IMPACT ON CITY RESOURCES

The Bellevue Ranch West area has been annexed into the City's CFD for services. The Bellevue Ranch North area would also be annexed into the CFD. The CFD would help fund the costs for maintenance of public landscape areas, storm drains, and streetlights. The CFD also provides funding for police and fire services. In addition, Public Facilities Financing Plan (PFFP) impact fees are required to be paid with each building permit. These fees help fund the cost of infrastructure and parks as well as facilities for the Police and Fire Departments.
