Project Name

Team Pump

[Team Pump on Facebook link here](#)

[Meet Coach Zilla video link here](#)

OVERVIEW

Team Pump is a wellness program that encourages the community that fitness includes mind and body. It was created by owner Robert Freedom Garcia aka Coach Zilla. Coach Zilla has helped countless success stories in Merced since 2012 when he opened up a hybrid business focusing on growth mindset. He currently works as a cross country coach with OLM School with children k-5th grades. Team Pump is unique and provides a variety of classes focused around physical fitness and growth mindset.

[See how Coach Zilla created Team Pump - Video link](#)

GOALS

1. Provide free weekly fitness classes.
2. To educate the community on healthy lifestyles.
3. Organizing active volunteers that can be prepared for disaster relief or community outreach.
4. Provide a network for volunteers to have a fun way to connect.

SPECIFICATIONS

Coach Zilla from Team Pump will provide an energetic mix of music along with guest DJ performances while running fitness classes in Merced location with the possibility of running Pop Ups at different locations in Merced County.

Classes are FREE for RCC members

9 AM Tues & Thursday - Stroller PUMP

(Parents with children under 5. Friends can also join.)

Join us and bring your strollers as we meet 2 days a week to walk Bear Creek with a safe group of friends. As we walk, we talk about different ways to help the community through service projects and volunteering. Sometimes having someone to count on makes the difference in your success. Please join us for this light paced walking group. (Workout can be modified for harder conditioning while you join us at our pace.)

3 PM - 5 PM Tues & Thursday - Teen after school after party

(ages 13 and up)

Hang out , work out or learn to DJ for an after school party focusing on having fun and helping others along the way.

6 PM Tues & Thursday - Team PUMP - Endurance

(ages 18 and up)

Endurance is the power to withstand something challenging and Coach Zilla knows all about that. Starting his weightloss journey at 446lb Coach Z knows how to get you motivated to find your own strength. This is a bootcamp style of conditioning workout program focused around a full body workout. It's like no other party with guest DJ performances from Teens from our after school program. (battle ropes, kettlebells and abs oh boy)

Weight Loss is a side effect to my training. My goal is to make you the best you.- Coach Z

Project Name

Krav Self Protection (KSP)

Meet Coach Maria

OVERVIEW

Krav Maga Self Protection is a valuable program that goes beyond your traditional martial art programs. It teaches participants how they can protect themselves and their family with techniques designed for situations they're likely to encounter in real life, not just forms and drills found in traditional martial arts programs. Maria has trained for over 10 years, and travelled around the country for training events. Along with teaching self-protection skills to people of all ages, a specialty is providing women's programs, taught by women instructors. Programs include fitness through Krav Maga and programs to counter domestic violence.

Goals

1. Provide weekly self-protection classes.
2. Increase confidence, physical fitness, and self-esteem.
3. Create a fun and social atmosphere for people of all ages

SPECIFICATIONS

Krav Self Protection will provide programs that will include training for situational awareness, fitness development, and most importantly lifelong skills to protect oneself. Programs can be run throughout Merced as well as special events.

Classes

Wednesdays / Fridays

5pm-6pm Krav Maga for teens

6pm-7pm Krav Maga for adults (women class)

Project Name

Soccer in Slow Motion (SISM)

[SISM on Facebook click here](#)

[Meet Coach Louie and team SISM](#)

OVERVIEW

Soccer in Slow Motion (SISM) is an advanced skill program for participants of all skill levels from beginners to professional soccer players. In our program we cover a variety of key soccer programs such as futsal, street soccer, and freestyle juggling. We add music and enjoy the fun! Together, these styles of play improve a player's touch and ball control for the outdoor game. Coach Louie has played around the world and coached several college men's and women's programs and even with our N. CA Olympic Development Program. SISM breaks down technical skills into separate components to teach players slowly, but more efficiently (there you go, "soccer in slow motion"). We show players how to learn what at first looked impossible, and how they can apply these learning skills to all areas of life.

Goals

1. Provide weekly skill development classes.
2. Teach players new skills to enjoy the sport and improve their fitness.
3. Create mentors who can teach other participants and learn valuable coaching skills.

SPECIFICATIONS

Coach Louie from Soccer in Slow Motion will provide a fun playing/learning experience with their special street soccer equipment, fast-paced music, and advanced skills throughout Merced. Players are taught the rules of play which include fair play and respect for one's opponents. Players are also taught how to apply the learning process to other subjects in school and life.

Classes

Athletic conditioning (adult)

Monday

6pm - 7pm

Youth Futsal and Freestyle Soccer

Monday & Wednesday

3pm - 4pm (8-11 ages)

4pm - 6pm (12 + ages)

Street Soccer Competition

Friday

3-7 pm (8 +)

Project Name

S.T.E.M. Zone

OVERVIEW

The S.T.E.M Zone is a program that emphasizes science, technology, engineering, and math through a variety of hands-on projects. Participants can take part in a variety of experiments and projects that promote creative thinking, problem solving, inquiry skills, engineering-design thinking and much more. Louie and the STEM Zone team have been involved in S.T.E.M. projects ranging from drones, robotics, raspberry Pi mini-computers, stop-motion animation, 3D printers and more!

Goals

1. Provide daily S.T.E.M classes and projects.
2. Create a community learning environment.
3. Create a fun and social atmosphere for people of all ages

SPECIFICATIONS

The S.T.E.M Zone will provide programs that cover a range of projects from 3D printing to building drones. Our program will encourage experimentation, teamwork, adaption, and much more. The programs can be taught throughout Merced County and at pop-up locations.

Weekdays Mon-Fri

3pm-7pm S.T.E.M Zone activities and projects
