Farmdale Elementry S G st and winder

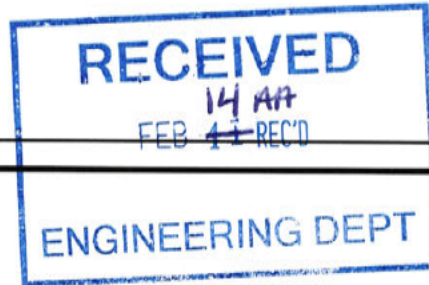

Describe Concerns At This Location:

This street is always busy with parents, kids, and staff. Many cars drive without caution even though they see kids crossing with and without parents. We are requesting this due to safety concerns for our students, parents, staff, and members of the community especially those who live near this area that speed bumps be placed down this road, especially near the end (corner) where the Preschool is located since there is no crosswalk for parents and students to use. There have been many incidents and complaints from staff and parents where cars are driving so fast without regard for people crossing or just walking down the sidewalk, that they have been close to getting hit. We are asking that this be taken as a high priority as we are reaching out for assistance regarding this safety concern, please place speed bumps down this street as this can prevent an accident from happening.

Thank you for your time

Best regards,

Nayeli M.
