- WHEREAS,** our confidence is achieved through the devotion of vigilant guardians—building safety and fire prevention officials, architects, engineers, builders, tradespeople, laborers and others in the construction industry—who work year-round to ensure the safe construction of buildings, and;
- WHEREAS,** these guardians—dedicated members of the International Code Council—use a governmental consensus process that brings together local, state and federal officials with expertise in the built environment to create and implement the highest-quality codes to protect Americans in the buildings where we live, learn, work, worship, play, and;
- WHEREAS,** the International Codes, the most widely adopted building safety, energy and fire prevention codes in the nation, are used by most U.S. cities, counties and states; these modern building codes also include safeguards to protect the public from natural disasters such as hurricanes, snowstorms, tornadoes, wildland fires, floods and earthquakes, and;
- WHEREAS,** Building Safety Month is sponsored by the International Code Council, to remind the public about the critical role of our communities’ largely unknown guardians of public safety—our local code officials—who assure us of safe, efficient and livable buildings, and;
- WHEREAS,** “Code Officials—Partners in Community Safety and Economic Growth” the theme for Building Safety Month 2017, encourages all Americans to raise awareness of the importance of building safe and resilient construction; fire prevention; disaster mitigation, and new technologies in the construction industry.

NOW, THEREFORE, I, MIKE MURPHY, Mayor of the City of Merced, do hereby proclaim the month of May 2017 as Building Safety Month. Accordingly, I encourage our citizens to join with their communities in participation in Building Safety Month activities.
