RQ#:

Citizen Action Request Form: Traffic Committee

Contact Person: Mary Lincoln Brown Day Phone: [REDACTED]

Email Address: [REDACTED]

Address: [REDACTED] Today's Date: 12/12/2022

Location of Concern (map attachments and photographs are encouraged):

The alley behind my home located on corner of Yosemite Ave and Paulson
In the past we have requested and gotten No Parking signs put up and the curbs on Paulson painted red.

Describe Concerns At This Location:

When coming out of our alley (see map) it is difficult to see pedestrians or oncoming traffic which is coming quickly around the corner of E Yosemite onto Paulson. Even though I go very slowly and watch carefully I have almost been hit by cars turning right onto Paulson from E Yosemite. There isn't enough room for them to see us. Also joggers, pedestrians and people on skateboards pass our alley without realizing there is a "driveway" there. People coming down the sidewalk don't expect cars to be entering or exiting there creating a dangerous situation.

Would mirrors help us see who is coming?
Painting the sidewalk?

Hopefully you can design some way to make this safer for the many students from Peterson and Cruickshank Schools who use this sidewalk daily and give the 13 residents a safer access to their garages.
