

# Statewide Community Infrastructure Program

A Program of the California Statewide Communities Development Authority

# What is the Statewide Community Infrastructure Program?

- SCIP is a pooled tax exempt financing program which can finance impact fees and public improvements for private developments
- Any City / County / Special District can participate in SCIP to provide the local agency the means of offering competitive financing to all developers as a turn key solution, minimizing local agency staff time
- The bonds are issued by the California Statewide Communities Development Authority (CSCDA) which is a Joint Powers Authority sponsored by the League of California Cities and the California State Association of Counties to promote bond programs of public benefit to its members
- These are 30 year fixed-rate tax-exempt bonds secured by property owner assessments
- There are typically two issues a year (in the Spring and Fall). SCIP has issued nearly \$450 MM in bonds since its inception in 2003
- The Program also allows CSCDA to establish stand-alone Mello-Roos Community Facilities Districts which allow for financing of public improvements and services

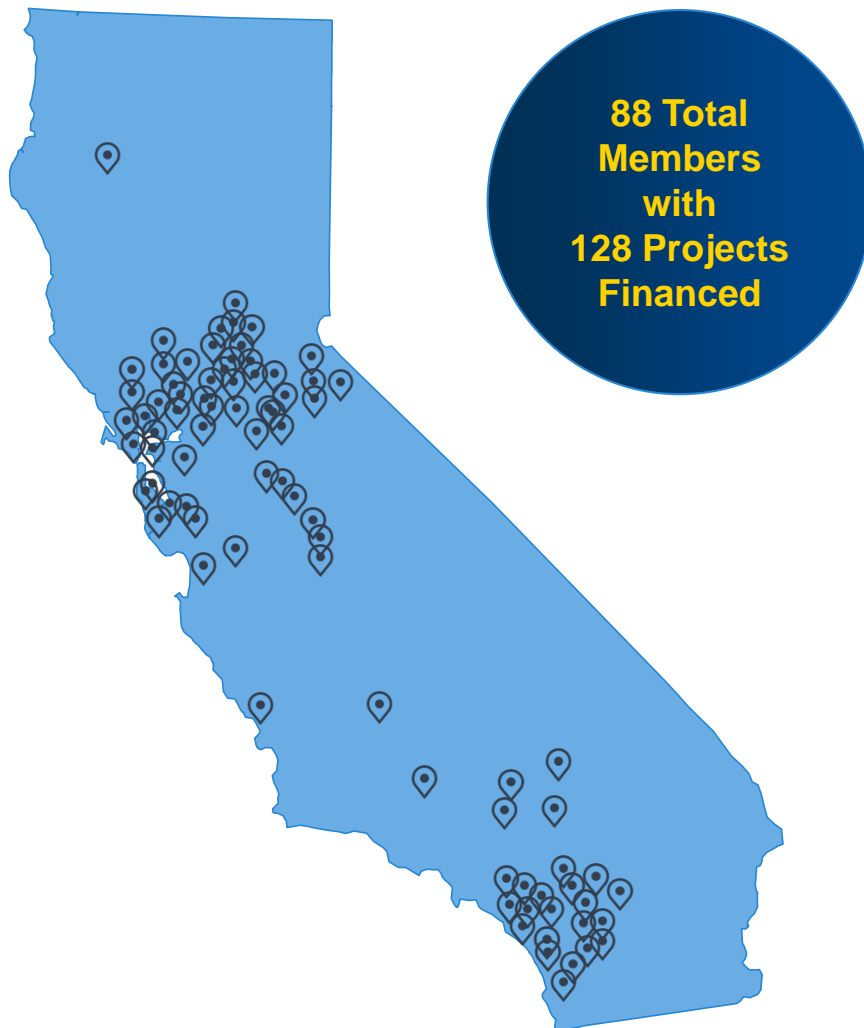

# Who Uses SCIP?

- **84** residential projects
- **110** commercial / industrial projects

**8** CFDs established

- **\$154.5 million** in CFD bonds issued to date
- **\$108.3 million** in additional CFD bonds authorized

## Project Land Use (by Bonded Debt)

# Program Benefits

- SCIP provides **local agencies** a means of offering competitive financing to all developers as a turnkey solution which minimizes local agency staff time
- The Program can finance projects which range in size from \$500,000 up to \$5,000,000 or higher
- **Developers** use SCIP for a variety of reasons:
  - ① Can be part of the capital mix of debt, equity, public financing
  - ② Provides off balance sheet/land secured non recourse debt
  - ③ Can provide competitive advantages with respect to residential marketing
  - ④ Minimizes carrying cost by enabling developers to more efficiently subdivide and issue debt only for lots they are prepared to pull permits for
- SCIP provides diversity to investors and economies of scale to its participants which ultimately translates to competitive interest rates and lower costs

