ALLIANT PROPERTY INSURANCE PROGRAM (APIP)

EXECUTIVE SUMMARY

July 1, 2017 – July 1, 2018

Attached please find materials associated with the renewal of the Alliant Property Insurance Program for the 2017-2018 period. An overview of the most significant issues concerning this year's renewal are discussed here.

As has been the case for the past few years, the property insurance market continues to be soft with record amounts of financial capacity coming to the market in search of financial return. As such, underwriters are willing to price coverage competitively in spite of deteriorating loss ratios overall. This past year has seen an increase in the number of catastrophe losses throughout the world, and while none of these have been "signature" events such as 9/11, Hurricane Katrina, or Superstorm Sandy, 2016 has been dubbed "the year of the attritional catastrophe" which identifies a higher frequency of smaller events that lead to a higher than average catastrophe loss amount to the market. Consequently, for the 2017-2018 renewal, most insureds will see relatively flat to minor rate decreases over expiring. However, for those insureds that have either experienced significant shock losses, or persistent attritional loss activity, rates may increase to "right size" their rates relative to the risk they present. In keeping with the programs' general history however, we expect rates to remain below that which can be achieved in the market for similar coverage.

The primary \$2,500,000 layer will be renewed with the program's long-term partner, Lexington Insurance Company, A.M. Best Rated Au XV. Lexington will also continue to provide significant capacity in the \$22,500,000 x/s \$2,500,000 layer, sharing that layer with Lloyd's of London, A.M. Best Rated A XV. Excess limits up to \$1,000,000,000 will be placed with London, Bermudian, European, and U.S domestic markets, all A.M. Best Rated of at least A- VII. Members should note several key highlights for this year's renewal:

- Boiler & Machinery cover for participating members of the APIP Boiler Program will be maintained with Hartford Steam Boiler (HSB), who will also continue to perform required jurisdictional inspections.
- Cyber (Privacy Liability) Coverage for both 1st and 3rd parties from the Beazley Syndicate at Lloyd's, A.M. Best Rated A XV, (for those eligible insureds) with coverage as outlined on the following proposal will be maintained. **Please note claims reporting timeframe limitations for this coverage**
- Pollution Coverage for both 1st and 3rd parties from Illinois Union Insurance Company, A.M. Best Rated A++ XV, (for those eligible insureds) with coverage as outlined on the following proposal will be maintained. **Please note claims reporting timeframe limitations for this coverage**

Alliant Business Services (ABS) will continue to play a significant role not only in providing various types of loss control services, but also in providing appraisal services. For the 2017-2018 policy year, property valuations will continue to be a key focus. As a reminder, it is underwriters' intent to have all buildings with a scheduled value of \$5,000,000 or more appraised once every five to seven years. This service is included in the total program cost. Insureds may also choose to have lower valued buildings appraised. The cost to have all, or specific buildings appraised that are valued on a members schedule between \$25,000 and \$5,000,000 will be quoted at the time the request is made.

Please review important Disclosure and Loss Notification information included in your renewal materials. Your review and acknowledgement of these documents are required via your signature once you authorize a request to bind coverage with your Alliant representative.
