3650 Schriever Avenue
Mather, CA 95655

Re: OES Type 6 Engine

Dear Chief Marshall,

The City of Merced Fire Department has great interest in obtaining an OES Type 6 engine from Cal OES. As the City of Merced continues to grow and annex undeveloped surrounding areas, the fire and access problem increases for the Merced Fire Department. Obtaining an OES Type 6 engine would increase our capabilities in responding as part of the master mutual aid system and it will also address a local challenge in our community.

Should you have any questions regarding this matter, please contact me at (209) 388-8541.

Thank you for your consideration.

Sincerely,

Billy Alcorn
Fire Chief
