SUBJECT: Fee Estimates For the Annual Work Plan
Third and Fourth Quarter 2018 and the
First and Second Quarter 2019
For PCE Project including 1-Hour R Street Site, Parkway, Sunshine, Bel
Air, Simpson's, and Merced Laundry Dry Cleaners, City of Merced

Dear Mr. Angulo,

At your request, Provost & Prichard Consulting Group (P&P) is providing you with our cost estimate to provide continuing remedial support including operation, maintenance (O&M) and dual phase extraction at the Parkway site, and continuing remedial support and operation and maintenance (O&M) and dual phase extraction at the Sunshine site. All costs are based solely on the tasks listed in the City's Annual PCE work plan submitted to the RWQCB. Additional work scopes can be conducted as requested.

At the Parkway site we have included typical bi-weekly O&M expenses similar to the previous year, preparing a Dual Phase Extraction Workplan, and completing a five month pilot test with Dual Phase Extraction. At the Sunshine site, we have included typical bi-weekly O&M and dual phase extraction expenses similar to Parkway.

This project cost is based on our 2018 Fee Schedule (also attached).

LIMITATIONS

P&P offers various levels of investigative, engineering and design services to suit the varying needs of our Clients. Although risk can never be eliminated, more detailed and extensive investigations yield more information, which help understand and manage the level of risk. Since detailed investigation and analysis involves greater expenses, our Clients assist with determining levels of services that will provide adequate information for their purposes at acceptable levels of risk. Acceptance of this proposal indicates the City of Merced has reviewed the scope of work and determined you do not need or want a greater level of services than that being proposed. Any exception should be noted and may result in high fees.

Regulations and professional standards applicable to P&P services are continually evolving. Techniques are, by necessity, often new and relatively untried. Different professionals may reasonably adopt different approaches to similar problems.

Therefore, no warranty or guarantee, express or implied, will be included in P&P's scope of services.

AUTHORIZATION

If there is a need for any change in the scope of services described in this fee estimate please call us immediately. Changes may require revision of the proposed fee that will be communicated to you.

All information gathered during this project is considered confidential and will be released only upon written authorization of the City of Merced or as required by law.

We appreciate the opportunity to submit this fee estimate and look forward to working with you on this project. If you have any questions or need additional information, please contact Dave or Stephanie in our Clovis Office at (559) 326-1100.

Sincerely,

Provost and Pritchard Consulting Group
