The City of Merced uses email as a preferred method of communication regarding your application. Is this acceptable to you?

☒ Yes ☐ No

If you selected no, please identify how you would like to be contacted:

Interests & Experiences

Tell us about yourself, and why you are applying for this particular Board or Commission:

As my second term with the planning commission concludes in June of this year, I am looking forward to continue service to the city through another commission. As a certificated pilot I am well versed with the FAA statutes and regulations, airspace and associated air traffic issues, airport operations, and regularly follow public issues concerning aviation including the Essential Air Services program. In addition, in my eight years as a planning commissioner for the City of Merced I have become intimately familiar with land use regulations and issues surrounding the city and airport. Also, I grew up around aviation as my father is a licensed pilot and A&P mechanic. I am currently building a replica 1915 Sopwith biplane and aviation is my passion.

Please list your current employer and relevant volunteer experience.

I am currently employed by the Merced County District Attorney as a Deputy District Attorney, and have been so for the past ten years.

What is your understanding of the roles and responsibilities of this Board or Commission?

This commission oversees land use issues surrounding the Merced Regional Airport (KMCE) and maintains the airport for public aviation use.

Do you have experience or special knowledge pertaining to this Board or Commission?

I am familiar with FAA regulations and statutes, airspace rules, and airport operations as a private pilot. I have conducted several flights as pilot in command that have utilized the Merced Regional Airport as well as twenty-six other central valley airports. Also, as a planning commission for eight years I am familiar with the City's General Plan, zoning regulations, and land use regulations.

Any other comments you would like to add that may assist the City Council in their decision?

I would greatly appreciate the opportunity to continue my service to the City upon the conclusion of my final term as a planning commissioner the June. The experience there has been wonderful and the connection to this community through that commission has been something I wish to continue. Thank you for taking the time to consider my application.
