The initial boundaries of the proposed District are depicted on the map attached hereto and incorporated herein as Exhibit "A"; and,

WHEREAS, Developer has an approved Tentative Subdivision Map covering approximately 23.2 acres (the "Property"), as shown on the map attached hereto and incorporated herein by this reference as Exhibit "B"; and,

WHEREAS, A condition of approval of Developer's map requires Developer's Property to annex to one or more of the Districts for at least the services component; and,

WHEREAS, Developer's Property is proposed to be developed as two large lot parcels ("Project"); and,

WHEREAS, In accordance with the City's policy regarding use of the Act, the Developer is required to compensate the City for all costs incurred in connection with the formation of or annexation to the District, including the establishment of the rate and method of apportionment of the special tax (the "RMA"); and,

WHEREAS, Section 53314.9 of the Act provides that, at any time either before or after the formation of a community facilities district, the legislative body may accept advances of funds from any source, including, but not limited to, private persons or private entities and may provide, by resolution, for the use of those funds for any authorized purpose, including, but not limited to, paying any cost incurred by the local agency in the formation of or annexation to a community facilities district; and,

WHEREAS, Section 53314.9 of the Act further provides that the legislative body may enter into an agreement, by resolution, with the person or entity

advancing the funds, to repay all or a portion of the funds advanced, as determined by the legislative body, under all of the following conditions:

- (a) The proposal to repay the advances is included in both the resolution of intention to establish a community facilities district adopted pursuant to Section 53321 of the Act and in the resolution of formation to establish a community facilities district pursuant to Section 53325.1 of the Act,
- (b) Any proposed special tax is approved by the qualified electors of the community facilities district pursuant to the Act, and,
- (c) Any agreement shall specify that if the qualified electors of the community facilities district do not approve the proposed special tax, the local agency shall return any funds which have not been committed for any authorized purpose by the time of the election, to the person or entity advancing the funds; and,

WHEREAS, The District is to be formed for the purpose of funding services such as police and fire services in addition to parkway maintenance, landscaping, storm drainage, and other ongoing services attendant to the Project (the “Services”); and,

WHEREAS, The intent of utilizing a Community Facilities District for the Services is to replace traditional maintenance districts such as landscaping and lighting and other maintenance districts which the City would otherwise have required of Developer; and,

WHEREAS, Developer and City desire to enter into this Agreement in accordance with Section 53314.9 and Section 53332(b) of the Act in order to provide for the advancement of funds by the Developer to be used to pay costs incurred in connection with the formation of or annexation to the District; and,

WHEREAS, Developer and City wish to provide for the payment of expenses in connection with the formation of or annexation to the District; and,

WHEREAS, There is a substantial lag time between the creation of the CFD and the collection of sufficient special tax revenue to off-set the costs of providing certain maintenance activities associated with landscape and storm drain facilities installed by Developer to be dedicated to the City; and,

WHEREAS, Developer's landscaping and storm drain facilities may be eligible for acceptance prior to the collection and receipt by the City of sufficient special tax revenue to offset the costs of maintenance.

NOW THEREFORE, for and in consideration of the mutual promises and covenants herein contained in the Recitals, and for other good and valuable

consideration the receipt and sufficiency of which is hereby acknowledged and agreed, the parties hereto agree as follows:

SECTION 1. INITIAL DEPOSIT AND DEVELOPER
CONTRIBUTION.

(a) Prior to the commencement of any legal proceeding to establish or annex to the District, the Developer shall deposit with the City for the benefit of the District the amount of Twenty-Five Thousand Dollars (\$25,000.00) (the "Initial Deposit"). The City, by its execution hereof, acknowledges receipt of and accepts the Initial Deposit.

(b) The Initial Deposit, together with any subsequent deposit required to be made by the Developer pursuant to the terms hereof (collectively, the "Deposits"), are to be used to pay for any costs incurred for any authorized purpose in connection with the formation of or annexation to the District, including, without limitation, the following:

- (i) The reasonable fees and expenses of any consultants to the City employed in connection with the formation of or annexation to the District, including an engineer, special tax consultant, financial advisor, special counsel, and any other consultant deemed necessary or advisable by the City; and,

- (ii) The reasonable costs of rate and method analysis, and feasibility studies and other reports deemed necessary or advisable by the City in connection with the formation of or annexation to the District; and,
- (iii) The reasonable costs of publication of notices, preparation and mailing of ballots and other costs related to any hearing, election or other actions or proceedings undertaken in connection with the formation of or annexation to the District; and,
- (iv) Reasonable charges for City staff time incurred in connection with the formation of or annexation to the District, including a reasonable allocation of City overhead expense related thereto; and,
- (v) Any and all other actual costs and expenses incurred by the City in connection with the formation of or annexation to the District, including establishment of the RMA, (collectively, the “Initial Costs”). The City may draw upon the Deposits from time to time to pay the Initial Costs.

