## HEY MERCED, SAY GOODBYE LAX & HELLO ***JET CENTER LOS ANGELES***

We're thrilled to announce that our Merced to Los Angeles flights are moving from LAX to Jet Center LA on April 1st.

Jet Center LA (HHR) is our very own private aviation terminal located in Hawthorne, CA - a mere 12-minute drive from LAX.

Our primary goal is to provide our passengers with a hassle-free travel experience. This will ease the chaos and congestion of crowds or long queues - plus access to our airport lounge.

**BOOK A FLIGHT**

If you have a flight booked from April 1st & beyond - our team will be reaching out shortly with updated flight information. Thank you for your patience!

**PLUS**, we've setup a private shuttle from our airport to LAX for flight connections!

We understand that many of our Merced guests fly to Los Angeles to connect to other flights at LAX.

Don't worry, we haven't forgotten about you! We've got you covered with our new shuttle service that will take you directly from our private airport to LAX for your connecting flight.

You can book your spot on the shuttle when you purchase your flight OR reach out to our team if you've already booked.
