---

Planning Commission

---

## Communication

The City of Merced uses email as a preferred method of communication regarding your application. Is this acceptable to you?

---

☒ Yes ☐ No

---

If you selected no, please identify how you would like to be contacted:

---

## Interests & Experiences

Tell us about yourself, and why you are applying for this particular Board or Commission:

---

I was born and raised in Merced and have a love for my community. Merced has a great amount of potential. Through the planning of future infrastructure, our city has great potential and a bright future. I represent the millennial generation and I want to be a part of helping plan Merced future for all generations in our community.

What is your understanding of the roles and responsibilities of this Board or Commission?

---

The Planning Commission holds meeting twice per month and reviews/approves/disapproves plans related to potential developments with the city. In some cases, projects may be forwarded to the City Council for further review and action. The commission views plans/reports for all types of development, such as: land use, zoning, housing developments, business infrastructure and planning. Merced has some historical sites around the city, those are also referred to by the commission.

Do you have experience or special knowledge pertaining to the areas of interest?

---

I have a Master's degree in Public Policy. A portion of my studies were on urban planning, project management and public administration. All of these components are important when approving or discussing future growth and development in a community.

**Any other comments you would like to add that may assist the City Council in their decision?**

I am familiar with how Merced City boards/commissions work, I am a former member of the Merced City Personnel Board (2002). I am definitely interested in being involved in my community and contributing my experiences as I've lived in other major cities across the country, prior to moving back to Merced,
