / Steering Head Angle / Castor 58.5" wheelbase / 64.1° / 3.92"

Seat Height: 31.7"/32.5" Std. Seat; 29.9"/30.7" Low Seat; 32.7"/33.5" High Seat

Performance: Acceleration 0 – 100 mph 8.77 sec.; Top Speed 137 mph; Braking 60 - 0 = 130.7 ft. Deceleration Rate 29.63 ft./sec. (2019 MSP Vehicle Test Preliminary Results)

Standard Order Deck: BMW twin-speaker electronic siren system; BMW LED emergency lighting system with regular or wig-wag take-down lights, alley lights, cruise lights, wig-wag headlight with photo-eye control, pre-wired radio box with VSS, radar plug, accessory power connections, integrated PTT & PTPA buttons, electronic radio box release.

Warranty: 3-year / 60,000 mile BMW Limited New Motorcycle Warranty, plus 3-year BMW Roadside Assistance

Standard features includes dual linked battery system with parasitic load & charge control, center stand, blue ID lights, engine protection, heated seat, heated handlebar grips, hand protection, electrically adjustable windshield, hazard warning flashers, fan-driven cooling system, radio box w/solo seat, and ABS brakes w/traction control, ABS Pro, hill-start, tire pressure monitoring, weather protection, fairing radio speakers w/mute, calibrated digital speedometer, electronic suspension control, adjustable seat & hand levers.
