Zip Code of Participants	95340	95341	95344	95348	Other/ Unknown	

<b>Staff Structure to Support Program</b>	
Employed Staff	Destiney Ybarra
Interns	Una, Betsy, Jeremy,
Volunteers	

**Success Narrative-** please describe any progress your program has experienced over the reporting period. This could include experiences with member recruitment, facility needs, partnerships formed, funding streams acquired, the addition of key staff or volunteers, or success stories of program participants. This narrative should be reflective of the data presented on page 1.

When we opened in May of 2024, we started with a Merced College Extreme Registration, bringing the college team to the McNamara Community Center. This allowed local community members to sign up for college without traveling across town. (see pictures below).

Since May, we have had our doors open every day for after-school activities and then a summer kids program where children between 5 and 15 could come and learn, grow, and develop, learn social skills, go on field trips, and receive a backpack of their choosing for participating in 'homework' activities.

We are hosting the "Neighbors Unidos" collaborative to help people understand how our city council functions and how people can have a voice.

We have started our weekly food pantry where community members can get fresh fruits, vegetables, and staple items.

Our team is helping several families with various tasks, including Section 8 applications, resume building, job searches, etc.

**Barrier Narrative-** please describe any barriers or modifications required over the reporting period. This can include any partnerships or funding lost, the loss of key staff or volunteers, or additional internal or external complications. This narrative should be reflective of the data presented on page 1.

There were some initial 'hiccups' with leaking roofs, flooded bathrooms, a/c not working well. ... but they all got resolved. THANK YOU, Chris and maintenance crew.

**Program Photos-** Please ensure that any photographs used are authorized by a photo release approving the use of the participants image in program material such as this report.
