The City of Merced Fire Department is requesting permission to dispose of or sell off the awarded equipment. The awarded equipment is a robotic fire hydrant and a manufactured enclosed trailer, utilized as a public education trailer. Over the years the City of Merced Fire Department has changed its fire safety and education program. This change has resulted in an unnecessary need for the awarded trailer. The estimated value of the trailer is approximately \$3,000 and the robot is estimated at \$2,800.

Good Afternoon,

For a Pluggie robot that is 2013, its value would be about \$5,000.00. The serial number would start with 2013.

Best Regards,

Paul

Dear Janet,

Without a formal inspection of the unit we can not give an appropriate estimate but we can assume that it is worth less than \$3,000 for a 13 year old unit.

Let me know if you need anything else.

Thank you,
Melissa Marks
