

City of Merced

2018-19 Regional, State and Federal Legislative Platform

Platform Overview

The purpose of the Legislative Platform is to provide a means for summarizing the City of Merced's core legislative principles for the purpose of advocacy efforts at the regional, state and federal level. The Legislative Platform contains broad policy statements pertaining to a variety of issues that impact the City of Merced.

The Legislative Platform sets forth the City of Merced's legislative objectives for the 2018-19 Congressional and State Legislative Sessions and provides direction for our legislative advocates as they work to secure clear and strategic initiatives in Sacramento and Washington, D.C. Approval of the Legislative Platform also streamlines the City of Merced's process and allows the Executive team, Mayor and Mayor Pro Tem to effectively respond and take immediate action on pressing legislation under City Council direction.

The City Manager's Office will annually update the Legislative Platform taking into account new issues or priorities and State and federal budget as they relate to Merced or other regional partners. Additionally, the policies established within the platform do not preclude City Council consideration of additional legislative matters arising throughout the year that may be brought forward for City Council action.

The City of Merced's primary legislative focus includes protecting local government control, maintaining local government revenue, and obtaining funding for environmental sustainability, public safety, transportation, recreational, technology and infrastructure improvements.

Council will receive copies of correspondence to representatives and regulators regarding pending legislation, policies and rules, along with updates on any substantial meetings that take place.

- The City favors legislation that enhances our ability to provide services to our residents;
- The City favors legislation that relieves the local government from rules and regulations with advantages and benefits that exceed the disadvantages to City residents;
