Maintenance for Esri's ArcGIS suite of products that are used for maintaining Client's GIS data will be contracted by Client separately with Esri.

When Custom interface is included, Custom interface will be operational with existing third-party software. Any subsequent changes to third-party applications may require additional services.

Client may access updates and enhancements to the product, as described in Section C(8).

2. <u>SaaS Fees</u>. Client agrees to pay Tyler the SaaS Fees. Those amounts are payable in accordance with Tyler's Invoicing and Payment Policy. Client acknowledges that continued access to the SaaS Services is contingent upon your timely payment of SaaS Fees. If you fail to timely pay the SaaS Fees, we may discontinue your access to the SaaS Services. We may also terminate this Socrata Agreement if you don't cure such failure to pay within forty-five (45) days of receiving written notice of our intent to terminate.

3. <u>Ownership</u>.

    3.1 Tyler retains all ownership and intellectual property rights to the SaaS Services.

    3.2 When Client uploads or provides Client Data to the Socrata SaaS platform, Client grants to Tyler a perpetual non-exclusive, worldwide, royalty-free, sub-licensable, and transferable license to use, reproduce, publicly display, distribute, modify, create derivative works of, and translate the Client Data as needed in response to a Monthly Active User's use of the SaaS Services.

    3.3 The SaaS Services provide you with functionality to make all or part of Client Data available to the general public through one or more public facing websites. Client determines which Client Data is shared publicly, and Client is solely responsible for determining the online terms of use and licenses relative to the use by public users ("Public User") of Client Data, and the enforcement thereof. Once an internal user makes Client Data publicly available using the SaaS Services, Tyler has no control over a Public User's use, distribution, or misuse of Client Data. Tyler has no liability or obligation to indemnify for such usage. Users have the ability within the SaaS Services to remove the public permissions applied to Client Data.

    3.4 Tyler reserves the right to develop derivative data assets based on Client's publicly available data. These uses might include but aren't necessarily limited to: aggregating and summarizing data; normalizing, standardizing and concatenating data to create new regional or national data assets; and developing key performance indicators and benchmarks.

    3.5 While Tyler agrees to never commercially sell data Client makes publicly available, we reserve the right to commercially sell derivative data assets we create based on Client's public data.

During the term of the Socrata Agreement, Client may export Client Data as allowed by the functionality within the SaaS Services.

    3.9 If Client provides feedback, information, and/or or suggestions about the SaaS Services, or any other services provided hereunder, then Tyler (and those it allows to use its technology) may use such feedback, information, and/or suggestions under a royalty-free, paid-up, and irrevocable license without obligation to Client.

4.2 Client acknowledges and understands that the Socrata SaaS Services are not designed to serve as the system of record and shall not be used in a manner where the interruption of the SaaS Services could cause personal injury (including death) or property damage. 4.3 Although we have no obligation to screen, edit or monitor the Client Data or Public User content posted on SaaS Services, if, in our reasonable judgment, we discover your use of the SaaS Services threatens the security, integrity, stability, or availability of the SaaS Services, or is otherwise in violation of this Socrata Agreement, we may temporarily suspend the SaaS Services, or Monthly Active Users' access thereto. Unless Client has conducted penetration testing or unscheduled performance testing, Tyler will use commercially reasonable efforts to provide Client with notice and an opportunity to remedy such violation or threat prior to such suspension. Any penetration testing or unscheduled performance testing conducted by Client will result in immediate suspension of the SaaS Services.

5. Reservation of Rights. The SaaS Services, other services, workflow processes, user interface, designs, and other technologies provided by Tyler pursuant to this Socrata Agreement are the proprietary property of Tyler and its licensors.       d. Any open source code provided is provided as a convenience to you. Such open source code is provided AS IS and is governed by the applicable open source license that applies to such code; provided, however, that any such open source licenses will not materially interfere or prohibit Client's limited right to use the SaaS Services for its internal business purposes.

11.   <u>Data Security Measures.</u> In order to protect your Confidential Information, we will: (a) implement and maintain all reasonable security measures appropriate to the nature of the Confidential Information including without limitation, technical, physical, administrative and organizational controls, and will maintain the confidentiality, security and integrity of such Confidential Information; (b) implement and maintain industry standard systems and procedures for detecting, mitigating, and responding to attacks, intrusions, or other systems failures and regularly test or otherwise monitor the effectiveness of the safeguards' key controls, systems, and procedures; (c) designate an employee or employees to coordinate implementation and maintenance of its Security Measures (as defined below); and (d) identify reasonably foreseeable internal and external risks to the security, availability, confidentiality, and integrity of Confidential Information that could result in the unauthorized disclosure, misuse, alteration, destruction or other compromise of such information, and assess the sufficiency of any safeguards in place to control these risks (collectively, Security Measures). Client acknowledges and agrees that Tyler's obligations with respect to Security Measures is subject to Section B(4.2) above.

12.   <u>Notice of Data Breach</u>**.** If Tyler knows that Confidential Information has been accessed, disclosed, or acquired without proper authorization and contrary to the terms of this Socrata Agreement, we will alert Client of any such data breach in accordance with applicable law, and take such actions as may be necessary to preserve forensic evidence and return the SaaS Services to standard operability. If so required, Tyler will provide notice in accordance with applicable federal or State data breach notification laws.
