20.10.030 Development Standards and Guidelines for Commercial Zoning Districts

## 20.10.010 Purpose of the Commercial Zoning Districts

- **A. Neighborhood Commercial (C-N).** The C-N zoning district provides areas for shopping centers and other commercial uses that serve the day-to-day needs of residential neighborhoods. The C-N districts shall have a minimum area of three acres and shall be located only where analysis of the residential population demonstrates that the facilities are justified.
- **B.** Shopping Center Commercial (C-SC). The C-SC zoning district provides areas for grocery stores, supermarkets, and other retail establishments selling groceries to serve local residents as well as the larger regional market. The C-SC districts shall have a minimum area of five acres.
- C. Regional/Central Commercial (C-C). The C-C zoning district provides areas for a diversity of commercial and residential land uses in the central business district and regional centers. These uses help to support a vibrant retail destination, provide jobs for residents, and accommodate commercial and service uses to meet the needs of community and regional businesses and residents.
- D. Office Commercial (C-O). The C-O zoning district provides a location for a broad range of office uses including professional offices, business offices, medical offices, and regional or "back" offices. The C-O zoning district can also accommodate limited "accessory" restaurant, retail, and service uses that cater to the needs of on-site employees and visitors.
- **E.** Thoroughfare Commercial (C-T). The C-T zoning district provides areas for auto-oriented commercial uses that accommodate the needs of people traveling on highways and local motorists. The C-T zoning district also accommodates large recreational facilities and heavy commercial uses that benefit from proximity to the highway.
- **F. General Commercial (C-G).** The C-G zoning district provides areas for heavy commercial and light industrial uses that may impact neighboring uses and often require large parcels and benefit from separation from retail uses. The C-G districts are to be established in areas of four acres or larger.
- **G. Business Park (B-P).** The B-P zoning district provides a location for employment-intensive uses within an attractive campus-like setting. The B-P zoning district shall primarily allow "back" offices, research and development businesses but also limited commercial retail uses to serve employees in the area. The B-P zoning district shall have a minimum area of five acres.