## Local Agencies Save Time & Effort

## Resources Can be Used Elsewhere

## Developers Gain Access to Capital

## Project Economics are Improved

## Program Type

## Description

Pooled Assessment District Issuance	 <b>Impact Fee Reimbursement Program</b>	Reimburses property owners for Impact Fees paid at Building Permit but prior to the Issuance of the SCIP bonds. (Note: Application must be submitted no more than 60 days before the fees are paid)
	 <b>Impact Fee Pre-Funding Program</b>	Pre-pays impact fees which would normally be due at building permit and for which the developer will receive a fee credit when otherwise due
	 <b>Funding of Public Improvements</b>	Public improvements can be finance on an acquisition basis when complete pursuant to an acquisition agreement between the developer and the local agency. Prevailing wage applies to the improvements being funded
	 <b>Combined Funding Program</b>	<b>Reimbursement, Pre-Funding Programs and Acquisition Funding <u>can be combined</u></b>
Stand-Alone CFD Issuance	 <b>Community Facilities Districts (CFDs)</b>	CFDs can be created and funded through SCIP and CSCDA on a stand alone basis. The Local Agency will request formation of the CFD and adopt a joint facilities agreement (JCFA) specifying which facilities are eligible. (Note: May include Operations and Maintenance Fees)

# What Can be Financed through the Program?

## Eligible Fees

# SCIP Tasks and Responsibility Schedule

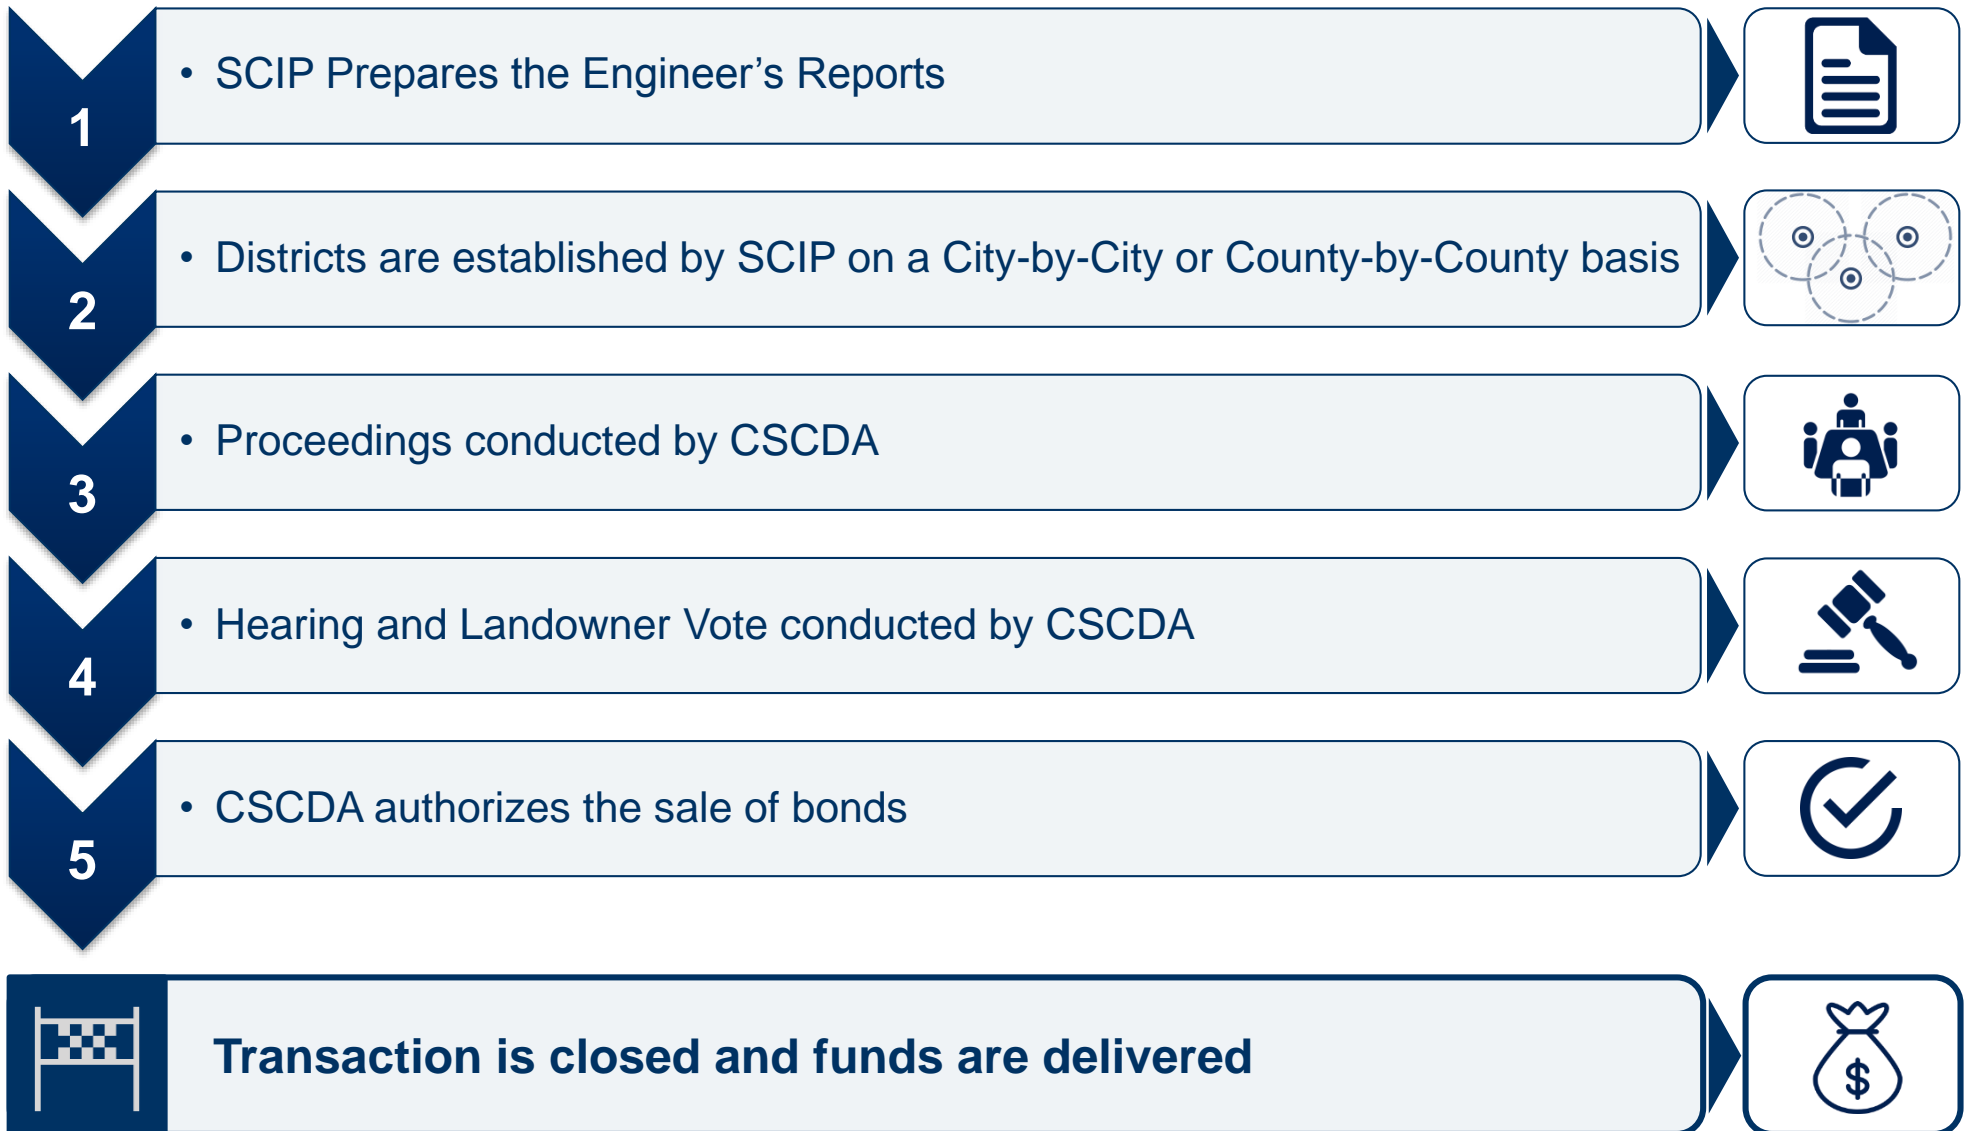

# Key Events

The City or County **does not** issue bonds or levy assessments

The schedule of proceedings is described below:

## SCIP is available to form CFDs and Issue bonds for Stand Alone Projects

### Local Agency will adopt a Resolution requesting CSCDA form a CFD including a Joint Community Facilities Agreement (JCFA)

- Will attach a boundary map of the project
- A list of facilities and fees to be financed
- May include and O&M component in addition to facilities
- Can include more than one Local Agency in the CFD (with approval)

### CSCDA credit requirements<sup>(1)</sup>:

- 1 At Least a 4x value to lien ratio (including overlapping debt)
- 2 Combined tax burden cannot exceed 2% of the estimated home value
- 3 Debt service may escalate at up to 2% per year
- 4 Project must have received its discretionary entitlements

The minimum size for a stand alone CFD is \$5 million

*(1) If a Local Agency has more stringent requirements those will apply*
