Canal and W 11th is located next to the South Police Department. This is an intersection that has no traffic controls for north and southbound Canal St. There are stop signs for east and westbound W 11th St. Vehicles that park on Canal St restrict the view for Canal from W 11th St. This is also the northwest corner of McNamara Park. This causes traffic to flow heavy on Canal St making it unsafe to cross. In 2023 January thru Dec 5th there have been 9 reported collisions at that intersection, in 2022 there were 5 reported collisions.

I am requesting this intersection be changed to a 4 way stop. There are no traffic controls on Canal St between W 13th and W 8th St.

2023 9 Vehicle Collisions
2022 5 Vehicle Collisions
