CITY COUNCIL PRIORITIES

As adopted in the FY 2023-2024 Budget, Chapter 13, Special Districts, Downtown Fund, Objectives, (1.) Continue working towards the formation of a Property Based Improvement Districts and Tourism Business Improvement District.

DISCUSSION

The Downtown Merced Property Based Improvement District (PBID) was approved and adopted by the City Council on August 7, 2023. Subsequent actions following approval of the PBID include appointing PBID directors, modifying the Downtown Maintenance District, and ultimately dissolving the Downtown Business Improvement Area Tax. Staff is requesting the City Council approve the

attached Resolution suspending the Downtown Business Improvement Area Tax as contained in Chapter 3.44 of the Merced Municipal Code (Attachment 1.)

Business Improvement Area History

The Business Improvement Area has been known by different names including the Downtown Business Improvement District and Double License Fee Area. The Area was created on December 15, 1969, and effective January 15, 1970, pursuant to the authority of the Parking and Business Improvement Area Law of 1965. The Downtown Business Improvement Tax is codified in the Merced Municipal Code as Chapter 3.44.

The boundaries of the Area include the centerline of the main track of the Union Pacific Railroad, to the westerly line of G Street, to the center of the alley between W. 19th and W. 20th Streets, and to the easterly line of V Street. With few exceptions, all businesses within the Area are required to pay a business license tax of twice the tax each is paying. In other words, each business pays a “double” business license fee. One fee is kept in the General Fund, and the other fee is deposited into a special dedicated account (Downtown Business Improvement Area).

The uses to which the proceeds from the additional tax revenue, realized from the additional levy of license tax imposed by this chapter, shall be put are capital improvements, administration, promotion, and such other uses as the city council, upon the recommendation of the advisory board, shall approve by ordinance or resolution. Examples of how the Fund has been used include the Christmas Parade, steam cleaning, art mural repair, Wi-Fi monthly charges, advertising, radio spots, staff administration, Cap and Town, sponsorships for the Art Hop and Playhouse Merced, temporary security, banners, Christmas decorations, breakfast business meetings, newsletters, and so on. Currently, the Merced Main Street Association provides the services to the Downtown Merced Business Improvement Area.

PBID Adoption

As part of formation the Downtown Merced PBID, the Management District Plan calls for the elimination of the Downtown Business Improvement Area Tax (Double Business License Fee.) Rather than eliminate the Business Improvement Area Tax, staff proposes that the Tax be suspended for 5-years. When the PBID is up for renewal which is 5-years after it commences (January 1, 2024, to December 31, 2028), if the renewal is successful, the Downtown Business Improvement Area Tax will be permanently dissolved by an Ordinance Amendment. However, if the PBID renewal fails, the City Council will have the option to reinstate the Business Improvement Area Tax.

The action proposed by the staff is an effort to assure a funding stream is available to support Downtown Merced.

IMPACT ON CITY RESOURCES

A part of an Economic Development Associates direct service charge is derived from the Business Improvement Tax. When suspended, the position will have to be funded by the General Fund or through another direct service charge source. The adjustments would be made either at the mid-year budget review or at the adoption of the FY 2024-2025 budget.
