AS FOLLOWS:**

SECTION 1. AMENDMENT TO CODE. Section 15.42.050, "Water Conservation Levels and Prohibitions," of the Merced Municipal Code is hereby amended to read as follows:

**"15.42.050 Water Conservation Levels and
Prohibitions.**

Notwithstanding any other provision of this Chapter, at least one (1) of the following four (4) levels of water conservation restrictions shall apply at all times. The applicable level(s) of water conservation restrictions shall be based upon the Condition of Groundwater Basin determination of the California State Department of Water Resources then in effect, or by resolution of the City Council based upon a recommendation by the Director.

The current level of water conservation restrictions, and any change in said level of water conservation restrictions, shall be communicated to the public by reasonable means to ensure compliance, including but not limited to, posting on the City's website, publishing in the local newspaper, and written notice to be included with the City's water bills.

All persons using water supplied by the City shall comply with the following mandatory water conservation restrictions:

A. Level 1: This level is in effect at all times and establishes the baseline conservation measures for the City.

1. Water Waste Prohibition: The following uses of water are defined as 'water waste' and are hereby prohibited except as otherwise authorized:

(i) All car wash fundraisers must be held at an established car washing facility that collects and recycles the run-off water before it enters the City's sewer system. (j) The serving of drinking water other than upon request in eating or drinking establishments, including but not limited to

restaurants, hotels, cafes, cafeterias, bars, or other public places where food or drink are served and/or purchased.