(c) If, at any time, the unexpended and unencumbered balance of the Deposits is less than Five Thousand Dollars (\$5,000.00), the City may request, in

writing, that the Developer make an additional deposit in an amount estimated to be sufficient, together with any such unexpended and unencumbered balance, to pay for all Initial Costs. The Developer shall make such additional deposit with the City within two weeks of the receipt by the Developer of the City's written request therefor. If the Developer fails to make any such additional deposit within such two-week period, the City may cease all work related to the formation of or annexation to the District and withhold further permits or approvals for the Project.

(d) The Deposits may be commingled with other funds of the City for purposes of investment and safekeeping, but the City shall at all times maintain records as to the expenditure of the Deposits.

(e) The City shall provide the Developer with a written monthly summary of expenditures made from the Deposits, and the unexpended balance thereof, within ten (10) business days of receipt by the City of a written request therefor submitted by the Developer, provided that the City shall not be required to provide a summary of expenditures more frequently than one time during each calendar month. The cost of providing any such summary shall be charged to the Deposits.

SECTION 2. REIMBURSEMENT. As provided in Section 53314.9 of the Act, if the qualified electors of the District do not approve the proposed levy of special tax, the City shall have no obligation to repay the Developer any portion of the Deposits expended or encumbered to pay Initial Costs. In accordance with

Section 53314.9 of the Act, if the qualified electors of the District do not approve the proposed levy of special tax, the City shall return without interest to the Developer any portion of the Deposits which have not been expended or encumbered to pay Initial Costs by the time of the election on said proposed levy of special tax and Developer shall not be entitled to develop or proceed with the Project until such time as the Property is included within a District and a special tax levied.

SECTION 3. AGREEMENT NOT DEBT OR LIABILITY OF CITY. As provided in Section 53314.9(b) of the Act, this Agreement does not constitute a debt or liability of the City. The City shall not be obligated to advance any of its own funds to pay Initial Costs or any other costs incurred in connection with the formation of or annexation to the District, including the establishment of the RMA. No Member of the City Council of the City and no officer, employee, or agent of the City shall to any extent be personally liable hereunder.

SECTION 4. ASSIGNMENT. This Agreement or any right or duty hereunder may not be assigned by either the City or the Developer; provided, however, that Developer shall be entitled to assign its rights, duties, and obligations under this Agreement in connection with any sale, conveyance, or transfer of its interest in the Project.

SECTION 5. DISCLOSURE. Developer covenants to the City that

Developer shall provide, and shall by contract require developers or merchant builders who purchase all or portions of the Property from Developer to provide, (a) the “Notice of Special Tax” as required by Section 53341.5 of the Act or any similar successor statute and (b) a notice approved by the City to be distributed and signed by prospective purchasers in a form similar to the Notice of Special Tax (the “Information Notice”). Developer agrees to include a statement in the Notice of Special Tax and/or the Information Notice that prospective purchasers acknowledge that due to the RMA and timing of the close of escrow, the special tax levy may not be levied in time to appear on the initial property tax bill for such purchaser. Developer further covenants to send copies to the City of such executed Notices within thirty (30) days after execution by a prospective purchaser. Developer expressly acknowledges that City and the District shall have no duty or obligation and shall incur no liability, jointly or severally, with respect to the foregoing covenant of Developer.

SECTION 6. MUTUAL ASSISTANCE AND COOPERATION.

The City and Developer will assist one another mutually in the formation of or annexation to the District, the formulation of special taxes to be levied within the District, and both parties will mutually assist one another in otherwise undertaking and furthering the goals and objectives set forth in this Agreement.

Once the 50% threshold for occupancy and payment of District taxes has been met, the City shall notice Developer of the date that the City will accept the landscaped areas and storm drain facilities. On and after the date that the City actually accepts such landscaped areas and storm drain facilities, the District shall be responsible for the maintenance thereafter, except for any remaining warranty or maintenance work to be performed by the Developer, the Developer's surety or their respective agents.

SECTION 7. DELAYED ACCEPTANCE OF LANDSCAPED AREAS AND STORM DRAIN FACILITIES. City and Developer agree that it is in the best interests of the parties hereto that landscape and storm drain facilities installed by Developer to be dedicated to the City shall be maintained by Developer until such time as sufficient special tax revenue is collected by the County Tax Collector and distributed to the City to allow the City to provide for the proper maintenance and care thereof.

SECTION 8. CITY TO PROVIDE ESTIMATED COSTS OF MAINTENANCE. Developer shall provide City at the time that Developer believes the landscape and storm drain facilities meet City standards for acceptance an estimate of the cost of on-going maintenance and care. Developer shall provide City with the number of building permits already pulled and estimated to be pulled for the next six months. City shall take these numbers and estimates and make an

estimate of when there may be sufficient revenues to support acceptance of the landscape areas and storm drain facilities.

SECTION 9. CITY ACCEPTANCE OF LANDSCAPED AREAS AND STORM DRAIN FACILITIES. Upon written request from Developer, the City shall review the special tax revenue and determine if sufficient special tax revenues have been received by the City to support the on-going maintenance and care of the landscaped areas and storm drain facilities, City shall notify Developer of the date City will accept the landscaped areas and storm drain facilities and thereafter be responsible for the maintenance thereof, excepting any remaining warranty or guaranty work.
