Location of Concern (map attachments and photographs are encouraged):

705 W Main Street (Parking spaces along W Main Street next to the Tioga Sequoia Brewery)

Describe Concerns At This Location:

Given that this is public parking, anyone is allowed to use these spaces. However, the Tioga Sequoia Brewery consistently reserves these parking spaces (they do not have permits) by placing their own cones/signs into the street to block the space for food trucks. They will even do this when no food trucks will be there on that day and the employees get to benefit by parking their cars there rather than residents. As a resident, this is very upsetting as parking is extremely limited downtown and it is hard to find a safe place to leave your car. Attached I have provided pictures of the Tioga Sequoia Brewery blocking the spaces both with employee vehicles (illegally double parked) and with the above states cones/sign. I am requesting that there be signage/markings as to whether this is public or private parking, and to enforce this. There is way too many safety hazards of the food trucks trying to park in the public space when other cars are utilizing these areas such as blocking the crosswalk and road which would require cars to use the opposite side of the road facing oncoming traffic. Please see attached photos for reference.
