☒ Yes ☐ No

If you selected no, please identify how you would like to be contacted:

Interests & Experiences

Tell us about yourself, and why you are applying for this particular Board or Commission:

I am very strong and passionate individual for youth development. My entire life I have participated in recreation and athletics and continued all the way through college where I played for the Men's Basketball team at UC Merced. In addition to be a student-athlete, I was also an employee of Recreation and Athletics Department for all 4 years starting as an official and working my way up to one of the lead supervisors in training and hiring new employees as well as developing recreation website content.

Please list your current employer and relevant volunteer experience.

I currently work for the Office of Admissions for UC Merced. My duty is to cover all high schools in Merced, Madera, and parts of Fresno and Stanislaus counties. I visit high schools to work with high school students in exploring and pursuing post-secondary education opportunities. My passion has led to the development of a community-based organization in which leverages UC Merced students towards empowering the recreation programs and other organizations and activities within the community. This is a volunteer organization that I currently manage and run.

What is your understanding of the roles and responsibilities of this Board or Commission?

My understanding of the roles and responsibilities of the Recreation and Parks Commission is to oversee the development and progress of the Parks and Recreation Department including the annual budget, development of recreation programs, and assisting the City Manager and City Council.

Do you have experience or special knowledge pertaining to this Board or Commission?

I have assisted and continue to assist the City of Merced Parks and Recreation Department with the development of programs and ideas towards creating a sustainable community environment. Assisted in the development of the City Summer Playground Camp at Rahilly Park, and the current development of Before Reality Hits Conference (College 101) and Hoopin' For Our Parks.

Any other comments you would like to add that may assist the City Council in their decision?

I strongly believe that youth success has a vital role in community development. Youth success is directly related to extra-curricular activities involvement and providing opportunities for youth engagement in extra-curricular activities will provide a greater opportunity for economical sustainability.
